Ecocritical Perspectives on Children's Texts and Cultures Nina Goga, Lykke Guanio-Uluru, Bjørg Oddrun Hallås, Aslaug Nyrnes, 2018-06-11 This volume presents key contributions to the study of ecocriticism in Nordic children's and YA literary and cultural texts, in dialogue with international classics. It investigates the extent to which texts for children and young adults reflect current environmental concerns. The chapters are grouped into five thematic areas: Ethics and Aesthetics, Landscape, Vegetal, Animal, and Human, and together they explore Nordic representations and a Nordic conception, or feeling, of nature. The textual analyses are complemented with the lived experiences of outdoor learning practices in preschools and schools captured through children's own statements. The volume highlights the growing influence of posthumanist theory and the continuing traces of anthropocentric concerns within contemporary children's literature and culture, and a non-dualistic understanding of nature-culture interaction is reflected in the conceptual tool of the volume: The Nature in Culture Matrix.

The American Journey of Barack Obama, eBook text edition The Editors of Life Magazine,2008-12-22
For decades Americans have turned to LIFE to see, understand, and remember the most important events and people of our time. Just as LIFE once opened up the glittering Kennedy White House, LIFE now focuses its lens on Barack Obama. The American Journey of Barack Obama covers the candidate from his childhood and adolescence to his time as editor of The Harvard Law Review and his Chicago activist years, culminating with the excitement and fervor of the historic 2008 Democratic National Convention. The unfolding drama of Obama's life and political career is cinematic in scope, and never has it been presented so compellingly. In addition to a powerful array of photographs that were taken by many of the country's greatest photographers (and some that were snapped, in the quiet moments, by Obama family members themselves), this book also includes a Foreword by Senator Edward M. Kennedy, an incisive narrative biography and original essays by some of our finest writers, including Gay Talese, Charles Johnson, Melissa Fay Greene, Andrei Codrescu, Fay Weldon, Richard Norton Smith, Bob Greene and several others. Many readers will

find a new understanding of Obama. All readers will feel that they are bearing witness to a singular, undeniably American story.

Hands-on exercises teach you essential production skills including: Modeling in CINEMA 4D Lite Importing 3D models in After Effects Tracking 3D motion in After Effects Compositing with CINEWARE Using MoGraph features in CINEMA 4D Rendering and optimization techniques Additional online materials include project files and videos showcasing the techniques covered in the book.
