[P] POSING FOR PORTRAIT PHOTOGRAPHY JEFF SMITH, 2004-07-01 Aiming to help portrait photographers yield pleasing results with a variety of body types, this tutorial evaluates the subject's appearance and suggests refining poses, providing tips to make sure each subject ends up with a result they like. Also covered are common mistakes that photographers make when posing their subjects and how to best match that pose with the setting, coordinating an overall feeling and style that makes every client look outstanding.

[P] PROFESSIONAL DIGITAL PORTRAIT PHOTOGRAPHY JEFF SMITH, 2003 Digital photography has surpassed traditional film in price and quality, but making the transition from film to digital photography remains a daunting undertaking. This guide addresses all the details of going digital, from choosing the right equipment to incorporating Photoshop into the work flow. Included is technical information on using digital cameras and updating shooting and processing areas, as well as practical tips for selling digital portraits to clients and adjusting production schedules. How can photographers ensure that they'll make their subjects look their very best? The simple, two-page lessons in this book provide all the answers. Working from head to toe, Jeff Smith provides the ultimate advice to quickly refine each aspect of the pose and produce more professional-looking portraits.

[P] GARAGE GLAMOUR Rolando Gomez, 2006-05-28 Nude and beauty photographers can find the invaluable high-impact techniques in this exhaustively illustrated manual that covers everything from compositional tips for clothing, accessories, and poses to more technical challenges such as lighting, lens selection, and exposure, demonstrating how to produce stunning, worldclass images using minimal equipment without accruing a burdening investment. Beginning with the four S's of glamour photography (sexiness, sultriness, sensuality, and seductiveness), amateurs and professionals alike are shown new ways to achieve beautiful shots, with additional tips on working with models that include methods for accentuating assets while minimizing flaws and initiating comfortable working relationships. Photographers are also shown how to turn their hobby into a successful career, or enhance the productivity and income of an existing business by honing marketing and advertising skills and mastering the art of generating business by referral. Based on the author's popular website (garageglamour.com), this guide offers helpful instruction to creating glamorous, sexy images like those seen in Playboy, Maxim, and other men's magazines.

[P] JEFF SMITH'S LIGHTING FOR OUTDOOR & LOCATION PORTRAIT PHOTOGRAPHY JEFF SMITH, 2007-06-01 Shattering the notion that location lighting has to be difficult, inconvenient, or compromised in its quality, this resource provides guidance on how to create unique and personalized images shot in parks, on city streets, at sports arenas, in workplaces, or in a client's home. With an overview of equipment and a discussion on the essential tools for a shoot, this guide walks photographers through the creation of dozens of location images—from casual headshots to full-length, formally posed portraits. With strategies for meeting lighting challenges found outside of the studio—from evaluating existing light to modifying or supplementing light as needed—this book will help photographers shoot confidently by developing a plan for creating professional-quality location portraits.

¶ Gears Of War: Jacinto's Remnant KAREN TRAVISS, 2012-01-26 Based on the blockbuster Xbox game, this is the stunning story of the men and women who stood between a planet and total destruction - and now have to face the consequences of their actions. After a brutal fifteen-year war for survival, the Coalition of Ordered Governments is forced to destroy mankind's last city in a final bid to stop the Locust Horde. As the survivors flee Jacinto, they must contend with the last of the Locust, bent on vengeance, as they struggle to stay alive in an icy wilderness. Marcus Fenix, Dom Santiago, and their fellow Gears fight to get Jacinto's refugees to a safe haven, but find themselves in a lawless new world where the enemy is human - and as desperate and dangerous as any grub. This novel is based on a computer game with an 18-rating.

¶ ZAGAT To Go Zagat Survey ZAGAT SURVEY STAFF, 2003-11-03 These are the results of the forty restaurant and nightlife guides that Zagat produce yearly, covering cities such as London, Paris, New York, Tokyo and San Francisco to name but a few. To guide the readers to the best watering holes to suit their tastes, moods and budgets, there are a number of category lists, for example, Most Popular, Top Ratings and Best Buys. On the assumption that most people want a quick fix on the places at which they are considering socialising, there are also handy and concise indexes. These guides spotlight both centuries old traditional pubs and trendy, minimalist lounges, sumptuous restaurants and clubs. The diversity of venues means that goths, pre-clubbers, lads, families, hen and stag nights and tourists can all have the best of times.

¶ Glenn Beck's Common Sense Glenn Beck, 2009-06-16 #1 New York Times bestselling author and popular radio and television host Glenn Beck revisits Thomas Paine's Common Sense. In any era, great Americans inspire us to reach our full potential. They know with conviction what they believe within themselves. They understand that all actions have consequences. And they find commonsense solutions to the nation's problems. One such American, Thomas Paine, was an ordinary man who changed the course of history by penning Common Sense, the concise 1776 masterpiece in which, through extraordinarily straightforward and indisputable arguments, he encouraged his fellow citizens to take control of America's future—and, ultimately, her freedom. Nearly two and a half centuries later, those very freedoms once again hang in the balance. And now, Glenn Beck revisits Paine's powerful treatise with one purpose: to galvanize Americans to see past government's easy solutions, two-party monopoly, and illogical methods and take back our great country.

¶ Jeff Smith's Posing Techniques for Location Portrait Photography Jeff Smith, 2007-12 Posing portrait subjects on location requires a skill set that differs from that photographers rely on when working in the studio. Without posing stools and tables, set lights and an array of props to tuck their subject behind, a location session can prove much more challenging. Here, Smith teaches the basics of great head-to-toe posing. He shows readers the classical approaches used to create a pleasing rendition of the human form as well as guides to breaking all the rules. With strategies for posing individuals and groups artfully, this is a must-have for any photographer.
