How to Write Lyrics Rikky Rooksby,2021-09-15 Lyrics sheds light on all aspects of writing lyrics for music and will make lyricists and songwriters feel more confident and creative when they tackle lyrics. It's perfect for all songwriters: those who don't like their own lyrics and find lyrics difficult to write, experienced writers looking for a creative edge, and those offering lyrics to set to music in a partnership. The book discusses channeling personal experiences into lyrics, overcoming writer's block, the right lyrics for a bridge, the separation between lyrics and poetry, exploring imagery and metaphor, avoiding clichés, and more. It also offers tips on the various styles of lyrics, from protests, spirituals, and confessionals to narratives and comic songs. New to this edition are artist and song references throughout to reflect musical history to date. Also, a new section provides examples of taking lyric ideas right through the drafting process, illustrating development and re-drafting and using a handful of contrasting approaches.

The Grey Lady and the Strawberry Snatcher Molly Bang,1996-05-01 The Grey Lady loves strawberries. But so does the Strawberry Snatcher, and unfortunately for the Grey Lady he is not far away and getting closer all the time. Past flower shops and bakeries he stalks her, silently, steadily, biding his time. He pursues her by foot along haunting red-brick paths, and then by skateboard into the mysterious depths of a swamp both beautiful and terrifying. Closer and closer he gets, and yet the Grey Lady escapes him, in fantastic and marvelously improbable ways, until, in the heart of the forest the Strawberry Snatcher discovers instead -- blackberries! In this wordless allegory, author-illustrator Molly Bang has created a visual feast full of surprise and wonder. Her lively tale skillfully blends fantasy, suspense, and humor, and the magnificent illustrations are a treat for young and old alike.

Beyond the Map Alastair Bonnett,2018-04-11 New islands are under construction or emerging because of climate change. Eccentric enclaves and fantastic utopian experiments are multiplying. Once-secret fantasy gardens are cracking open their doors to outsiders. Our world is becoming stranger by the day—and Alastair Bonnett observes and captures every fascinating change. In *Beyond the Map*, Bonnett presents stories of the world’s most extraordinary spaces—many unmarked on any official map—all of which challenge our assumptions about what we know—or think we know—about our world. As cultural, religious and political boundaries ebb and flow with each passing day, traditional maps unravel and fragment. With the same adventurous spirit he effused in the acclaimed *Unruly Places*, Bonnett takes us to thirty-nine incredible spots around the globe to explore these changing boundaries and stimulate our geographical imagination. Some are tied to disruptive contemporary political turbulence, such as the rise of ISIL, Russia’s incursions into Ukraine and the Brexit vote in the United Kingdom. Others explore the secret places not shown on Google Earth or reflect fast-changing landscapes. *Beyond the Map* journeys out into a world of mysterious, daunting and magical spaces. It is a world of hidden cultures and ghostly memories, of uncountable new islands and curious stabs at paradise. From the phantom tunnels of the Tokyo subway to a stunning movie-set re-creation of 1950s-era Moscow; from the caliphate of the Islamic State to virtual cybertopias—this book serves as an imaginative guide to the farthest fringes of geography.
