Home Style by City Ida Magntorn,2014-09-23 “Features five design-focused metropolises . . . and funky spaces that reflect the sensibilities of life there . . . It has visual inspiration galore.”

—Refinery29 Explore the world’s most stylish and eclectic residences in this inspired armchair décor guide. *Home Style by City* captures the essence of five design-forward cities, featuring gorgeously decorated homes from each that reflect local style and inspire internationally. Part city tour—including must-visit flea markets, bits of colorful history, and curated lists of music, books, and films—and part design resource for achieving the various looks, this refreshing perspective on décor shows how cities themselves impact interiors. Illuminating text invites readers into page after page of lavishly photographed interiors, offering deceptively simple transitions and insider tips to bring the look into any space. Visually rich and totally inspiring, *Home Style by City* is a treasure for lovers of design, travel, and, of course, big city dreams. “From character and cultural heritage, each section offers up tips for decorating in this eclectic-bohemian style from where to shop (flea markets) while in these cities to ‘get the look’ ideas and DIYs to create your own favorite city-inspired look.”

—Poppytalk “Ida’s book is loaded with wonderful images of her friends’ stylish homes who are collectors of vintage finds. She also lists favorite flea markets, best movies to watch, books to read, and music to listen to.” —A Well Lived House

Spatial Structures R. J. Johnston, 2023-04-01 Originally published in 1973, this book synthesizes the mass of material into an introduction to the study of spatial systems. Geographic literature of the time stressed the influence of the distance between places on both location decision-making and movement patterns, arguing that the spatial system is an ordered set of interacting locations. This system is created by human decisions, influenced by the distance factor, and the system's morphology constrains further activities, including those which would alter it. Spatial Structures outlines the development of such systems, their present organization, and the ways in which they are changing. These themes are dealt with in three main chapters which focus on different spatial scales – the individual city, the nation state and the international system, within a simple classification of spatially organized activities.

Creating African Fashion Histories JoAnn

McGregor, Heather M. Akou, Nicola Stylianou, 2022-04-05 *Creating African Fashion Histories* examines the stark disjuncture between

African self-fashioning and museum practices. Conventionally, African clothing, textiles, and body adornments were classified by museums as examples of trade goods, art, and ethnographic materials—never as fashion. Counterposing the dynamism of African fashion with museums' historic holdings thus provides a unique way of confronting ways in which coloniality persists in knowledge and institutions today. This volume brings together an interdisciplinary group of scholars and curators to debate sources and approaches for constructing African fashion histories and to examine their potential for decolonizing museums, fashion studies, and global cultural history. The editors of this volume seek to answer questions such as: How can researchers use museum collections to reveal traces of past self-fashioning that are obscured by racialized forms of knowledge and institutional practice? How can archival, visual, oral, ethnographic, and online sources be deployed to capture the diversity of African sartorial pasts? How can scholars and curators decolonize the Eurocentric frames of thinking encapsulated in historic collections and current curricula? Can new collections of African fashion decolonize museum practice? From Moroccan fashion bloggers to upmarket Lagos designers, the voices in this ground-breaking collection reveal fascinating histories and geographies of circulation within and beyond the continent and its diasporic communities.

The Lincoln Highway Amor Towles,2021-10-05 #1 NEW YORK TIMES BESTSELLER More than ONE MILLION copies sold A TODAY Show Read with Jenna Book Club Pick A New York Times

Notable Book, and Chosen by Oprah Daily, Time, NPR, The Washington Post, Bill Gates and Barack Obama as a Best Book of the Year “Wise and wildly entertaining . . . permeated with light, wit, youth.” —The New York Times Book Review “A classic that we will read for years to come.” —Jenna Bush Hager, Read with Jenna book club “Fantastic. Set in 1954, Towles uses the story of two brothers to show that our personal journeys are never as linear or predictable as we might hope.” —Bill Gates “A real joyride . . . elegantly constructed and compulsively readable.” —NPR

The bestselling author of *A Gentleman in Moscow* and *Rules of Civility* and master of absorbing, sophisticated fiction returns with a stylish and propulsive novel set in 1950s America. In June, 1954, eighteen-year-old Emmett Watson is driven home to Nebraska by the warden of the juvenile work farm where he has just served fifteen months for involuntary manslaughter. His mother long gone, his father recently deceased, and the family farm foreclosed upon by the bank, Emmett's intention is to pick up his eight-year-old brother, Billy, and head to California where they can start their lives anew. But when the warden drives away, Emmett discovers that two friends from the work farm have hidden themselves in the trunk of the warden's car. Together, they have hatched an altogether different plan for Emmett's future, one that will take them all on a fateful journey in the opposite direction—to the City of New York. Spanning just ten days and told from multiple points of view, Towles's third novel will satisfy fans of his multi-layered literary styling while providing them an array of new and richly imagined settings, characters, and themes. “Once again, I was wowed by Towles’s writing—especially because *The Lincoln Highway* is so different from *A Gentleman in Moscow* in terms of setting, plot, and themes. Towles is not a one-trick pony. Like all the best storytellers, he has range. He takes inspiration from famous hero’s journeys, including *The Iliad*, *The Odyssey*, *Hamlet*, *Huckleberry Finn*, and *Of Mice and Men*. He seems to be saying that our personal journeys are never as linear or predictable as an

interstate highway. But, he suggests, when something (or someone) tries to steer us off course, it is possible to take the wheel.” – Bill Gates
