From the first flower’s bloom to the moment the leaves begin to turn, the summer season is always an exciting dash to spend time outside with good friends and family. While the winter months are filled with hearty roasts and warm stews, recipes for summer should adapt to our on-the-go plans and impromptu outdoor parties. Summer Cooking: Kitchen-Tested Recipes for Picnics, Patios, Grilling and More is a one-of-a-kind guide for preparing delicious food that perfectly complements these warm summer days. Collected from the Chicago Tribune’s extensive database of kitchen-tested recipes, this collection of portable appetizers, quick salads, grilled entrées, creative sides, and refreshing cocktails are ideal for anywhere the summer season takes you. This book gives readers plenty of recipes that don’t need the oven, can be made outdoors or inside, and use fresh seasonal ingredients. The Chicago Tribune is one of the few newspapers that still operates its own test kitchen, and all of these recipes have been carefully curated by their award-winning staff of food writers and editors. If readers use one cookbook for this summer, it should be this well-tested collection of eclectic recipes from a trusted group of experts.
- Magic in the Kitchen** ,2001-01-01 Taking inspiration from the surrealists, and adding a twist of twenty-first-century technology and a love of good food, photographer Jan Bartelsman turns his lenses on the United States’ star chefs, traveling from coast to coast to photograph, interview, and collect recipes from such culinary luminaries as Julia Child, Thomas Keller, Charlie Trotter, and Daniel Boulud. Bartelsman captures each chef’s unique personality in hand-tinted photomontages enhanced by fanciful digitally generated elements to create a gallery that Food Arts magazine calls fresh and spontaneous. Baby carrots rain down on Jean-Georges Vongerichten as he stands against the Manhattan skyline. Dancer-graceful Suzanne Goin strikes a pose with a Martha Graham-inspired carrot. The chefs’ recipes and comments are as lively as their portraits. Ming Tsai spices lobster with garlic and pepper, and serves it with lemongrass fried rice; Lydia Shire’s gorgonzola dolce ravioli are paired with roasted summer peaches. This book is truly a delectable dish, the complexity and taste of which readers can savor for years to come.
- British Food** Colin Spencer,2011-06-14 A masterful and witty account of Britain’s culinary heritage. This a revised and updated edition of an award-winning book, recognized as the authoritative work on the subject of British food. It is a breathtaking attempt to trace the changes to and influences on food in Britain from the Black Death, through the Enclosures, the Reformation, the Industrial Revolution, the rise of capitalism to the present day. There has been a recent wave of interest in food culture and history and Colin Spencer’s masterful, readable account of Britain’s culinary history is a celebrated contribution to the genre. There has never been such an exciting, broad-scoped history of the food of these islands. It should remind us all of our rich past and the gastronomic importance of British cuisine. “A breathtakingly comprehensive, wide-ranging and fascinating food history.” —Daily Mail

Featuring 100 superb recipes, a gorgeous collection of food and lifestyle images, and evocative personal narrative, Hercules illustrates how the region’s cuisine varies as much as the landscapes, climate, and produce through her travels to the Carpathians, the Black Sea, the shores of the Danube and Dnieper, and her native land.

- Katie Lee’s Easy-Breezy Eats** Katie Lee,2018-04-10 Katie Lee—co-host of Food Network’s The Kitchen—is known for her summer soirees, and in Katie Lee’s Easy-Breezy Eats, she shares more than 100 recipes that are staples at these parties. As chef Bobby Flay can attest, the recipes are as mouthwatering as they look. For Katie, cooking isn’t just about the food. It’s about the whole experience: the atmosphere, the stories that each ingredient tells, and, of course, the people who share the meal. Katie’s vision of a complete entertaining experience continues with Katie Lee’s Easy-Breezy Eats—where the cooking reflects the distinctive flavors of her home in the Hamptons. From photography to design to the recipes themselves, Katie Lee’s Easy-Breezy Eats evokes the delicious flavors of the best season of the cook’s year. Included are salad niçoise, peach blueberry cobbler, figs wrapped in prosciutto, a pizza thrown onto the grill, steak tacos served with avocado and fresh cilantro, and much, much more. Katie also offers ideas for wine pairing and easy entertaining. - Berenice Abbott: A Life in Photography** Julia Van Haaften,2018-04-10 The comprehensive biography of the iconic twentieth-century American photographer Berenice Abbott, a trailblazing documentary modernist, author, and inventor. Berenice Abbott is to American photography as Georgia O’Keeffe is to painting or Willa Cather to letters. She was a photographer of astounding innovation and artistry, a pioneer in both her personal and professional life. Abbott’s sixty-year career established her not only as a master of American photography, but also as a teacher, writer, archivist, and inventor. Famously reticent in public, Abbott’s fascinating life has long remained a mystery—until now. In Berenice Abbott: A Life in Photography, author, archivist, and curator Julia Van Haaften brings this iconic public figure to life alongside outlandish, familiar characters from artist Man Ray to cybernetics founder Norbert Wiener. A teenage rebel from Ohio, Abbott escaped first to Greenwich Village and then to Paris—photographing, in Sylvia Beach’s words, everyone who was anyone. As the Roaring Twenties ended, Abbott returned to New York, where she soon fell in love with art critic Elizabeth McCausland, with whom she would spend thirty years. In the 1930s, Abbott began her best-known work, Changing New York, in which she fearlessly documented the city’s metamorphosis. When warned by an older male supervisor that nice girls avoid the Bowery—then Manhattan’s skid row—Abbott shot back, I’m not a nice girl. I’m a photographer...I go anywhere. This bold, feminist attitude would characterize all Abbott’s accomplishments, including imaging techniques she invented in her influential, space race-era science photography and her tenure as The New School’s first photography teacher. With more than ninety stunning photos, this sweeping, cinematic biography secures Berenice Abbott’s place in the histories of photography and modern art, while framing her incredible accomplishments as a female artist and entrepreneur.
