Packaging Girlhood Sharon Lamb, Ed.D.,Lyn Mikel Brown, Ed.D.,2007-04-01 The stereotype-laden message, delivered through clothes, music, books, and TV, is essentially a continuous plea for girls to put their energies into beauty products, shopping, fashion, and boys. This constant marketing, cheapening of relationships, absence of good women role models, and stereotyping and sexualization of girls is something that parents need to first understand before they can take action. Lamb and Brown teach parents how to understand these influences, give them guidance on how to talk to their daughters about these negative images, and provide the tools to help girls make positive choices about the way they are in the world. In the tradition of books like *Reviving Ophelia*, *Odd Girl Out*, *Queen Bees* and *Wannabees* that examine the world of girls, this book promises to not only spark debate but help

parents to help their daughters.

Love of the Sirens Edith Zack, 2015-06-03 Have you ever heard about women creators? For centuries we heard nothing about women creators. History has perpetuated male poets, writers, composers and painters, as well as conductors, philosophers, critics and historians who have documented the history of the world. Women, on the other hand, were something of an adornment. They were considered to be the fairer, weaker, and inferior sex, an object to be written about, painted, and talked about. In the collective consciousness women were associated with salons and morning visits, needlepoint and flower arranging, as well as playing the piano. Were women not intellectuals? Did they not possess even a spark of talent? Did they not create? Did they not perceive their art as their vocation? And if they did, how did they cope with the patriarchal society that sanctified only the works of men? *Love of the Sirens* attempts to answer these questions through the stories of Hildegard von Bingen, Fanny Mendelssohn, Clara Schumann, Pauline Viardot, Florence Price, and fifteen other women composers. Over a period spanning 800 years, from the twelfth century to the present day, all of them created but were absented from the bookshelves of history and their voice was unheard. Each chapter reveals the composer's life story against the backdrop of the period in which she lived, the home she grew up in, her personal relationships, her loves and disillusionments, and her daily struggle along the road to recognition as an independent professional.

BabyCakes Erin McKenna, 2010-10-27 Forget everything you've heard about health-conscious baking. Simply, *BabyCakes* is your key to an enlightened, indulgent, sweets-filled future. This is important news not only for parents whose children have allergies, for vegans,

and for others who struggle with food sensitivities, but also for all you sugar-loving traditionalists. The recipes in these pages prove that there is a healthy alternative to recklessly made desserts, one that doesn't sacrifice taste or texture. Having experimented endlessly with alternative, health-conscious sweeteners, flours, and thickeners, Erin McKenna, the proprietress of beloved bakery BabyCakes NYC, developed these recipes—most are gluten-free, all are without refined sugar—in hopes of combating her own wheat, dairy, and sugar sensitivities. In BabyCakes, she shares detailed information about the ingredients she uses (coconut flour, xanthan gum, and agave nectar, for example) and how to substitute them properly for common ones—all the while guiding you safely through techniques she's spent years perfecting. When BabyCakes NYC opened on Manhattan's Lower East Side in 2005, it helped propel the gluten-free and vegan baking movement into a new stratosphere. Suddenly there was a destination for those with wheat allergies and other dietary restrictions—and, soon enough, celebrities and dessert lovers of every kind—to indulge freely in delectable muffins and teacakes, brownies and cookies, pies and cobblers. Enclosed within these pages are all the “secrets” you'll need to bring the greatness of BabyCakes NYC into your own home as well as raves and recommendations from devotees such as Natalie Portman, Jason Schwartzman, Mary-Louise Parker, Zooey Deschanel, and Pamela Anderson. For confectionists of all kinds, delicious alternatives lie within: Red Velvet Cupcakes, Chocolate Shortbread Scones with Caramelized Bananas, Strawberry Shortcake, and BabyCakes NYC's celebrated frosting (so delicious it has fans tipping back frosting shots!), to name just a few. Finally, Erin's blissful desserts are yours for the baking!

Your Holiday Mom Robin Rice, 2021-11-04 Welcome to Your Holiday Mom, the book! We began as an online space at YourHolidayMom.com, a place where supportive moms gather to post a holiday message to all LGBTQ+ children, teens and adults who are without family support and who would like a stand-in holiday family. We know that not every mom is ready to accept her own LGBTQ+ child exactly as-is (as hard as this is for us moms here to imagine), so we have written to extend our love beyond that of our own family. Who are these moms? We are everyday friends and family from everyday homes. Many, but not all, have LGBTQ+ children of our own. Each mom speaks to the holiday/s she observes, from Thanksgiving to New Years Day. In other words, even our writers here represent diversity! The vast majority of us came together because they heard about the project, yet most have never met me or each other. The common bond we share is that we are so full of love and pride for our own children - LGBTQ+ and straight - we wanted to extend ourselves beyond our own families and do something more. We wish you a happy, love-filled Holiday Season! With Love, Shamama, a.k.a. Robin Rice

Brands of Faith Mara Einstein, 2007-09-14 In a society overrun by commercial clutter, religion has become yet another product sold in the consumer marketplace, and faiths of all kinds must compete with a myriad of more entertaining and more convenient leisure activities. Brands of Faith argues that in order to compete effectively faiths have had to become brands - easily recognizable symbols and spokespeople with whom religious prospects can make immediate connections Mara Einstein shows how religious branding has expanded over the past twenty years to create a blended world of commerce and faith where the sacred becomes secular and the secular sacred. In a series

of fascinating case studies of faith brands, she explores the significance of branded church courses, such as Alpha and The Purpose Driven Life, mega-churches, and the popularity of the televangelist Joel Olsteen and television presenter Oprah Winfrey, as well as the rise of Kaballah. She asks what the consequences of this religious marketing will be, and outlines the possible results of religious commercialism – good and bad. Repackaging religion – updating music, creating teen-targeted bibles – is justifiable and necessary. However, when the content becomes obscured, religion may lose its unique selling proposition – the very ability to raise us above the market.

Because They Matter, Too Cindy Traisi, 2009-10-11
Cindy Traisi has done it again. She has brought me joy with her storytelling abilities and brought this self-perceived, tattooed tough guy to tears with her accounts of the injured wild animals passing through the Fund for Animals Wildlife Center in Southern California. Cindy's first book, *Because They Matter*, was a constant nightstand companion when my children were younger. My daughters demanded just one more of the heart-touching stories of the remarkable job of treating wild animals while they are trying to get by as best they can in a world dominated by human hazards. Some animals in her stories make it, too many don't, but every one of Cindy's accounts of the work done by her husband, Chuck, and their dedicated staff allows readers to appreciate the personalities and endearing qualities of nature's wonders. *Because They Matter, Too* is filled with new heart-lifting and heartbreaking stories of the wild animals that live all around us in Southern California. If you love nature, or just love expert story-telling, *Because They Matter, Too* is a must read. As my daughters put it: just one more Cindy! Better yet... keep them coming, Cindy. Loren Nancarrow,

The Complete Gillian Flynn Gillian Flynn,2014-05-13 Gillian Flynn is the real deal, a sharp, acerbic, and compelling storyteller with a knack for the macabre. —Stephen King This exclusive ebook collection brings together the three novels from bestselling author Gillian Flynn. A #1 New York Times bestseller, *Gone Girl* is an unputdownable masterpiece about a marriage gone terribly, terribly wrong. The Chicago Tribune proclaimed that Flynn’s work “draws you in and keeps you reading with the force of a pure but nasty addiction.” *Gone Girl*’s toxic mix of sharp-edged wit and deliciously chilling prose creates a nerve-fraying thriller that confounds you at every turn. Flynn’s second novel, *Dark Places*, is an intricately orchestrated thriller that ravages a family’s past to unearth the truth behind a horrifying crime. A New York Times bestseller and Weekend Today Top Summer Read, *Dark Places* solidified Flynn’s status as one of the most critically acclaimed suspense writers of our time. In *Sharp Objects*, Flynn’s debut novel, a young journalist returns home to cover a dark assignment—and to face her own damaged family history. With its taut, crafted writing, *Sharp Objects* is addictive, haunting, and unforgettable.

Notes from Val's Kitchen Andrea Norris, 2018-10-16 Pie is good for you. Val's reasoning for making at least five different pies for any occasion and expecting everyone to have at least a small slice of each one after eating a full dinner buffet of her gourmet cooking. After all, there is fruit in pie. -From the Introduction Back when we only had one freezer in the house, a brick red Frigidaire to match the stove and dishwasher, there seemed to be lots of items brought home by my father and stashed away neatly by Val. There were stuffed quahogs, and the occasional blue

fish filet which may seem exotic to families who live elsewhere in the country. These were normal meal ingredients here on Cape Cod. But by far the worst to ever topple out and land on my foot had to have been the headless eels. -Odd Things in Freezers, March 2, 2014

The Altering Eye Robert Phillip Kolker, 2009 The Altering Eye covers a golden age of international cinema from the end of WWII through to the New German Cinema of the 1970s. Combining historical, political, and textual analysis, the author develops a pattern of cinematic invention and experimentation from neorealism through the modernist interventions of Jean-Luc Godard and Rainer Maria Fassbinder, focusing along the way on such major figures as Luis Buñuel, Joseph Losey, the Brazilian director Glauber Rocha, and the work of major Cuban filmmakers. Kolker's book has become a much quoted classic in the field of film studies providing essential reading for anybody interested in understanding the history of European and international cinema. This new and revised edition includes a substantive new Preface by the author and an updated Bibliography.

The New Child Don Edgar, Patricia Edgar, 2008 Every day we read in the media about the crisis of contemporary childhood: Today's kids are out of control - too fat, too indulged, too knowing, and too quick to grow up. But is the crisis real or invented? In this fascinating book Don and Patricia Edgar argue that the crisis is real and has its roots in recent changes in the way we live. Ordinary family life has transformed. Online media technologies in which children are immersed from an early age have proliferated. The growth of individualism, an 'it's all about me' culture, together with the exploitation of children as consumers, have changed childhood dramatically. Between them the Edgars have a wealth of expertise about childhood - as

teachers, researchers, policy advisors and in children's media production. In *The New Child* they offer both parents and policy makers a positive action plan that addresses the whole problem, not just parts of it. This up-to-the moment book also discusses what parents need to know about new media such as video games, and introduces the latest ideas in early childhood development - the sort of ideas that are guiding the Rudd government in its education revolution and its plan to introduce co-located children's services.

Star Wars and the History of Transmedia Storytelling Sean Guynes, Dan Hassler-Forest, 2018 *Star Wars* has reached more than three generations of casual and hardcore fans alike, and as a result many of the

producers of franchised Star Wars texts (films, television, comics, novels, games, and more) over the past four decades have been fans-turned-creators. Yet despite its dominant cultural and industrial positions, Star Wars has rarely been the topic of sustained critical work. *Star Wars and the History of Transmedia Storytelling* offers a corrective to this oversight by curating essays from a wide range of interdisciplinary scholars in order to bring Star Wars and its transmedia narratives more fully into the fold of media and cultural studies. The collection places Star Wars at the center of those studies' projects by examining video games, novels and novelizations, comics, advertising practices, television shows, franchising models, aesthetic and economic decisions, fandom and cultural responses, and other aspects of Star Wars and its world-building in their multiple contexts of production, distribution, and reception. In emphasizing that Star Wars is both a media franchise and a transmedia storyworld, *Star Wars and the History of Transmedia Storytelling* demonstrates the ways in which transmedia storytelling and the industrial logic of media franchising have developed in concert over the past four decades, as multinational corporations have become the central means for subsidizing, profiting from, and selling modes of immersive storyworlds to global audiences. By taking this dual approach, the book focuses on the interconnected nature of corporate production, fan consumption, and transmedia world-building. As such, this collection grapples with the historical, cultural, aesthetic, and political-economic implications of the relationship between media franchising and transmedia storytelling as they are seen at work in the world's most profitable transmedia franchise.

Brandwashed Martin Lindstrom, 2011-09-28 A shocking insider's look at how global giants conspire to

obscure the truth and manipulate our minds. Marketing visionary Martin Lindstrom has been on the front lines of the branding wars for over twenty years. Here, he turns the spotlight on his own industry, drawing on all he has witnessed behind closed doors, exposing for the first time the full extent of the psychological tricks and traps that companies devise to win our hard-earned dollars. Picking up from where Vance Packard's bestselling classic, *The Hidden Persuaders*, left off more than half-a-century ago, Lindstrom reveals: New findings that reveal how advertisers and marketers intentionally target children at an alarmingly young age - starting when they are still in the womb! Shocking results of an fMRI study which uncovered what heterosexual men really think about when they see sexually provocative advertising (hint: it isn't their girlfriends). How marketers and retailers stoke the flames of public panic and capitalize on paranoia over global contagions, extreme weather events, and food contamination scares. The first ever neuroscientific evidence proving how addicted we all are to our iPhones and our Blackberry's (and the shocking reality of cell phone addiction - it can be harder to shake than addictions to drugs and alcohol). How companies of all stripes are secretly mining our digital footprints to uncover some of the most intimate details of our private lives, then using that information to target us with ads and offers 'perfectly tailored' to our psychological profiles. How certain companies, like the maker of one popular lip balm, purposely adjust their formulas in order to make their products chemically addictive. What a 3-month long guerrilla marketing experiment, conducted specifically for this book, tells us about the most powerful hidden persuader of them all. And much, much more. This searing expose introduces a new class of tricks, techniques, and

seductions - the Hidden Persuaders of the 21st century- and shows why they are more insidious and pervasive than ever.
