The Book of Pook Pook, 2018-03-19 The complete collection of writings by the legend himself! A few years ago there was a man who posted on a PUA forum called So Suave and had his own blog called Pook's Mill. His basic message was that the PUA techniques were too simple, and focused on external manipulations, and focusing on others rather than focusing on yourself and your own masculinity. Sadly Pook disappeared from the scene, but his teachings live on in this ebook.

Good Girls, Bad Girls of the New Testament T. J. Wray, 2016-03-02 *Good Girls, Bad Girls of the New Testament* takes readers on a powerful journey through the vast landscape of Roman-occupied Judea during the first century and the genesis of Christianity. This landscape serves as the backdrop for twelve amazing stories of women whose paths intersect, either by providence or design, with the paths of Jesus or Paul. Some of these women are familiar, such as Mary, the mother of Jesus, while others, like the wife of the infamous Pontius Pilate, are lesser known. Whether she is popular or obscure, good or bad, each woman's story is an important part of the overall Christian narrative. *Good Girls, Bad Girls of the New Testament* invites readers to take a more nuanced look at twelve stories that feature women, to explore their lives more deeply in historical context, and to understand the real story

that includes both men and women. The book goes beyond simply telling the story of a particular biblical woman to challenge readers to explore the enduring lessons the ancient writers sought to impart. These timeless lessons are as important for us today as they were thousands of years ago.

The Girls' Guide to Power and Success Susan Wilson Solovic, 2001 Not only society's narrow stereotypes, but also women's own self-defeating behaviors, are to blame for the lack of gender parity in the workplace, says Solovic, an advocate for women in business. She shares advice and strategies to help women defy limiting assumptions and conquer their own career-sabotaging patterns, including the insidious Good Girl syndrome. c. Book News Inc.

Swimming in the Steno Pool: A Retro Guide to Making It in the Office Lynn Peril, 2011-04-25 Feed your boss's ego. Dress for success. And don't let your heels trip you up on the corporate ladder. Millions of women have held the position of secretary, alternately lauded as a breakthrough opportunity and excoriated as dead-end busy work. From the female pioneers who infiltrated Capitol Hill offices during the Civil War to today's tech-savvy administrative assistants, secretaries have withstood criticism for abandoning their rightful sphere (the home), weathered the dubious advice of secretarial guide-books, taken hits from feminists and antifeminists alike, and demanded the right to resist making coffee—all while making their bosses look good. In *Swimming in the Steno Pool*, author-secretary Lynn Peril profiles the various incarnations of the secretary, from pliable, sexy mate of the office husband to postfeminist executive-in-training, drawing inspiration from a wide range of femorabilia and secretarial guidebooks of yesteryear. Featuring an array of fabulous illustrations promoting office equipment and office girls alike, Peril delivers a feisty, witty celebration

of the women who've been running the show for decades.

The Girl's Guide to the Big Bold Moves for Career Success Caitlin Friedman, Kimberly Yorio, 2008 Based on interviews with more than 100 successful women who have made great professional strides, The Girl's Guide to Kicking Your Career into Gear is a woman's ticket to taking charge of her career once and for all and getting where she wants to go.

Half of a Yellow Sun Chimamanda Ngozi Adichie, 2010-10-29 With her award-winning debut novel, *Purple Hibiscus*, Chimamanda Ngozi Adichie was heralded by the Washington Post Book World as the "21st century daughter" of Chinua Achebe. Now, in her masterly, haunting new novel, she recreates a seminal moment in modern African history: Biafra's impassioned struggle to establish an independent republic in Nigeria during the 1960s. With the effortless grace of a natural storyteller, Adichie weaves together the lives of five characters caught up in the extraordinary tumult of the decade. Fifteen-year-old Ugwu is houseboy to Odenigbo, a university professor who sends him to school, and in whose living room Ugwu hears voices full of revolutionary zeal. Odenigbo's beautiful mistress, Olanna, a sociology teacher, is running away from her parents' world of wealth and excess; Kainene, her urbane twin, is taking over their father's business; and Kainene's English lover, Richard, forms a bridge between their two worlds. As we follow these intertwined lives through a military coup, the Biafran secession and the subsequent war, Adichie brilliantly evokes the promise, and intimately, the devastating disappointments that marked this time and place. Epic, ambitious and triumphantly realized, *Half of a Yellow Sun* is a more powerful, dramatic and intensely emotional picture of modern Africa than any we have had before.

Good Girls, Bad Girls T. J. Wray,2008-10-23 The few popular Bible stories about women are often presented in black and white—the women were good or bad, Ruth or Jezebel. But most of us fall somewhere in between these two extremes. Good Girls, Bad Girls invites readers to take a more nuanced look at 12 women in the Old Testament, to explore their lives more deeply in historical context, and to grasp what these stories might mean to women today. T. J. Wray, a biblical scholar, asks readers to consider whether Jezebel was really as bad as generally believed, and includes women ranging from the infamous Delilah to the mysterious Witch of Endor. Impeccably researched and beautifully written, Good Girls, Bad Girls will appeal to both individual readers and groups interested in learning what the Bible really has to say about these twelve important women.

Investing in the Educational Success of Black Women and Girls Lori D. Patton,Venus Evans-Winters,Charlotte Jacobs,2023-07-03 “In the powerful essays that make up Investing in the Educational Success of Black Women and Girls, Black women and girls are listened to, appreciated and valued in recognition of the unrelenting challenges to our existence in a world that continues to be committed to stifling our voices. What these authors know intimately is that such stifling is not because what Black women and girls are saying isn’t important: It is precisely because it is. This book names the challenges Black women and girls continue to experience as we pursue our education and offers implications and recommendations for practitioners, teachers, administrators, and policymakers. [It] needs to be read widely and

deeply studied as much for its formations and beautiful representations of Black women and girls as its recommendations. It is the truth-telling we need today and a groundbreaking resource we need today and beyond.”—Cynthia B. Dillard (Nana Mansa II of Mpeasem, Ghana), Athens, Georgia; and Cape Coast, Central Region, Ghana

While figures on Black women and girls’ degree attainment suggest that as a group they are achieving in society, the reality is that their experiences are far from monolithic, that the educational system from early on and through college imposes barriers and inequities, pushing many out of school, criminalizing their behavior, and leading to a high rate of incarceration. The purpose of this book is to illuminate scholarship on Black women and girls throughout the educational pipeline. The contributors—all Black women educators, scholars, and advocates—name the challenges Black women and girls face while pursuing their education as well as offer implications and recommendations for practitioners, policymakers, teachers, and administrators to consider in ensuring the success of Black women and girls. This book is divided into four sections, each identifying the barriers Black girls and women encounter at the stages of their education and offering strategies to promote their success and agency within and beyond educational contexts. In Part One, the contributors explore the importance of mattering for Black girls in terms of redefining success and joy; centering Black girl literacy pedagogies that encourage them to thrive; examining how to make STEM more accessible to them; and recounting how Black girls’ emotions and emotional literacy can either disempower them or promote their sense of agency to navigate educational contexts. Part Two uncovers the violence directed toward and the criminalization of Black women and girls, and how they are situated in educational and justice systems that collude to

fail them. The contributors address incarceration and the process of rehabilitation and reentry; the outcomes of disciplinary action in schools on women who pursue college; and describe how the erasure and disregard of Black women and girls leaves them absent from the educational policies that deeply affect their lives and wellbeing. Part Three focuses on how Black women are left to navigate without resources that could make their collegiate pathways smoother; covers how hair politics impact their acceptance in college leadership roles, particularly at HBCUs; illuminates the importance of social/emotional and mental health for Black undergraduate women and the lack of adequate resources; and explores how women with disabilities navigate higher education. The final part of this book describes transformative approaches to supporting the educational needs of Black women and girls, including the use of a politicized ethic of care, intergenerational love and dialogue, and constructing communities, including digital environments, to ensure they thrive through their education and beyond.
