Shadow Storm Christine Feehan, 2021-05-25 A long-simmering feud between two families comes to a head in this gripping novel in Christine Feehan's New York Times bestselling Shadow Riders series. As the youngest member of the Ferraro family, Emmanuelle has watched each of her brothers find happiness in love while her own heart was shattered by a lover's betrayal. For two years she's stayed as far away from Valentino Saldi as possible—until she learns that he's been shot during a hostile takeover of his family's territory. Emme's first instinct is to call her brother Stefano for help, and soon the entire Ferraro clan arrives to bring Val back from the brink of death and protect the Saldis from further attack. With one choice Emme has re-exposed herself to Val's intoxicating pull and dragged her family into the Saldis' private war. A deadly storm is brewing, and only time will tell who survives...

SEAL Team Six Howard E. Wasdin, Stephen Templin, 2011-05-10 The New York Times bestselling book that takes you inside SEAL Team Six - the covert squad that killed Osama Bin Laden SEAL Team Six is a secret unit tasked with counterterrorism, hostage rescue, and counterinsurgency. In this dramatic, behind-the-scenes chronicle, Howard Wasdin takes readers deep inside the world of Navy SEALs and Special Forces snipers, beginning with the grueling selection process of Basic Underwater Demolition/SEAL (BUD/S)—the toughest and longest military training in the world. After graduating, Wasdin faced new challenges. First there was combat in Operation Desert Storm as a member of SEAL Team Two. Then the Green Course: the selection process to join the legendary SEAL Team Six, with a curriculum that included practiced land warfare to unarmed combat. More than learning how to pick a lock, they learned how to blow the door off its hinges. Finally as a member of SEAL Team Six he graduated from the most storied and challenging

sniper program in the country: The Marine's Scout Sniper School. Eventually, of the 18 snipers in SEAL Team Six, Wasdin became the best—which meant one of the best snipers on the planet. Less than half a year after sniper school, he was fighting for his life. The mission: capture or kill Somalian warlord Mohamed Farrah Aidid. From rooftops, helicopters and alleys, Wasdin hunted Aidid and killed his men whenever possible. But everything went quickly to hell when his small band of soldiers found themselves fighting for their lives, cut off from help, and desperately trying to rescue downed comrades during a routine mission. The Battle of Mogadishu, as it became known, left 18 American soldiers dead and 73 wounded. Howard Wasdin had both of his legs nearly blown off while engaging the enemy. His dramatic combat tales combined with inside details of becoming one of the world's deadliest snipers make this one of the most explosive military memoirs in years.

I Am a SEAL Team Six Warrior Howard E. Wasdin, Stephen Templin, 2012-04-24 When the Navy sends their elite, they send the SEALs. When the SEALs send their elite, they send SEAL Team Six—a secret unit made up of the finest soldiers in the country, if not the world. This is the dramatic

tale of how Howard Wasdin overcame a tough childhood to live his dream and enter the exciting and dangerous world of Navy SEALs and Special Forces snipers. His training began with his selection for Basic Underwater Demolition/SEAL (BUD/S)—the toughest and longest military training in the world. After graduating, Wasdin saw combat in Operation Desert Storm as a member of SEAL Team Two. But he was driven to be the best of the best—he wanted to join the legendary SEAL Team Six, and at long last he reached his goal and became one of the best snipers on the planet. Soon he was fighting for his life in Africa, hunting the Somalian warlord Aidid. But the mission fell apart when his small band of soldiers found themselves cut off from help and desperately trying to rescue downed comrades during a routine mission. The Battle of Mogadishu, as it became known, left 18 American soldiers dead and 73 wounded. This is Howard Wasdin's story of overcoming numerous obstacles to become an elite American warrior.

Category 7 Bill Evans, Marianna Jameson, 2007-07-10 A Category 4 hurricane, with winds of up to 155 miles per hour, tears roofs off buildings, smashes windows and doors, and can send floodwaters up to the second floor. Evacuation is suggested for up to six miles inland. Hurricane Katrina was a Category 4 when she made landfall. Hurricane Simone is a Category 7—the biggest, strongest storm in recorded history. When she hits New York City, skyscrapers will fall. Subways and tunnels will flood. Lower Manhattan and much of Queens and Brooklyn will disappear under more than thirty feet of water. All along the Eastern Seaboard, towns and cities are being evacuated as wind-driven rain lashes the coast and storm surges crash through seawalls. Roads are packed with fleeing motorists whose cars are jammed with every personal possession that can be crammed in, plus family members, friends, and beloved pets. A huge natural disaster is brewing in the Atlantic. Except that Simone isn't natural. She's the product of rogue weather science being wielded by billionaire Carter Thompson as part of a personal vendetta against US President Winslow Benson. Once Carter wanted to bring rain to the desert and feed the starving peoples of the planet. Now he wants to show Benson—and the rest of the world—just how powerful wind and water can be. If technology created Simone, perhaps technology can stop her. It's up to Kate Sherman, once a member of Carter's weather team; and Jake Baxter, a weatherman for the CIA, to try, using a secret US Navy weapon. The catch? It has to be deployed inside the hurricane. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

The Gulf Belle Boggs,2019-04-02 A hilarious send-up of writing workshops, for-profit education, and the gulf between believers and nonbelievers Marianne is in a slump: barely able to support herself by teaching, not making progress on her poetry, about to lose her Brooklyn apartment. When her novelist ex-fiancé, Eric, and his venture capitalist brother, Mark, offer her a job directing a low-residency school for Christian writers at a motel they've inherited on Florida's Gulf Coast, she can't come up with a reason to say no. The Genesis Inspirational Writing Ranch is born, and liberal, atheist Marianne is soon knee-deep in applications from writers whose political and religious beliefs she has always opposed but whose money she's glad to take. Janine is a schoolteacher whose heartfelt poems explore the final days of Terri Schiavo's life. Davonte is a former R&B superstar who hopes to reboot his career with a bestselling tale of excess and redemption. Lorraine and Tom, eccentric writers in need of paying jobs, join the Ranch as instructors. Mark finds an investor in God's Word God's World, a business that develops for-profit schools for the Christian market, but the conditions that come along with their support become increasingly problematic, especially as Marianne grows closer to the students. As unsavory allegations mount, a hurricane bears down on the Ranch, and Marianne is faced with the consequences of her decisions. With sharp humor and deep empathy, The Gulf is a memorable debut novel in which Belle Boggs plumbs the troubled waters dividing America.

Code Over Country Matthew Cole, 2022-02-22 A hard-hitting exposé of SEAL Team 6, the US military's best-known brand, that reveals how the Navy SEALs were formed, then sacrificed, in service of American empire. The Navy SEALs are, in the eyes of many Americans, the ultimate heroes. When they killed Osama Bin Laden in 2011, it was celebrated as a massive victory. Former SEALs rake in cash as leadership consultants for corporations, and young military-bound men dream of serving in their ranks. But the SEALs have lost their bearings. Investigative journalist Matthew Cole tells the story of the most lauded unit, SEAL Team 6, revealing a troubling pattern of war crimes and the deep moral rot beneath authorized narratives. From their origins in World War II, the SEALs have trained to be specialized killers with short missions. As the wars in Iraq and Afghanistan became the endless War on Terror, their violence spiraled out of control. Code Over Country details the high-level decisions that unleashed the SEALs' carnage and the coverups that prevented their crimes from coming to light. It is a necessary and rigorous investigation of the unchecked power of the military—and the harms enacted by and upon soldiers in America's name.

The U.S. Navy at Normandy Greg H. Williams, 2020-10-19 In the many historical accounts of D-Day, the Navy, Coast Guard and merchant marine, who transported troops to the invasion beaches and supported the attack, are often given scant attention. Film clips of landing craft unloading men into the surf and battleships firing on enemy emplacements are familiar yet comparatively little is known about the contributions of the marine services and what they accomplished during the Normandy Invasion. This book describes the Allied naval command structure for Operation Neptune

and offers a comprehensive look at integrated offshore operations--how they were organized, who the sailors were and what they experienced.
