Sumatra (Indonesia) - Wink Travel Guide Wink Travel Wink Travel Guide,2019-06-20 Nature is the primary attraction of Sumatra. There are jungles, volcanoes and lakes. The rain-forest of this island is so important that in 2006 no less than 25,000 square km was declared a UNESCO World Heritage Site and named The Tropical Rainforest Heritage of Sumatra. This area comprises three distinct national parks, the Gunung Leuser National Park, Kerinci Seblat National Park and Bukit Barisan Selatan National Park. Perhaps the most notable specific attraction is the endemic Sumatran Orangutan (smaller and rarer than the only other species of orangutan which is endemic to Borneo). These are restricted to the northern parts of the island and perhaps the easiest place to see them is at Bukit Lawang in the Gunung Leuser National Park. Wink Travel Guides introduce you to the best world travel destinations, in a clear and concise way, illustrated by photos.

What You Need to Know Before You Travel to Indonesia Non Fiction Author,2017-09-15 Indonesia sits centrally on the equator and is surrounded by Malaysia, East Timor, Papua New Guinea, Singapore, the Philippines, Australia, Palau, Vietnam, Thailand, and India. A plethora of cultures have added to Indonesia's history, going back to Chinese and Indian traders in the 1st century AD. Marco Polo was the first European to land at Sumatra, and later in their search for the legendary Spice Islands, Portuguese and Spanish explorers also learned of Indonesia. Starting in the late 1500's, the Dutch held the islands for three centuries and the islands were commonly termed the Dutch East Indies. In 1945, the Indonesian people declared independence and they officially achieved statehood in 1950. In many ways a young and forward looking country, Indonesia embraces all of its diverse population and traditions under the banner of 'One Country, One Nation'. Of Indonesia's multitude of islands, about 6,000 can be considered inhabited. The six main islands one is likely to visit are Sumatra, Java, Kalimantan (the Indonesian portion of the island of Borneo), Bali, Sulawesi (formerly Celebes), and Papua (the western half of New Guinea Island). We also include information in this guide for the Maluku island group (also called the Moluccas, the original spice islands) and the Nusa Tenggara Islands. While many vacationers, especially those with limited time, might concentrate on an area developed for tourism such as Java or Bali, one could easily spend a month or more and barely begin to discover some of Indonesia's hidden corners and remote treasures. WHAT YOU'LL FIND INSIDE: ---

Medan (Indonesia) - Wink Travel Guide Wink Travel Wink Travel Guide,2019-06-18 Medan is a city on the north coast of the island of Sumatra in Indonesia, and the capital of North Sumatra province. It's interesting to contrast the old, Dutch style green areas, with parks, lawns, and huge old Dutch houses (now turned into government offices or commercial business) and the hundreds and hundreds of newer, shoddy shophouses sprawled

together by the hundreds in the commercial areas along with a few modern style malls. Medan isn't a tourist destination, but it's a convenient stepping stone to other places like the 'weekend getaway' Berastagi, the island of Penang, Malaysia, and the popular, beautiful crater lake, Lake Toba. Wink Travel Guides introduce you to the best world travel destinations, in a clear and concise way, illustrated by photos.

Indonesia Information David Mills,2019-12-09 Indonesia Information. Tourist Guide, History, Bali Travel Environment. After the arrival of Austranesian people into the archipelago between 2,500 BCE and 1,500 BCE, Indonesia quickly developed dozens of kingdoms, some short-lived and some lasting for a lengthy period of time, like the all-conquering Srivijaya kingdom of Sumatra, and the Javanese-Malaysian kingdom of Majapahit. Unfortunately, the arrival of colonial powers brought these kingdoms to a standstill. Marco Polo regularly passed through the Indonesian islands during the 1200's. However, it wasn't until the 1500's that European presence began influencing the area. The Dutch and the British began colonizing parts of Sumatra, Java and the modern day Malaysian peninsula and eventually, Dutch forces took control of Indonesia in 1619, although there were small British sections in Sumatra. Of the 18,000 islands under the Indonesian flag, only 6,000 are actually inhabited. This provides tourists with an exhaustive list of places to explore that are truly 'off the beaten path'. However, this doesn't mean travelers must be adventurous to enjoy a vacation to Indonesia, but it wouldn't be off the mark to suggest that Indonesia is Southeast Asia's most dynamic holiday destination. Bali: So were you wondering if there's anything to do on an island covered in rice paddies and tropical jungle? Or did you just want to sit in the sun and drink beer? Well, some people do. Then the rest of us get out and experience the real Bali. If you like the outdoors, there is certainly no shortage of activities on Bali. For divers we have over 952 species of sea life and 393 coral species. You can scuba-dive or snorkel all around Bali or its baby islands Nusa Lembongan and Nusa Penida. Surfers do not need to be told that Bali has some of the most awesome waves in the world. Just ask the ASP why they are having Phase 5 of their World Championships here. In the centre of the island one can go white-water rafting, canyoning, motoror pedal bike riding, or offroading in various types of vehicles.Families will love Bali Zoo or Safari Park, Taro Elephant Park, Bali Bird Park and more. Botanists, come and see the spectacular collections of orchids and 111 other indigenous plants. Twitchers, come catch some birds in your binocs. Want to go riding? Horse or elephant?Sailors will have a grand time, either at the Royal Bali Yacht Club, or on a schooner bound for the islands east of here. Of course you can also fly there by charter seaplane or helicopter. Sky's the limit

Nusa Tenggara (Indonesia) - Wink Travel Guide Wink Travel Wink Travel Guide,2019-06-20 Nusa Tenggara (Southeast Islands), also known as the Lesser Sunda Islands, is a region in southeastern Indonesia. Formerly little more than afterthought for most Bali-bound travellers, this region is now attracting more and more visitors, with Komodo National Park close to Flores island and Lombok leading the way. The Wallace line, the boundary between the Asian and Australian ecosystems, passes through the region, between Bali and Lombok. Therefore, Nusa Tenggara is part of Wallacea, a transitional ecozone, identified by both the WWF and Conservation International as a global conservation priority area.
