The Kicker of St. John's Wood Gary Wolf, 2009-02 This is a story of America in the year 2020: Fractured socially and politically, its enemies are gaining ground and its civil liberties are threatened like never before. Jayesh Blackstone, a professional football player, finds himself at the focal point of an historic experiment: a woman is going to play in a football game, and it will happen in the Super Bowl. It turns out that this is just a foretaste of the metamorphosis that is taking shape. The very same event is the venue for an announcement by world leaders of a new order, one that defines humanity exclusively in terms of race and gender. The new reality steadily encroaches on Blackstone's world; he is compelled to choose his allies, declare his identity, and determine the price he is willing to pay to live the life of a free individual. Embracing controversy from its very first pages, *The Kicker of St. John's Wood* is a rampage through the pantheon of contemporary idols, and a literary journey into the American national psyche of the twenty-first century.

St. John's College J.M. Bumsted, 2006-10-30 With roots going back to the Red

River Settlement in the 1850s, Winnipeg's St. John's College is the oldest Anglophone educational institution in Western Canada. First founded as a school for the children of the employees of the Hudson's Bay Company, over the decades the college has re-invented itself many times. When it was established as St. John's College in 1866 by bishop Robert Machray, the college was intended primarily to provide theological training for young men going into the Anglican church. By 1900, the college had become a coeducational liberal arts college and was one of the four founding colleges of the University of Manitoba. Throughout the twentieth century, the college would continue to evolve, and would need skill and tenacity to meet the challenges of financial disaster, two world wars, and rapidly changing social values. Distinguished historian J.M. Bumsted presents a lively look at the people and events at the heart of the history of St. John's College. While relatively small in size, the college has played an important role in the educational and social life of Western Canada. Its early leaders, such as Robert Machray and Samuel Matheson, held positions of national importance in the Anglican church and lent their prestige and influence to the college. The college's changing fortunes also paralleled those of the Anglican church and Winnipeg's Anglo-Celtic elite. Throughout the 1930s and 1940s, it would struggle financially as both of these institutions went through major changes. By the 1950s and 1960s, the college would re-emerge with a revitalized presence, using its traditions to meet new educational and social challenges.
