Four Thousand Weeks Oliver Burkeman, 2021-08-10 AN INSTANT NEW YORK TIMES BESTSELLER Provocative and appealing . . . well worth your extremely limited time. —Barbara Spindel, The Wall Street Journal The average human lifespan is absurdly, insultingly brief. Assuming you live to be eighty, you have just over four thousand weeks. Nobody needs telling there isn't enough time. We're obsessed with our lengthening to-do lists, our overfilled inboxes, work-life balance, and the ceaseless battle against distraction; and we're deluged with advice on becoming more productive and efficient, and "life hacks" to optimize our days. But such techniques often end up making things worse. The sense of anxious hurry grows more intense, and still the most meaningful parts of life seem to lie just beyond the horizon. Still, we rarely make the connection between our daily struggles with time and the ultimate time management problem: the challenge of how best to use our four thousand weeks. Drawing on the insights of both ancient and contemporary philosophers, psychologists, and spiritual teachers, Oliver Burkeman delivers an entertaining, humorous, practical, and ultimately profound guide to time and time management. Rejecting the futile modern fixation on "getting everything done," *Four Thousand Weeks* introduces readers to tools for constructing a meaningful life by embracing finitude, showing how many of the unhelpful ways we've come to think about time aren't inescapable, unchanging truths, but choices we've made as individuals and as a society—and that we could do things differently.

Stop Pretending Sonya Sones, 2001-01-23 It happens just like that, in the blink of an eye. An older sister has a mental breakdown and has to be hospitalized. A younger sister is left behind to cope with a family torn apart by grief and friends who turn their backs on her. But worst of all is the loss of her big sister, her confidante, her best friend, who has gone someplace no one can reach. In the tradition of *The Bell Jar*, *I Never Promised You a Rose Garden*, and *Lisa, Bright and Dark* comes this haunting first book told in poems, and based on the true story of the author's life. 2000 Best Books for Young Adults (ALA) and 2000 Quick Picks for Young Adults (Recomm. Books for Reluctant Young Readers)

Ground Stop Pamela Freni, 2003-10 On September 11, 2001, long before anyone was aware of the impending attack, members of the United States air traffic control system knew something was wrong--bad wrong. Through their radars, they saw the erratic actions of airplanes in the sky and through their radios they heard strange voices giving orders. *Ground Stop* tells the story of the FAA's first responders on 9/11. Unsung heroic actions were taken and now the story can be told. Stories of lightning quick decisions that saved lives. Airplanes were grounded all over the nation and managers searched the sky, determined that no other attacks would be made on their towns and cities.

Finally, everything went quiet and then the hard part began; righting the aviation industry as soon as possible.

Nielsen's New York Times bestseller *The Traitor's Game*, which Entertainment Weekly called the next big YA fantasy, is perfect for fans of the Red Queen series by Victoria Aveyard and the Throne of Glass series by Sarah J. Maas. Kestra Dallisor has spent three years in exile in the Lava Fields, but that won't stop her from being drawn back into her father's palace politics. He's second-in-command to the cruel king, Lord Endrick, which makes Kestra a valuable bargaining chip. A group of rebels knows this -- and they snatch Kestra from her carriage as she reluctantly travels home. The kidnappers want her to retrieve the lost Olden Blade, the only object that can destroy the king, but Kestra is not the obedient captive they expected. One of the rebels, Simon, has his hands full as Kestra tries to foil their plot, by any means necessary. As motives shift and secrets emerge, both have to decide what -- and who -- it is they're fighting for.

In the Dream House Carmen Maria Machado, 2019-11-05 A revolutionary memoir about domestic abuse by the award-winning author of *Her Body and Other Parties* *In the Dream House* is Carmen Maria Machado's engrossing and wildly innovative account of a relationship gone bad, and a bold dissection of the mechanisms and cultural representations of psychological abuse. Tracing the full arc of a harrowing relationship with a charismatic but volatile woman, Machado struggles to make sense of how what happened to her shaped the person she was becoming. And it's that struggle that gives the book its original structure: each chapter is driven by its own narrative trope—the haunted house, erotica, the bildungsroman—through which Machado holds the events up to the light and examines them from different angles. She looks back at her

religious adolescence, unpacks the stereotype of lesbian relationships as safe and utopian, and widens the view with essayistic explorations of the history and reality of abuse in queer relationships. Machado's dire narrative is leavened with her characteristic wit, playfulness, and openness to inquiry. She casts a critical eye over legal proceedings, fairy tales, Star Trek, and Disney villains, as well as iconic works of film and fiction. The result is a wrenching, riveting book that explodes our ideas about what a memoir can do and be.

Stop 9/11 Gregory R. Lange, 2011-02-26 On September 11, 2001, the world stood by in horror as terrorists hijacked airliners and brought down the World Trade Center, killing thousands of innocent civilians as well as many police and firemen who dutifully responded to the call to help those in danger. Included among those who died that day were FDNY Lieutenant Salvatore Pulino, Sr. and his brother NYPD officer Robert Pulino. Years later, budding medical and science prodigy Michael Zweistein is fiercely dedicated to finding a cure for Alzheimer's disease after he watches his grandmother suffer from the debilitating malady. He recruits his good friend, Sal Pulino Jr. the son of the deceased FDNY Lieutenant Salvatore Pulino, Sr., to assist him as a research subject and help him test a new medical device, which could treat Alzheimer's patients' memory loss by enhancing their memory experiences. However, Sal soon discovers the reliving of memories through the device extends beyond the mind, and that it is possible to alter the past. Sal realizes that this time-travel opportunity might be the way to prevent the September 11th attacks and thus prevent his father and uncle's deaths. He

becomes determined to foil the terrorists and stop the 9/11 disaster from ever happening. Sal convinces Michael Zweistein of the device's time travel power and talks him into his plan. Together, they recruit Sal's sister Cecilia and begin using the device to travel psychically to the past and alter the present by re-imagining the events of past encounters. When Sal's plan goes horribly wrong, however, they are left scrambling to right the past, save the future, and convince the ones they love to change their actions in order to save lives. A surprising, thought-provoking thriller that careens through unexpected twists and turns with stunning velocity, first-timer Gregory Lange's power-packed prose and felicity for plotting and tension makes this time-bending narrative as thought provoking as it is captivating. Putting a sharp twist on the emotional ties accompanying the most significant historical event in recent memory, *Stop 9/11* is an astute, incisive depiction of loss and the hold our memories have over our present, as well as the spiritual consequences of the choices we make in our daily lives. It is this, the force of the unknown and its ability to affect us, which elevates *Stop 9/11* to profound heights. Combined with insightful dialogue and compelling character work, this ability to touch the deepest of chords within the human experience separates it from other works within its genre, and introduces a wholly original, must-read thriller for a new millennium.
