Andrew Martin, Ray Funk, Jeannine Remy

Steelpan in Education Andrew Martin, Ray Funk, Jeannine Remy, 2017-11-15 Founded by Al O'Connor in 1973, the steelband program at Northern Illinois University was the first of its kind in the United States. Thanks to the talent and dedication of O'Connor, Cliff Alexis, Liam Teague, Yuko Asada, and a plethora of NIU students and staff members, the program has flourished into one of the most important in the world. Having welcomed a variety of distinguished guest artists and traveled to perform in locales around the US and in Taiwan, Trinidad, and South Korea, the NIU Steelband has achieved international acclaim as a successful and unique university world music program. This fascinating history of the NIU Steelband traces the evolution of the program and engages with broader issues relating to the development of steelband and world music ensembles in the American university system. In addition to investigating its past, *Steelpan in Education* looks to the future of the NIU Steelband, exploring how it attracts and trains new generations of elite musicians who continue to push the boundaries of the steelpan. This study will appeal to musicians, music educators, ethnomusicologists, and fans of the NIU Steelband.

Steelpan Ambassadors Andrew R. Martin, 2017-06-16 Maybe you won't like steel band. It's possible. But it's been said that the Pied Piper had a steel band helping him on his famous visit to Hamelin. When the US Navy distributed this press release, anxieties and tensions of the impending Cold War felt palpable. As President Eisenhower cast his

gaze towards Russia, the American people cast their ears to the Atlantic South, infatuated with the international currents of Caribbean music. Today, steelbands have become a global phenomenon; yet, in 1957 the exotic sound and the unique image of the US Navy Steel Band was one-of-a-kind. Could calypso doom rock n roll? Band founder Admiral Daniel V. Gallery thought so and envisioned his steelband knocking rock n roll and Elvis Presley into the ash can. From 1957 until their disbandment in 1999, the US Navy Steel Band performed over 20,000 concerts worldwide. In 1973, the band officially moved headquarters from Puerto Rico to New Orleans and found the city and annual Mardi Gras tradition an apt musical and cultural fit. The band brought a significant piece of Caribbean artistic capital--calypso and steelband music--to the American mainstream. Its impact on the growth and development of steelpan music in America is enormous. Steelpan Ambassadors uncovers the lost history of the US Navy Steel Band and provides an in-depth study of its role in the development of the US military's public relations, its promotion of goodwill, its recruitment efforts after the Korean and Vietnam Wars, its musical and technological innovations, and its percussive propulsion of the American fascination with Latin and Caribbean music over the past century.

Secrets of the Steelpan Dr. Anthony

Achong, 2013-09-30 This book describes a truly remarkable musical instrument „o the Steelpan (Pan) „o a melodic percussion instrument that produces tones of immense beauty. This instrument is the National Instrument of the twin islands of

Trinidad and Tobago. The concepts, the ideas, the theories, the physics and the mathematics contained in this book are the answers to the question the author asked himself as a little boy peering over the face of a ping pong steelpan, "how does it work?" Revealed, are the subtleties and secrets of the instrument's operation, its laws, its construction and details of its tuning. Contained herein is the information sought by pan musicians, pan makers, panists, pan researchers and pan lovers! „o nothing is left out. The rigor of the analytical methods of this book matches, in depth and intensity, the expert craftsmanship of the Master Pan Maker and Tuner. There is a unifying force within this book that combines the stick-note impacts to the panist's creativity in his production of musical tones. This book doesn't dodge the difficult questions; it ends with a chapter on the exotic non-musical features of the steelpan.

Conversations in Pan Arlette Wiggins, 2019-06-14

Conversations in Pan was fun to write. The idea came to me after I lost a job that I loved, and, which gave me financial stability. My life went into a free fall. So to save my sanity and to try to find my direction again, I turned to one of my special and sacred gifts, writing poetry. This book grounded me. The process of writing about an instrument that I love gave me purpose, determination, discipline. It took me out of the depths of despair and forced me to reaffirm my faith in God. I learned so much while writing these poems. God also placed some special people in my life. Had I not lost that job, our paths would have never crossed. A whole new world had opened up to me in writing and completing this book. I am so much richer for it. Rich in spirit, in sound friendship, mentally able and stable to accomplish and conquer all! The friends I have gained when this opportunity presented itself will be in my life forever. They have made me a much better individual. Thank you! May the Almighty bless you with grace, mercy, and favor! The purpose of this book is to enlighten, entertain, and educate using my poetic voice and platform. To introduce to some and expand to others, showing how poetry can be incorporated into a culture that is rich, vibrant, and unique; the world of the Steelpan.

Alternative Spirituality, Counterculture, and European Rainbow Gatherings Katri Ratia, 2023-03-17 This book explores the phenomenon of Rainbow Gatherings in Europe. These countercultural events form radically alternative temporary societies in the peripheries of modern states and manage themselves without centralized power, market economy or institutionalized forms of religion. The volume offers a vivid description of life in the Gatherings, analyses the main ideological tenets and places the meetings in historical and cultural context. It considers how the Rainbow Gathering tradition is rooted in networks of alternative spirituality and environmental counterculture but also reflects broader shifts in religion and religiosity.

Steel Drums and Steelbands Angela

Smith, 2012-06-07 *Steel Drums and Steelbands: A History* is a vivid account of the events that led

to the “accidental” invention of the steel drum: the only acoustic musical instrument invented in the 20th century. Angela Smith walks readers through the evolution of the steel drum from an object of scorn and tool of violence to one of the most studied, performed, and appreciated musical instruments today. Smith explores the development of the modern steelband, from its roots in African slavery in early Trinidad to the vast array of experiments in technological innovation and to the current explosion of steelbands in American schools. The book offers insights directly from major contributors of the steelband movement with sections devoted exclusively to pioneers and innovators. Drawing on seven years of research, repeated trips to the birthplace of the steel drum, Trinidad, and interviews with steelband pioneers, Smith takes readers far beyond the sunny associations of the steel drum with island vacations, cruise ships, and multiple encores of “Yellow Bird.” Digging deep into Trinidad’s history—a tale of indigenous extermination and African slavery, of French settlement and Spanish and British colonialism before mid-century independence—Smith weaves an unforgettable narrative of talking drums, kalinda stick fights, tamboo bamboo bands, iron bands, calypso, Carnival, and the U. S. military. Together, all played major roles in the evolution of today’s steelband and in the panman’s journey from renegade to hero in the steelband’s move from the panyards of Trinidad’s poorest neighborhoods to the world’s most prestigious concert halls. The reader will discover how an instrument created by

teenage boys, descendants of African slaves, became a world musical phenomena. Steel Drums and Steelbands is the ideal introduction to the steel drum, steelbands, and their history.

Crêpes Martha Holmberg,2012-04-06 Explore the versatility of this everyday, every-occasion food with the coauthor of the James Beard Award-winner Six Seasons. Martha Holmberg is uniquely equipped to bring crêpes into the home kitchen. Trained at the renowned La Varenne cooking school, she has been a food writer, editor, and cook in the United States, England, and France for the past two decades. Her lifelong love of this favorite food is apparent throughout this collection of 50 sweet and savory recipes, ranging from the simple and snacky Butter-Sugar-Lemon of her teenage years to the crêpe cakes and cannelloni of an accomplished cook. Her encouraging instructions and master formulas produce beautiful crêpes and tempting sauces and fillings that pay homage to the classics while also playing with ambitious and fascinating flavor combinations and ingredients.
