**Still Shot** Jerry Kennealy,2008-04 Entertainment critic and film noir author Carroll Quint gets a panicky call from his mother, former movie starlet Karen Kass. Vicky Vandamn, a roommate of Karen's some thirty years ago when they worked at Talbot Studios, disappeared from Hollywood under mysterious circumstances. Now she's been found dead on her houseboat in nearby Sausalito, a reported suicide victim. Quint's mother is certain that Vicky, who was involved with a rough Hollywood crowd, was murdered. "Act like one of those private eyes in your book, dear. And find out who killed her." Quint tries to do just that, and soon finds himself tangled up with lazy cops, a paranoid PI, a billionaire former movie-studio head, and a peeping tom—who kept a very close eye on Vandamn. When all appears to be lost, Quint's mother comes up with a revealing old still photo and a clue involving Fred Astaire's hands that sets Quint on a collision course with the murderer. This second in the series delivers another dynamic story and an entertaining coterie of characters.

**The Cubs Way** Tom Verducci,2018-04-03 The New York Times Bestseller With inside access and reporting, Sports Illustrated senior baseball writer and FOX Sports analyst Tom Verducci reveals how Theo Epstein and Joe Maddon built, led, and inspired the Chicago Cubs team that broke the longest championship drought in sports, chronicling their epic journey to become World Series champions. It took 108 years, but it really happened. The Chicago Cubs are once again World Series champions. How did a team composed of unknown, young players and supposedly washed-up veterans come together to break the Curse of the Billy Goat? Tom Verducci, twice named National Sportswriter of the Year and co-writer of *The Yankee Years* with Joe Torre, will have full access to team president Theo Epstein, manager Joe Maddon, and the players to tell the story of the Cubs' transformation from perennial underachievers to the best team in baseball. Beginning with Epstein's first year with the team in 2011, Verducci will show how Epstein went beyond Moneyball thinking to turn around the franchise. Leading the organization with a manual called *The Cubs Way*, he focused on the mental side of the game as much as the physical, emphasizing chemistry as well as statistics. To accomplish his goal, Epstein needed manager Joe Maddon, an eccentric innovator, as his counterweight on the Cubs' bench. A man who encourages themed road trips and late-arrival game days to loosen up his team, Maddon mixed New Age thinking with Old School leadership to help his players find their edge. *The Cubs Way* takes readers behind the scenes, chronicling how key players like Rizzo, Russell, Lester, and Arrieta were deftly brought into the organization by Epstein and coached by Maddon to outperform expectations. Together, Epstein and Maddon proved that clubhouse culture is as important as on-base-percentage, and that intangible components like personality, vibe, and positive

energy are necessary for a team to perform to their fullest potential. Verducci chronicles the playoff run that culminated in an instant classic Game Seven. He takes a broader look at the history of baseball in Chicago and the almost supernatural element to the team's repeated losses that kept fans suffering, but also served to strengthen their loyalty. The Cubs Way is a celebration of an iconic team and its journey to a World Championship that fans and readers will cherish for years to come.

**Images, still and moving** Abbas Kiarostami, 2012 Abbas Kiarostami (\*1940 in Teheran) became known primarily for his films made in the seventies, which were awarded prizes at film festivals such as Cannes (Golden Palm 1997) and Venice. Despite large-scale solo exhibitions at institutions such as the Museum of Modern Art in New York and the Centre Pompidou in Paris, the photographic oeuvre of this artist, who studied painting, has yet to be showcased in Germanophone countries. Whereas Kiarostami's films contain haunting images of the human experience, he trains his photographic eye on untouched landscapes, often taking years to develop the images into series such as *Snow White* (1978-2004) and *Rain and Wind* (2007). This publication explores the correlation between photographic and filmic vision, between still and moving images.
