Amazing Arizona! Boye Lafayette De Mente,2010 Arizona is unique among American states, not only in its geography and geology but also in the diversity of its climate, in its indigenous animal and plant life, and in the history of its first inhabitants-communities of Indians whose ancestors arrived on the scene more than 20,000 years ago. Arizona is also the youngest of the contiguous mainland states of America...precisely because of these very same factors. Its climate, geography and Indian tribes were major barriers that prevented the territory from becoming widely populated by the Spanish, Mexicans and early European-Americans, and from being used as a cross-roads by American fur/pelt trappers, gold prospectors and settlers who began pushing west in the mid-1800s. Now, it is exactly these same factors that make Arizona a great place to live as well as a world-famous travel destination. The stories of how Arizona finally became what it is today are as amazing as the lay and the beauty of the land. Great background reading for residents and visitors alike, and an ideal gift.

The Scorecard Always Lies Chris Lewis,2007-05-15 As Tiger Woods broke down in tears on the 18th green at Royal Liverpool Golf Club, legions of spectators strained their eyes to read the emotion on his face. Like the millions watching on television, they knew that Tiger had just won the British Open, and that his father had recently died. Beyond that, however, they knew precious little -- only that he played with a Nike golf ball, carried an American Express card in his wallet, and, presumably, drove a Buick. They were hungry for more, but everything else about his off-course life, and those of his fellow pros, was forbiddingly well-guarded. Until now. In *The Scorecard Always Lies* veteran Sports Illustrated golf correspondent Chris Lewis reaches past the results, stats, and sound-bites to focus on the personalities and personal lives of the sport's top players. While embracing all the drama and excitement of the 2006 PGA Tour season, he takes us inside the locker rooms, hotel rooms, and private planes to deliver an unrivaled, behind-the-scenes look at the Tour and the men who play it. Lewis spent thirty weeks of the 2006 season on the road with the best golfers in the world, exploring their backstories, motivations, and preoccupations, and collecting telling, character-revealing tales. He bore witness to both the hard work and the privilege that frame their lifestyles. But he also discovered a Tour that to this point remained largely unknown -- one where a player while pursuing dreams of glory might also be suing his agent, going through a messy divorce, or looking to throw down in the locker room with one of his peers. There's John Daly trying to explain how his wife has just been taken off to jail. There's Chris Couch making a midnight, barefoot run through a derelict district of New Orleans, fearing he was about to be kidnapped, and taking refuge in a tattoo parlor. We watch as Tiger Woods tries to deal with losing his father to cancer, while refusing to abandon his fondness for blue humor. We see Phil Mickelson hanging with rock stars, sharing a Masters victory gift with a national championship-winning college football coach, and hooking up a sportswriter with a would-be groupie's phone number. All in all, we get a rare glimpse of the off-course lives of the Tour's stars and their supporting cast. At turns humorous, touching, and insightful, the book sheds new light on every aspect of Tour life, from easygoing Tuesday practice rounds to feverpitch Sunday showdowns, always taking care to show how their off-course

concerns inform their every swing. Fans will savor the fullest portrait yet of a group of players who, throughout their successes and struggles, remain unfailingly smart, funny, and engaging, and make up the most intriguing subculture in all of sports.
