Tony Northrup's DSLR Book: How to Create Stunning Digital Photography Tony Northrup, 2014-11-26

The top-rated and top-selling photography ebook since 2012 and the first ever Gold Honoree of the Benjamin Franklin Digital Award, gives you five innovations no other book offers: Free video training. 9+ HOURS of video training integrated into the book's content (requires Internet access). Travel around the world with Tony and Chelsea as they teach you hands-on. Appendix A lists the videos so you can use the book like an inexpensive video course. Classroom-style teacher and peer help. After buying the book, you get access to the private forums on this site, as well as the private Stunning Digital Photography Readers group on Facebook where you can ask the questions and post pictures for feedback from Tony, Chelsea, and other readers. It's like being able to raise your hand in class and ask a question! Instructions are in the introduction. Lifetime updates. This book is regularly updated with new content (including additional videos) that existing owners receive for free. Updates are added based on reader feedback and questions, as well as changing photography trends and new camera equipment. This is the last photography book you'll ever need. Hands-on practices. Complete the practices at the end of every chapter to get the real world experience you need. 500+ high resolution, original pictures. Detailed example pictures taken by the author in fifteen countries demonstrate both good and bad technique. Many pictures include links to the full-size image so you can zoom in to see every pixel. Most photography books use stock photography, which means the author didn't even take them. If an author can't take his own pictures, how can he teach you? In this book, Tony Northrup (award-winning author of more than 30 how-to books and a professional portrait,

wildlife, and landscape photographer) teaches the art and science of creating stunning pictures. First, beginner photographers will master: Composition Exposure Shutter speed Aperture Depth-of-field (blurring the background) ISO Natural light Flash Troubleshooting blurry, dark, and bad pictures Pet photography Wildlife photography (mammals, birds, insects, fish, and more) Sunrises and sunsets Landscapes Cityscapes Flowers Forests, waterfalls, and rivers Night photography Fireworks Raw files HDR Macro/close-up photography Advanced photographers can skip forward to learn the pro's secrets for: Posing men and women. including corrective posing (checklists provided) Portraits (candid, casual, formal, and underwater) Remotely triggering flashes Using bounce flash and flash modifiers Using studio lighting on any budget Building a temporary or permanent studio at home Shooting your first wedding High speed photography Location scouting/finding the best spots and times Planning shoots around the sun and moon Star trails (via long exposure and image stacking) Light painting Eliminating noise Focus stacking for infinite depth-of-field Underwater photography Getting close to wildlife Using electronic shutter triggers Photographing moving cars Photographing architecture and real estate

Simply Stunning Seamless Quilts Anna Faustino, 2015-11-01 The art quilter and author of *Simply Stunning Woven Quilts* returns with 14 new wallhanging projects using her exciting and original Outline Design style. Responsive Web Design with HTML5 and CSS3 Ben Frain,2015-08-24 Learn the HTML5 and CSS3 you need to help you design responsive and future-proof websites that meet the demands of modern web

users About This Book Learn and explore how to harness the latest features of HTML5 in the context of responsive web design Learn to wield the new Flexbox layout mechanism, code responsive images, and understand how to implement SVGs in a responsive project Make your pages interactive by using CSS animations, transformations, and transitions Who This Book Is For Are you writing two websites – one for mobile and one for larger displays? Or perhaps you've already implemented your first 'RWD' but are struggling bring it all together? If so, Responsive Web Design with HTML5 and CSS3, Second Edition gives you everything you need to take your web sites to the next level. You'll need some HTML and CSS knowledge to follow along, but everything you need to know about Responsive Design and making great websites is included in the book! What You Will Learn Understand what responsive design is, and why it's vital for modern web development HTML5 markup is cleaner, faster, and more semantically rich than anything that has come before - learn how to use it and its latest features Integrate CSS3 media queries into your designs to use different styles for different media. You'll also learn about future media queries which are evolving in CSS4. Responsive images allow different images to be presented in different scenarios. We'll cover how to load different sets of images depending upon screen size or resolution and how to display different images in different contexts. Conquer forms! Add validation and useful interface elements like date pickers and range sliders with HTML5 markup alone. Implement SVGs into your responsive designs to provide resolution independent images, and learn how to adapt and animate them Learn how to use the latest features of CSS including custom fonts, nth-child selectors (and some CSS4 selectors), CSS custom properties (variables), and CSS calc In Detail Desktop-only websites just aren't good enough

anymore. With mobile internet usage still rising, and tablets changing internet consumption habits, you need to know how to build websites that will just 'work', regardless of the devices used to access them. This second edition of *Responsive Web Design with HTML5 and CSS3* explains all the key approaches necessary to create and maintain a modern responsive design. The changing way in which we access the web means that there has never been a greater range of screen sizes and associated user experiences to consider. With these recent trends driving changes in design, typical desktop-only websites fail to meet even minimum expectations when it comes to style and usability, which can be vital when your website is central to yours or your client's brand. *Responsive Web Design with HTML5 and CSS3, Second Edition* is an updated and improved guide that responds to the latest challenges and trends in web design, giving you access to the most effective approaches to modern responsive design. Learn how to build websites with a “responsive and mobile first” methodology, allowing a website to display effortlessly on every device that accesses it. Packed with examples, and a thorough explanation of modern techniques and syntax, *Responsive Web Design with HTML5 and CSS3, Second Edition* provides a comprehensive resource for all things 'responsive'. This updated new edition covers all the most up-to-date techniques and tools needed to build great responsive designs, ensuring that your projects won't just be built 'right' for today, but in the future too. Chapter example code is all hosted on rwd.education, a dedicated site for the book, built by the author, using the approaches and techniques championed throughout. Style and approach This book should be useful in two ways: as a 'read from the beginning and learn as you go' resource but also as a reference you can come back to in the months to come – when trying to remember this or that syntax or look up a

link that may help you out of a development hell-hole. To this end, rather than follow a single design through from chapter one and build on it incrementally until the end of the book, each chapter exists in relative isolation. This means that code and examples are particular to each chapter and don't need to be considered along with what has gone before or after. That doesn't mean that each chapter's techniques won't work in unison; the reference site for this book, rwd.education is an example of them all working in harmony. However, by limiting the chapter examples to the topic at hand, it should be simpler for you to understand and reference the essence of each example and topic in the future.

Future Tourism Trends Volume 1 Canan Tanrisever,Hüseyin Pamukçu,Anukrati Sharma,2024-01-22
The world is entering the Third Millennium in which great changes are expected in all areas of human interest, life, and activity. These changes have been brought on by past and present man-made events, which have had both positive and negative consequences. The coming millennium will be marked by significant social, political, demographic, and technological changes, and will definitely differ from the last century. The future will bring more leisure time, a higher standard of living, and a better quality of life for us all. *Future Tourism Trends* examines recent and the most probable changes and answers questions such as: Who is 'the new tourist' – if there is one – and what is she looking for? Is the new post-technological era transforming the very essence of travelling? The authors present a wide range of visionary insights, as well as operational takeaways.

Learn HTML5 and JavaScript for iOS Scott Preston,2012-06-12 You have a great idea for a simple mobile web app. Or, you have a great idea for a complicated mobile web app. Either way, *Learn HTML5*

and JavaScript for iOS will help you build, fine-tune, and publish your app for iPhone, iPad, or iPod touch. Scott Preston will walk you through building a mobile web app from scratch using real-world examples. You'll learn about design considerations, mobile web frameworks, and HTML5 features like animation and graphics using Canvas. You'll also learn how to customize your app for a variety of platforms, and you'll explore testing and performance tips for your app. Get an overview of HTML5, JavaScript, and mobile web frameworks Discover tips for iOS usability as well as performance Dig into features like images, animation, and even geolocation

Donna Dewberry's Essential Guide to Flower and Landscape Painting Donna Dewberry,2013-05-21 50 of Donna's favorite projects in one gorgeous book! Donna Dewberry flowers are beautiful to behold, and they are beautifully simple to create. You can achieve the same loveliness using her easy-to-master One-Stroke painting techniques. Inside, you'll see how--step by simple step. Pages are abloom with Donna's favorite flowers (soon to be your favorites, too!), fabulous landscapes, and garden projects to make your outside space a happier place. An intro chapter covers all the basics, from selecting your tools and loading your brush, to fundamental brushstrokes, palette knife painting techniques, and instructions for painting a variety of beautiful backgrounds. Then follow along step by step to create: • 38 flowers--cottage garden blooms, spring bulb flowers, wildflowers, herbs, exotics, floral motifs and more. • 7 beautiful outdoor projects, including an address sign, a trio of butterfly houses, and a patio clock. • 5 fast and fabulous

landscapes, from wildflower fields to a tropical paradise. Assembled from three of Donna's top-selling books, this collection has everything you need to fill your every day with painted sunshine!

NRSV, Cultural Backgrounds Study Bible Zondervan, 2019-03-12 Discover new dimensions of insight with a behind-the-scenes tour of the ancient world You've heard many Bible stories hundreds of times, but how many details are you missing? Sometimes a little context is all you need to discover the rich meaning behind even the most familiar stories of Scripture. That's what the NRSV Cultural Backgrounds Study Bible provides. Every page of this NRSV Bible is packed with expert insight into the customs, culture, and literature of biblical times. These fascinating explanations will serve to clarify your study of the Scriptures, reinforcing your confidence and bringing difficult passages of Scripture into sharp focus. The Bible was originally written to an ancient people removed from us by thousands of years and thousands of miles. The Scriptures include subtle culturally based nuances, undertones, and references to ancient events, literature and customs that were intuitively understood by those who first heard the texts read. For us to truly understand the Scriptures as they did, we need a window into their world and language. The NRSV Cultural Backgrounds Study Bible, with notes from Dr. John H. Walton (Wheaton College) in the Old Testament and Dr. Craig S. Keener (Asbury Theological Seminary) in the New Testament, brings the ancient world of Scripture to life for modern readers. Expertly designed for the New Revised Standard Version (NRSV) text, Zondervan's exclusive Comfort Print® delivers a smooth reading experience that complements the foremost Bible translation vetted by Protestant, Catholic, Orthodox, Evangelical, and Jewish scholars. Renowned for its beautiful balance of scholarship and readability, the NRSV faithfully

serves the church in personal spiritual formation, in the liturgy, and in the academy. Features: The complete text of the New Revised Standard Version (Protestant canon), vetted by an ecumenical pool of Christian academics and renowned for its beautiful balance of scholarship and readability 2017 ECPA Bible of the Year Recipient Targeted book introductions explain the context in which each book of the Bible was written Insightful and informative verse-by-verse study notes reveal new dimensions of insight to even the most familiar passages Key Old Testament (Hebrew) and New Testament terms are explained and expanded upon in two helpful reference features Over 300 in-depth articles on key contextual topics 375 full-color photos, illustrations, and images from around the world Dozens of charts, maps, and diagrams in vivid color Words of Jesus in red Cross references, NRSV Authorized Concise Glossary and Concordance, indexes, and other helps for Bible study Exclusive Zondervan NRSV Comfort Print® typeface

The IVP Bible Background Commentary: Old Testament John H. Walton, Victor H. Matthews, Mark W. Chavalas, 2012-11-15 Preaching's Preacher's Guide to the Best Bible Reference How can we account for the Book of the Law suddenly being discovered during Josiah's renovation of the temple (2 Chron 34:14)? We know from Egypt and Mesopotamia that it was common to seal important documents--including theological documents--in the masonry or foundations of a palace or temple in order to inform a future king who might undertake restoration of the building. What might the psalmist have had in mind when praising God for removing our transgressions as far as the east is from the west (Ps 103:12)? In an Egyptian hymn to Amun-Re, the deity is praised for his judgment of the guilty. As a result of the god's discernment the guilty are assigned to the east and the righteous to the west. What is meant by God weighing the heart

(Prov 21:2)? In Egyptian religious tradition we find the notion of the dead being judged before the gods. As the soul is examined, the dead person's heart is weighed in a scale against a feather symbolizing Truth. If the answers are correct and the heart does not outweigh the feather, the soul may enter the realm of everlasting life. The narratives, genealogies, laws, poetry, proverbs and prophecies of the Old Testament are deeply rooted in history. Archaeologists, historians and social scientists have greatly advanced our knowledge of the ancient world of the Bible. When we illuminate the stories of Abraham or David, the imagery of the Psalms or Proverbs, or the prophecies of Isaiah or Jeremiah with this backlight of culture and history, these texts spring to new life. The unique commentary joins The IVP Bible Background Commentary: New Testament in providing historical, social and cultural background for each passage of the Old Testament. From Genesis through Malachi, this single volume gathers and condenses an abundance of specialized knowledge--making it available and accessible to ordinary readers of the Old Testament. Expert scholars John Walton, Victor Matthews and Mark Chavalas have included along with the fruits of their research and collaboration a glossary of historical terms, ancient peoples, texts and inscriptions maps and charts of important historical resources expanded explanations of significant background issues introductory essays on each book of the Old Testament The IVP Bible Background Commentary: Old Testament will enrich your experience of the Old Testament--and your teaching and preaching from Scripture--in a way that no other commentary can do.

In the House of the Hangman volume 1 John Bloomberg-Rissman, 2016-12-10 A marathon dance mix consisting of thousands of mashed up text and image samples, In the House of the Hangman tries to give a

taste of what life is like there, where it is impolite to speak of the noose. It is the third part of the life project Zeitgeist Spam. If you can't afford a copy ask me for a pdf.
