This book is packed with so much easy to follow, practical, hands-on information about steps you can take towards integrating homesteading into your life. It is packed full of exciting and mouth-watering recipes and heartwarming stories of her unique adventure into homesteading. These recipes are ones I know I will be using regularly in my kitchen. - Eve Kilcher These 109 recipes include her family's favorites, with maple-glazed pork chops, butternut Alfredo pasta, and browned butter skillet corn. Jill also shares 17 bonus recipes for homemade sauces, salt rubs, sour cream, and the like—staples that many people are surprised to learn you can make yourself. Beyond these recipes, The Prairie Homestead Cookbook shares the tools and tips Jill has learned from life on the homestead, like how to churn your own butter, feed a family on a budget, and experience all the fulfilling satisfaction of a DIY lifestyle.

Sister Stardust Jane Green,2022-04-05 *NATIONAL BESTSELLER* A PARADE MOST ANTICIPATED BOOK OF THE YEAR A NEW YORK POST BEST BOOK OF THE WEEK In her first novel inspired by a true story, Jane Green re-imagines the life of troubled icon Talitha Getty in this transporting story from a forgotten chapter of the Swinging '60s From afar Talitha's life seemed perfect. In her twenties, and already a famous model and actress, she moved from London to a palace in Marrakesh, with her husband Paul Getty, the famous oil heir. There she presided over a swirling ex-pat scene filled with music, art, free love and a counterculture taking root across the world. When Claire arrives in London from her small town, she never expects to cross paths with a woman as magnetic as Talitha Getty. Yearning for the adventure and independence, she's swept off to Marrakesh, where the two become kindred spirits. But beneath Talitha's glamorous facade lurks a darkness few can understand. As their friendship blossoms and the two grow closer, the realities of Talitha's precarious existence set off a chain of dangerous events that could alter Claire's life forever.

The Goddess Effect Sheila Yasmin Marikar,2022-10-04 All she wants is to be her best self. Is she ready? Absolutely. Does she know what to expect? Absolutely not. Anita is over her life in New York: her dead-end job, tiny studio apartment, self-obsessed friends, and overbearing mom. So she moves west to Los Angeles in search of a new career, enlightenment, and that nebulous target...wellness. She discovers an elite workout class called the Goddess Effect, run by a lifestyle guru named Venus who's the very definition of #goals. One look at her Lululemon-clad acolytes sweating out their demons while dripping with confidence and Anita's all in. When one of the class regulars takes Anita under her wing, Anita's sure she's found her people. But Anita's not so smitten that she doesn't wonder about a few things: an inexplicable invitation to a Goddess Effect retreat, a strange tradition of secret sharing, and whispers about enhancements that only Venus can provide. Anita is awakening to a terrifying epiphany: the Goddess Effect isn't quite what it seems, and it may turn her world--and that of everyone around her--upside down.

Confessions of a Recovering Environmentalist and Other Essays Paul Kingsnorth,2017-08-01 A provocative and urgent essay collection that asks how we can live with hope in “an age of ecocide” Paul Kingsnorth was once an activist—an ardent environmentalist. He fought against rampant development and the depredations of a corporate world that seemed hell-bent on ignoring a looming climate crisis in its relentless pursuit of profit. But as the environmental movement began to focus on “sustainability” rather than the defense of wild places for their own sake and as global conditions worsened, he grew disenchanted with the movement that he once embraced. He gave up what he saw as the false hope that residents of the First World would ever make the kind of sacrifices that might avert the severe consequences of climate change. Full of grief and fury as well as passionate, lyrical evocations of nature and the wild, *Confessions of a Recovering Environmentalist* gathers the wave-making essays that have charted the change in Kingsnorth’s thinking. In them he articulates a new vision that he calls “dark ecology,” which stands firmly in opposition to the belief that technology can save us, and he argues for a renewed balance between the human and nonhuman worlds. This iconoclastic, fearless, and ultimately hopeful book, which includes the much-discussed “Uncivilization” manifesto, asks hard questions about how we’ve lived and how we should live.

In a continuing effort to provide those who use EPA's water quality and human health criteria with up-to-date criteria values and associated information, the document was assembled.
