**Dimensions, Weights and Properties of Special and Standard Structural Steel Shapes Manufactured by Bethlehem Steel Company, South Bethlehem, Pa** George Henry Blakeley, 2016-09-09 Excerpt from Dimensions, Weights and Properties of Special and Standard Structural Steel Shapes Manufactured by Bethlehem Steel Company, South Bethlehem, Pa: Including Tables of Strengths and Other Data Relating to Bethlehem Special Structural Shapes, or Wide Flange Beams, and Their Use as Beams, Girders and Columns Part II gives similar information and data pertaining to the standard structural steel shapes manufactured by Bethlehem Steel Company. Part III gives information and data concerning steel construction in general, together with a collection of useful tables, rules, etc., for the engineer, architect and draftsman engaged in structural work. The essential data relating to all the special and standard structural steel shapes manufactured by Bethlehem Steel Company is given in Parts I and II. General information applying to both special and standard shapes is given in Part III, as well as much other data that pertains to structural materials not manufactured by Bethlehem Steel Company. The latter data has been selected as a collection of matter of the most frequent use and service to those engaged in structural work. **Dimensions, Weights and Properties of Special and Standard Structural Steel Shapes Manufactured by Bethlehem Steel Company** George H. Blakeley,2020-12-01 This early work on steel manufacturing is both expensive and hard to find in its first edition. It contains a comprehensive account of the specifications of products manufactured by the Bethlehem Steel Company. This is a fascinating work and is thoroughly recommended for anyone with an interest in the history of the steel industry. Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.
