Kids Story Creator - More Than 365 Stories to Create! Laura Watts, 2019-12-17 Kids will have a blast creating stories with this story creator book! The templates are meant to be used for short stories but they can even act as prompts for longer stories. This book is recommended for kids ages 5-13 but anyone can use the story creator templates within this book. The book is 8x11 and has lots of room to write. It provides hours of entertainment, and is a great way to promote reading at bedtime. Who knows what stories your child will come up with? This makes it fun for parents too!

EPUB Straight to the Point Elizabeth Castro, 2010-07-28 Almost overnight, EPUB has become the favored standard for displaying digital text on ereaders. The EPUB specification is a powerful method for creating gorgeous ebooks for EPUB-capable readers such as the iPad, Nook, and Kindle. Alas, it is far from perfect, with frustrating limitations, sketchy documentation, and incomplete creation tools. This extensively researched guide to creating EPUB files by best-selling author Elizabeth Castro shows you how to prepare EPUB files, make the files look great on the screen, work around EPUB weaknesses, and fix common errors. In this essential book, Liz shares her hard-earned experience for how to: Create EPUB files from existing Microsoft Word or Adobe InDesign files, or from scratch. Tweak EPUB files to take full advantage of the power of EPUB in each respective ereader. Control spacing, indents, and margins. Insert images and sidebars and wrap

text around them. Create links to external sources and cross-references to internal ones. Add video to ebooks for the iPad.

Counselling Children Kathryn Geldard, David Geldard, Rebecca Yin Foo, 2017-11-06 The definitive guide to the skills and techniques used when working with children experiencing emotional problems, this book covers all you need to know about: The goals for counselling children and the child-counsellor relationship Practice frameworks for working effectively with children Play therapy and the use of different media and activities Building self-esteem and social skills through the use of worksheets. This fifth edition has been updated to include: A new chapter on technology; its influence on children and ways that technology can be used during counselling New content on issues of diversity and difference in counselling children The different contexts in which counselling children occur Discussion of concepts of wellbeing and resilience Updated references and research. The book is supported by a new companion website that provides training materials and handouts on a range of skills for counselling children including: helping the child to tell their story sand tray work, the use of miniature

animals, the use of clay, and helping the child to change thoughts and behaviour. This highly practical guide is vital reading for counsellors, psychologists, social workers, occupational therapists, nurses and teachers working or training to work with children.

Creativity and the Arts in Early Childhood Ruth Churchill Dower, 2019-12-19 Offering practical guidance on encouraging creativity in early childhood settings, this much-needed book highlights the importance of the arts and creativity for children's learning, critical thinking, social interaction and self-regulation. The book considers the impact of creativity on early brain development and discusses how to choose the right arts or creative approach for your children. Principles for creative curriculums, teaching, assessments and environments are provided and each chapter includes a 'practitioner toolkit' element, with reflective questions and practical strategies for implementing the learning from the chapter into daily practice.

The Story Maker Kirstin Lewis, Frances Dickens, 2017-07-05 This innovative handbook aims to help children write creatively. Designed for children aged 4-11 years, it is suitable for children of all abilities. The strong visual emphasis will inspire children to write their own stories and expand their vocabulary. Writer's tips' front each of the twelve story: elements; characters; feelings; size; speech & sound; speed; settings; texture; colours; objects; time; and weather. The Story Maker is integral to teaching

the National Literacy Strategy Objectives at Key Stages 1, 2 and 3. Simple layout with colour coded tab system that will appeal to children and ESL Students. It is fully illustrated in colour throughout to inspire story making. It contains: broadens vocabulary; photocopiable storyboards at the beginning of each section to encourage children to sequence; and, separate introduction for older children who can work alone. Narrative Planning explores story development and how links can be made.

It's Not about the Apple! Veronika Martenova Charles, 2010-10-12 Here are five first books for fledgling readers that offer the enjoyment of a good story along with the thrill of accomplishment that comes from independent reading. Written in short, easy phrases with carefully selected vocabulary and plentiful illustrations, each book helps youngsters achieve success as they have fun. The series follows three friends who love to share stories. In each book, one is reminded of a well-known story: Little Red Riding Hood in *It's Not About the Hunter!*, Beauty and the Beast in *It's Not About the Rose!*, Snow White in *It's Not About the Apple!*, Cinderella in *It's Not About the Pumpkin!*, and Hansel and Gretel in *It's Not About the Crumbs!* As one friend starts, the others are reminded of versions they know so each volume has three stories within one framework. The stories come from around the world, and Veronika Martenova Charles provides a note at the end of each book to describe the origins. *Easy-To-Read Wonder Tales* is a great first step in developing a lifelong love of reading, and it makes a fine companion to

Veronika Martenova Charles's series, Easy-To-Read Spooky Tales.

Brothers from a Different Mother Phillip

Gwynne, 2017-04-03 Tapir lives in the jungle. Pig lives in the village. But when they meet at the waterhole, they discover they are the same in so many ways. They might even be brothers from a different mother!

Jabari Tries Gaia Cornwall, 2022-02-01 Jabari is inventing a machine that will fly all the way across the yard! But making it go from CRASH to WHOOOSH will take grit, patience, and maybe even a little help from his sister. Jabari is making a flying machine in his backyard! "It'll be easy. I don't need any help," he declares. But it doesn't work! Jabari is frustrated. Good thing Dad is there for a pep talk and his little sister, Nika, is there to assist, fairy wings and all. With the endearing father-child dynamic of *Jabari Jumps* and engaging mixed-media illustrations, Gaia Cornwall's tale shows that through perseverance and flexibility, an inventive thought can become a brilliant reality.

Case for a Creator for Kids Lee

Strobel, 2010-05-25 With clear facts and answers to the questions kids six to ten ask most, this adaptation of Lee Strobel's bestselling *The Case for a Creator* uses kid-friendly language, examples, and easy-to-understand information to introduce children to the research, eyewitness accounts, and evidence behind the questions of whether God created the universe, what science tells us about our world, and what those answers mean for us and our faith. Whether they've grown

up in the church or are encountering faith for the first time, *The Case for a Creator for Kids* is the perfect resource to answer the questions about God kids 6-10 ask most. Inside, readers will discover: An introduction to the historical evidence, expert testimonies, extensive research, and scientific proof that back up what the Bible says. Scientific research that covers cosmology (how the universe began), DNA, physics, astronomy, and more to look at how the way our world works connect with Scripture. Answers for why Christians believe what they do. Kid-friendly stories and examples that make the facts easy to understand. Ways to talk to other people about God and share what they know. *The Case for a Creator for Kids*: Is a solid source of information that looks at all sides of the issue to present solid evidence behind each conclusion and fact about the Christian faith. Has illustrations and callout graphics to make the topics engaging for kids six and up. Is an excellent resource for Sunday schools, church libraries, and homeschooling. This book can be used on its own or alongside *The Case for Christ for Kids*, *The Case for Faith for Kids*, *The Case for Grace for Kids*, and *The Case for Miracles for Kids* to help children with faith development and answer questions they wonder about most.

Look Both Ways Jason Reynolds, 2020-10-27 A collection of ten short stories that all take place in the same day about kids walking home from school--

Think Like a Monk Jay Shetty, 2020-09-08 Jay Shetty, social media superstar and host of the #1 podcast *On Purpose*, distills the timeless wisdom he learned as a monk into practical steps anyone can take every day to live a less anxious, more meaningful life. When you think like a monk, you'll understand: -How to overcome negativity - How to stop overthinking -Why comparison kills love -How to use your fear -Why you can't find happiness by looking for it -How to learn from everyone you meet -Why you are not your thoughts - How to find your purpose -Why kindness is crucial

to success -And much more... Shetty grew up in a family where you could become one of three things—a doctor, a lawyer, or a failure. His family was convinced he had chosen option three: instead of attending his college graduation ceremony, he headed to India to become a monk, to meditate every day for four to eight hours, and devote his life to helping others. After three years, one of his teachers told him that he would have more impact on the world if he left the monk's path to share his experience and wisdom with others. Heavily in debt, and with no recognizable skills on his résumé, he moved back home in north London with his parents. Shetty reconnected with old school friends—many working for some of the world's largest corporations—who were experiencing tremendous stress, pressure, and unhappiness, and they invited Shetty to coach them on well-being, purpose, and mindfulness. Since then, Shetty has become one of the world's most popular influencers. In 2017, he was named in the Forbes magazine 30-under-30 for being a game-changer in the world of media. In 2018, he had the #1 video on Facebook with over 360 million views. His social media following totals over 38 million, he has produced over 400 viral videos which have amassed more than 8 billion views, and his podcast, On Purpose, is consistently ranked the world's #1 Health and Wellness podcast. In this inspiring, empowering book, Shetty draws on his time as a monk to show us how we can clear the roadblocks to our potential and power. Combining ancient wisdom and his own rich experiences in the ashram, Think Like a Monk reveals how to overcome

negative thoughts and habits, and access the calm and purpose that lie within all of us. He transforms abstract lessons into advice and exercises we can all apply to reduce stress, improve relationships, and give the gifts we find in ourselves to the world. Shetty proves that everyone can—and should—think like a monk.

Repossessed A. M. Jenkins, 2009-06-09 Don't call me a demon. I prefer the term Fallen Angel. Everybody deserves a vacation, right? Especially if you have a pointless job like tormenting the damned. So who could blame me for blowing off my duties and taking a small, unauthorized break? Besides, I've always wanted to see what physical existence is like. That's why I borrowed the slightly used body of a slacker teen. Believe me, he wasn't going to be using it anymore anyway. I have never understood why humans do the things they do. Like sin—if it's so terrible, why do they keep doing it? I'm going to have a lot of fun finding out!

Pinocchio Carlo Collodi, 1914 A wooden puppet full of tricks and mischief, with a talent for getting into and out of trouble, wants more than anything else to become a real boy.

Masters of Doom David Kushner, 2003-04-24 *Masters of Doom* is the amazing true story of the Lennon and McCartney of video games: John Carmack and John Romero. Together, they ruled big business. They transformed popular culture. And they provoked a national controversy. More than anything, they lived a unique and rollicking American Dream, escaping the broken homes of their youth to co-create the most notoriously successful

game franchises in history—Doom and Quake—until the games they made tore them apart. Americans spend more money on video games than on movie tickets. *Masters of Doom* is the first book to chronicle this industry's greatest story, written by one of the medium's leading observers. David Kushner takes readers inside the rags-to-riches adventure of two rebellious entrepreneurs who came of age to shape a generation. The vivid portrait reveals why their games are so violent and why their immersion in their brilliantly designed fantasy worlds offered them solace. And it shows how they channeled their fury and imagination into products that are a formative influence on our culture, from MTV to the Internet to Columbine. This is a story of friendship and betrayal, commerce and artistry—a powerful and compassionate account of what it's like to be young, driven, and wildly creative. "To my taste, the greatest American myth of cosmogenesis features the maladjusted, antisocial, genius teenage boy who, in the insular laboratory of his own bedroom, invents the universe from scratch. *Masters of Doom* is a particularly inspired rendition. Dave Kushner chronicles the saga of video game virtuosos Carmack and Romero with terrific brio. This is a page-turning, mythopoeic cyber-soap opera about two glamorous geek geniuses—and it should be read while scarfing down pepperoni pizza and swilling Diet Coke, with Queens of the Stone Age cranked up all the way."—Mark Leyner, author of *I Smell Esther Williams*
