The Tracker Hive Academy Avery Song,2019-08-06 The presence of approaching death always leaves you in a contemplating space. Reliving those exact moments pushes me to find the very culprit who changed my life. It also makes sitting in a classroom a pain in the ass. Having survived my first year at Tracker Hive Academy, I'm left with wondering what's next for me, the eight elements, Junior Tracker with no professional filter. We have to face the culprit who is clearly out to get me, but there has to be more to this, especially with certain allies involved.Things only get complicated when my sexy Troubled Four start having imbalance problems, making it difficult for the rest of the world to know who is who - except me, of course. My Shadow only wants to add to the chaos by attacking the very students we're attempting to protect.My life is definitely a shit storm, and when Alaric himself goes missing during an assignment, all bets are off.I am a Queen in my element and won't be told how to get what belongs to me. With Zeke, Zion, Zackery, and Zeus on my side, there's nothing I need to fear - and with Calvin as our joker card. We're a dangerous threat together, and this Hive goes by one thing: Breaking all the rules. Game On.

Hurricane Iniki, September 6-13, 1992 United States. National Weather Service,1993 Although hurricanes are common over the eastern Pacific and annually are seen in parts of the central Pacific, they are not routinely found over Hawaii. Only four of these have impacted the Aloha State since 1950. Hurricane Iniki, with winds up to 160 MPH, was by far the strongest and most destructive. This storm also completed a clean sweep of National Weather Service (NWS) offices responsible for issuing hurricane warnings. The National Hurricane Center (NHC) in Coral Gables, Florida (Hurricane Andrew), the Joint Typhoon Warning Center (JTWC) in Guam (Typhoon Omar), and the Central Pacific Hurricane Center (CPHC) in Honolulu, Hawaii (Hurricane Iniki) were all struck by strong hurricanes within a 2-month span. Relying on one geostationary satellite providing satisfactory, but less than ideal, coverage and an extremely sparse surface data network, NWS forecasters and meteorological technicians across the state provided excellent warning service to residents and visitors alike--Preface

Peril Bob Woodward,Robert Costa,2023-01-03 The transition from President Donald J. Trump to President Joseph R. Biden Jr. stands as one of the most dangerous periods in American history. But as #1 internationally bestselling author Bob Woodward and acclaimed reporter Robert Costa reveal for the first time, it was far more than just a domestic political crisis. Woodward and Costa interviewed more than 200 people at the center of the turmoil, resulting in more than 6,000 pages of transcripts—and a spellbinding and definitive portrait of a nation on the brink. This classic study of Washington takes readers deep inside the Trump White House, the Biden White House, the 2020 campaign, and the Pentagon and Congress, with eyewitness accounts of what really happened. Intimate scenes are supplemented with never-before-seen material from secret orders, transcripts of confidential calls, diaries, emails, meeting notes and other personal and government records, making Peril an unparalleled history. It is also the first inside look at Biden’s presidency as he began his presidency facing the challenges of a lifetime: the continuing deadly pandemic and millions of Americans facing soul-crushing economic pain, all the while navigating a bitter and disabling partisan divide, a world rife with threats, and the hovering, dark shadow of the former president.

I Alone Can Fix It Carol Leonnig,Philip Rucker,2021-07-20 The instant #1 New York Times bestseller | A Washington Post Notable Book | One of NPR's Best Books of 2021 The definitive behind-the-scenes story of Trump's final year in office, by Phil Rucker and Carol Leonnig, the Pulitzer-Prize winning reporters and authors of A Very Stable Genius. “Chilling.” – Anderson Cooper “Jaw-dropping.” – John Berman “Shocking.” – John Heilemann “Explosive.” – Hallie Jackson “Blockbuster new reporting.” – Nicolle Wallace “Bracing new revelations.” – Brian Williams “Bombshell reporting.” – David Muir The true story of what took place in Donald Trump’s White House during a disastrous 2020 has never before been told in full. What was really going on around the president, as the government failed to contain the coronavirus and over half a million Americans perished? Who was influencing Trump after he refused to concede an election he had clearly lost and spread lies about election fraud? To answer these questions, Phil Rucker and Carol Leonnig reveal a dysfunctional and bumbling presidency’s inner workings in unprecedented, stunning detail. Focused on Trump and the key players around him—the doctors, generals, senior advisers, and Trump family members— Rucker and Leonnig provide a forensic account of the most devastating year in a presidency like no other. Their sources were in the room as time and time again Trump put his personal gain ahead of the good of the country. These witnesses to history tell the story of him longing to deploy the military to the streets of American cities to crush the protest movement in the wake of the killing of George Floyd, all to bolster his image of strength ahead of the election. These sources saw firsthand his refusal to take the threat of the coronavirus seriously—even to the point of allowing himself and those around him to be infected. This is a story of a nation sabotaged—economically, medically, and politically—by its own leader, culminating with a groundbreaking, minute-by-minute account of exactly what went on in the Capitol building on January 6, as Trump’s supporters so easily breached the most sacred halls of American democracy, and how the president reacted. With unparalleled access, Rucker and Leonnig explain and expose exactly who enabled—and who foiled—Trump as he sought desperately to cling to power. A classic and heart-racing work of investigative reporting, this book is destined to be read and studied by

citizens and historians alike for decades to come.

Blazing Academy Avery Song,2020-04-02 When the element of fire burns within your veins, the academy for all things blazing is the best place to learn how to make that flame burn even stronger. Alice Blaze is my name, and I'm your typical adopted sixteen-year-old. My mom disappeared after my birth and my dad was an alcoholic maniac. That left me being raised by my protective grandparents in the single house up the hill that people only come to view on Halloween. Apparently, our house is haunted, but I haven't figured that one out yet. Regardless of my depressing backstory, my life has always been in the line of misery. Since I was little, I always got into trouble, and it always ended up with something combusting into flames. Lighting up the curtains, explosive vials in lab class. Don't get me started with the accidental school fire. Need I say more?The last straw is when I'm accused of shattered all the windows in the entire school, but that doesn't make sense because it has nothing to do with that burning nemesis called fire. With my grandparents having enough of my constant transfers, a letter of invitation lands right onto our doorstep.I'm invited to Blazing Academy, the academy for all things scorching hot. Shifters, demons, and blazing hot witches...oh right. That's apparently what I am. A blazing hot witch. Let's hope that's all I am, and that this first semester goes a lot smoother than I'm imagining.
