But someone does not want such secrets revealed, and they are willing to send assassins to keep her silent. Paranoia and loneliness set in as even her closest friends reveal hidden agendas. Worst of all, the further she follows the intertwined threads, the closer they appear to lead to her own father.

*One-Eyed Jacks and the Suicide King* Anthony Donell Smith,2015-08-21 Stages of Literature The sorcerer dawned with skills of voodoo. The tarot card depicts the sorcerer from the voodoo stage, and he permeated into an image, with its symbols of the English court. The tragicomedy period (old English) dispelled the notion of the sorcerer being placed between us and our maker. Of course even without the sorcery, forces continued to defy logic. Properties of voodoo, through perspectives, were at the helm. Laws of force were soon accepted by the maturing world. Although these forces have constructs that are not visible, the effects were known to be very consistent. Testing such laws proved reliable to cause and effect. The age of reason brought wisdom, through retrospect, of how we react to the unknown and unexplained. We simply make up what we do not know. However, we do so by taking the perspectives we are granted and reasoning out the realities that lie within. With reality being created from our crooked and unaligned perspectives, our realities pale in comparison to Gods truths. The Romantic Period paired our realizations of reason and logic up against the phenomenon we call emotions. Emotions won hands down. Earlier chronicles of man demonstrate mystery, but the mystics are to the nth power within emotions. The day of the zodiac combines logics and emotions and is depicted by the symbols of civilization. Each past civilization will leave signs of what they most feared and what they most needed (adored). The interrelation of humans is controlled by the celestial constellations, aligning our compatibility to one another. It barely scratches the surface of why we are magnetized to some while we are polarized from others. Charms of Makings caused her end. Makings of charm will set and begin.

The Professor, the Banker, and the Suicide King Michael Craig,2008-06-17 The Players: the best poker professionals in the world The Challenger: a wealthy banker from Dallas The Game: the richest poker stakes of all time... In 2001, a rich stranger from Texas descended upon the high-stakes poker room in the opulent Bellagio casino in Las Vegas. A self-made billionaire by the name of Andy Beal, the stranger challenged some of the world's greatest poker players-including Doyle Brunson, Chip Reese, Howard Lederer, and Jennifer Harman-to heads-up matches in the richest poker game ever played This is that story... Beginning the scintillating contest that would shock the world of poker, Andy and each opponent had \$1 million, betting \$10,000 and \$20,000 per round. As the games intensified over the coming months and Andy developed into a great player, he realized how he could take his adversaries out of their comfort zone-he raised the stakes to put everything they had on the line. By the time the battle of wits ended, there was more than \$20 million on the table. For the first time ever, here is the detailed, true account of the Big Game that has already achieved legendary status in poker lore. Putting you railside to observe the pulse-pounding action, where you can almost hear the distinct sound of clay chips on felt, Michael Craig takes you inside the iron-nerved mind and pathological psyche of the professional gambler. *Wild Cards: Suicide Kings* Daniel Abraham,2013 The heart of the world is bleeding, the People's Paradise of Africa is having it out with the Caliphate, and the Sudan is a charnel house. The powers-that-be aren't doing anything. The UN might set up a committee. But the time for action is now. So, one by one, the aces join the fight, each for their own reasons.

Orphans Lyle Kessler,2013-05-07 In a run-down house in North Philadelphia live two orphan brothers: the reclusive, sensitive Philip, sealed off in a world of StarKist tuna and Errol Flynn movies; and Treat, a violent pickpocket and thief. Into this ferocious and funny world enters Harold, a mysterious, wealthy, middle-aged man who is kidnapped by Treat, but who soon turns the tables on the two brothers, changing forever the delicate power balance of their relationship. Both hilarious and heartbreaking, Orphans is a story of the universal love of a father for his son, and a son's need to live his own life.

*Long Live the Suicide King* Aaron Michael Ritchey,2014-04-03 Seventeen-year-old Jim JD Dillinger knows exactly how his miserable suburban life is going to play out. At least drugs added a little chaos to his life, but after almost losing his soul, JD knows he has to quit. Now clean, he figures he has another sixty years of plain old boring life followed by a nasty death. JD decides to pre-empt God by killing himself. However, once he decides to die, his life gets better, more interesting, and then downright strange. New friends. Possible romance. And donuts. Lots of donuts. Once the end is in sight, every minute becomes precious.

The Serpent King Jeff Zentner,2017-06-06 Named to ten BEST OF THE YEAR lists and selected as a William C. Morris Award Winner, The Serpent King is the critically acclaimed, much-beloved story of three teens who find themselves--and each other--while on the cusp of graduating from high school with hopes of leaving their small-town behind. Perfect for fans of John Green's Turtles All the Way Down. Move over, John Green; Zentner is coming for you. —The New York Public Library “Will fill the infinite space that was left in your chest after you finished The Perks of Being a Wallflower.” —BookRiot.com Dill isn't the most popular kid at his rural Tennessee high school. After his father fell from grace in a public scandal that reverberated throughout their small town, Dill became a target. Fortunately, his two fellow misfits and best friends, Travis and Lydia, have his back. But as they begin their senior year, Dill feels the coils of his future tightening around him. His only escapes are music and his secret feelings for Lydia--neither of which he is brave enough to share. Graduation feels more like an ending to Dill than a beginning. But even before then, he must cope with another ending--one that will rock his life to the core. Debut novelist Jeff Zentner provides an unblinking and at times comic view of the hard realities of growing up in the Bible belt, and an intimate look at the struggles to find one's true self in the wreckage of the past. “A story about friendship, family and forgiveness, it's as funny and witty as it is utterly heartbreaking.” —PasteMagazine.com “A brutally honest portrayal of teen life . . . [and] a love letter to the South from a man who really understands it.” —Mashable.com “I adored all three of these characters and the way they talked to and loved one another.”—New York Times

**Kings County** David Goodwillie,2020-07-28 “Goodwillie captures the rapturous soul of a bygone Brooklyn: the songs, the sex, the bars, the youth! And then the churn of relentless change, the broken hearts, the crushing realities. But it is the searing burn of discovery that makes Kings County a true and continual delight.” —Joshua Ferris, author of Then We Came to the End It's the early 2000s and like generations of ambitious young people before her, Audrey Benton arrives in New York City on a bus from nowhere. Broke but resourceful, she soon finds a home for herself amid the burgeoning music scene in Williamsburg, Brooklyn. But the city's freedom comes with risks, and Audrey makes compromises to survive. As she becomes a minor celebrity in indie rock circles, she finds an unlikely match in Theo Gorski, a shy but idealistic mill-town kid who's struggling to establish himself in the still-patrician world of books. But then an old acquaintance of Audrey's disappears under mysterious circumstances, sparking a series of escalating crises that force the couple to confront a dangerous secret from her past. From the raucous heights of Occupy Wall Street to the comical lows of the publishing industry, from million-dollar art auctions to Bushwick drug dens, Kings County captures New York City at a moment of cultural reckoning. Grappling with the resonant issues and themes of our time—sex and violence, art and commerce, friendship and family—it is an epic coming-of-age tale about love, consequences, bravery, and fighting for one's place in an ever-changing world.
