Confessions of an Event Planner Judy Allen, 2009-08-26 For anyone planning events—student, novice, or experienced professional—*Confessions of an Event Planner* is an “apprenticeship in a book.” This insider’s guide takes you on a narrative journey, following a fictional event planning company that stages various types of events around the world for many different clients. While other books, college courses, and training programs give you the theory and how-to of the profession, *Confessions of an Event Planner* reveals the real world of event planning and what can happen—usually the unexpected—on an event program when actual participants are added to the event planning design and execution mix. In a climate of media scrutiny and corporate scandals, event planners must be masters of discretion, knowing how to avoid and deal with everything from sexual romps to financial shenanigans, to chainsaw wielding salesmen dead set on “re-landscaping” the grounds of the resort they’re staying at. From an event planner who’s seen it all and knows how to deal with it all, comes practical first-hand advice delivered in an entertaining and accessible format. Each chapter is set in a unique location, with a cast of characters, and a host of challenges and problems to overcome—from the boardroom to the resort guest bedrooms. Readers learn what they can come up against, how to problem solve creatively on the fly, get ideas for staging spectacular events, and see the principles of event planning in action. The scenario in each chapter is introduced by an outline of what will be covered in the chapter, and each chapter concludes with a series of review questions to explore key

issues and stimulate reflection or discussion for individuals or groups. Ideal as a companion to Judy Allen's six other event planning books, as a textbook in event planning courses, or as a professional training tool *Confessions of an Event Planner* prepares planners for what they can expect once they start working in the world of corporate and social event planning, and will help decision-makers set company policies, procedures and protocol and promote discussion about codes of conduct in the office and offsite.

Time Management for Event Planners Judy Allen, 2009-12-09 Event planning never stops. This industry goes 24/7, 365 days a year. Planners work evenings, weekends, and holidays, often far away from their home base, organizing and running events that simply must go on, and go smoothly. Missing a critical deadline is not an option in the

event planning field. Time management errors can cost a company a potential sale, lose them an existing customer, and damage their professional reputation. Burnout and chaos are real risks in this hectic world of deadlines and multiple projects. Planners often find themselves working down to the wire against crushing deadlines and a mountain of obstacles that impede their progress. Too frequently, there is not enough time to get the job done properly, let alone to spend on personal or professional pursuits. And for many involved in the event planning field, there is the extra dimension of travel to factor in, juggling multiple projects on a daily basis across a multitude of time zones. For smooth event implementation, and for business success, it is essential that planners know how to manage their own time as well as they manage an event. *Time Management for Event Planners* teaches readers how to successfully manage their workload, and do what matters most, when it matters most: Analyze and prioritize tasks. Structure your workload and your day for maximum performance. Identify red-flag activities that hinder productivity. Reduce stress-producing time crunches. Identify when extra help is needed, as well as how to delegate, outsource, and even partner with suppliers in crunch periods. Work with rather than against deadlines. Save time using technology. Manage multiple projects, even in multiple time zones. Balance your personal and professional life. Whether you are an event planner, a hospitality professional, in public relations or other related fields, *Time Management for Event Planners* offers time-saving tips, techniques, examples, and expert insight that will help you get time on your side.
