Sunglasses After Dark Nancy A. Collins, 2015-06-09 A half-human, half-vampire hunts the bloodsucker who bit her in this “compelling” Bram Stoker Award-winning debut (Publishers Weekly). One spring night in London, heiress Denise Thorne disappears while partying at a nightclub, never to be seen again. That very same night, Sonja Blue, a tough-as-nails punk vampire/vampire-slayer, conceived in terror and blood, is borne from the city’s gutters. Saved by modern medicine before she could die, she is a living vampire who still possesses a soul and is determined to fight for what remains of her humanity. In the years since her bizarre resurrection, Sonja Blue travels the globe, hunting down and disposing of those creatures that prey on the innocent while searching for the vampire Noble who created her. But when she investigates a sleazy televangelist named Catherine Wheele, who is exploiting Denise Thorne’s parents, Sonja finds herself up against a powerful inhuman adversary. But as dangerous as Catherine Wheele proves to be, Sonja’s greatest foe remains the Other, the demonic personality with whom she is locked in a constant battle for control of their shared body. Can Sonja Blue overcome her inner demon in time to rescue an innocent man from Catherine Wheele’s unholy clutches? Acknowledged as one of the first Urban Fantasy novels, *Sunglasses After Dark* burst onto the fantasy/horror scene in 1989, garnering widespread critical praise and winning the Horror Writers Association’s coveted Bram Stoker Award, as well as the British Fantasy Society’s Icarus Award. New edition: Revised and edited by the author.

Cool Shades Vanessa Brown, 2014-12-18 *Cool Shades* provides the first in-depth exploration of the enduring appeal of sunglasses in visual culture, both historically and today. Ubiquitous in fashion, advertising, film and graphic design, sunglasses are the ultimate signifier of 'cool' in mass culture; a powerful attribute pervading much fashion and pop cultural imagery which has received little scholarly attention until now. Accessible and highly engaging, this book offers an original history of how sunglasses became a fashion accessory in the early twentieth century, and addresses the complex variety of meanings they have the power to articulate, through associations with vision, light, glamour, darkness, fashion, speed and technology in the context of modernity. *Cool Shades* will be of great interest to students of fashion, design, visual and material culture, cultural studies and sociology, as well as general readers fascinated by this iconic fashion staple.

Conversations with Myself Nelson Mandela, 2010-10-11 Nelson Mandela is widely considered to be one of the most inspiring and iconic figures of our age. Now, after a lifetime of taking pen to paper to record thoughts and events, hardships and victories, he has bestowed his entire extant personal papers, which offer an unprecedented insight into his remarkable life. A singular international publishing event, *Conversations with Myself* draws on Mandela's personal archive of never-before-seen materials to offer unique access to the private world of an incomparable world leader. Journals kept on the run during the anti-apartheid struggle of the early 1960s; diaries and draft letters written in Robben Island and other South African prisons during his twenty-seven years of incarceration; notebooks from the postapartheid transition; private recorded conversations; speeches and correspondence written during his presidency—a historic collection of documents archived at the Nelson Mandela Foundation is brought together into a sweeping narrative of great immediacy and stunning power. An intimate journey from Mandela's first stirrings of political consciousness to his galvanizing role on the world stage, *Conversations with Myself* illuminates a heroic life forged on the front lines of the struggle for freedom and justice. While other books have recounted Mandela's life from the vantage of the present, *Conversations with Myself* allows, for the first time, unhindered insight into the human side of the icon.
