Body as Evidence Janell Hobson,2012-10-18 In *Body as Evidence*, Janell Hobson challenges postmodernist dismissals of identity politics and the delusional belief that the Millennial era reflects a “postracial” and “postfeminist” world. Hobson points to diverse examples in cultural narratives, which suggest that new media rely on old ideologies in the shaping of the body politic. *Body as Evidence* creates a theoretical mash-up of prose and poetry to illuminate the ways that bodies still matter as sites of political, cultural, and digital resistance. It does so by examining various representations, from popular shows like *American Idol* to public figures like the Obamas to high-profile cases like the Duke lacrosse rape scandal to current trends in digital culture. Hobson’s study also discusses the women who have fueled and retooled twenty-first-century media to make sense of antiracist and feminist resistance. Her discussions include the electronica of Janelle Monáe, M.I.A., and Björk; the feminist film odysseys of Wanuri Kahiu and Neloufer Pazira; and the embodied resistance found simply in raising one’s voice in song, creating a blog, wearing a veil, stripping naked, or planting a tree. Spinning knowledge out of this information overload, Hobson offers a global black feminist meditation on how our bodies mobilize, destabilize, and decolonize the meanings of race and gender in an increasingly digitized and globalized world.

Makeover TV Brenda R. Weber,2009-11-20 In 2004, roughly 25 makeover-themed reality shows aired on U.S. television. By 2009, there were more than 250, from *What Not to Wear* and *The Biggest Loser* to *Dog Whisperer* and *Pimp My Ride*. In *Makeover TV*, Brenda R. Weber argues that whether depicting transformations of bodies, trucks, finances, relationships, kids, or homes, makeover shows posit a self achievable only in the transition from the “Before-body”—the overweight figure, the decrepit jalopy, the cluttered home—to the “After-body,” one filled with confidence, coded with celebrity, and imbued with a renewed faith in the powers of meritocracy. The rationales and tactics invoked to achieve the After-body vary widely, from the patriotic to the market-based, and from talk therapy to feminist empowerment. The genre is unified by its contradictions: to uncover your “true self,” you must be reinvented; to be empowered, you must surrender to experts; to be special, you must look and act like everyone else. Based on her analysis of more than 2,500 hours of makeover TV, Weber argues that the much-desired After-body speaks to and makes legible broader cultural narratives about selfhood, citizenship, celebrity, and Americanness. Although makeovers are directed at both male and female viewers, their gendered logic requires that feminized subjects submit to the controlling expertise wielded by authorities. The genre does not tolerate ambiguity. Conventional (middle-class, white, ethnically anonymous, heterosexual) femininity is the goal of makeovers for women. When subjects are male, makeovers often compensate for perceived challenges to masculine independence by offering men narrative options for resistance or control. Foregoing a binary model of power and subjugation, Weber provides an account of makeover television that is as appreciative as it is critical. She reveals the makeover show as

a rich and complicated text that expresses cultural desires and fears through narratives of selfhood.

A Matrix of Meanings (Engaging Culture) Craig Detweiler,Barry Taylor,2003-11-01 Ross and Rachel had a baby, Britney and Justin broke up, and *Time* magazine asked if Bono could save the world. From the glittering tinsel of Hollywood to the advertising slogan you can't get out of your head, we are surrounded by popular culture. In *A Matrix of Meanings* Craig Detweiler and Barry Taylor analyze aspects of popular culture and ask, What are they doing? What do they represent? and What do they say about the world in which we live? Rather than deciding whether Bono deserves our admiration, the authors examine the phenomenon of celebrity idolization. Instead of deciding whether Nike's Just do it campaign is morally questionable, they ask what its success reflects about our society. *A Matrix of Meanings* is a hip, entertaining guide to the maze of popular culture. Plentiful photos, artwork, and humorous sidebars make for delightful reading. Readers who distrust popular culture as well as those who love it will find useful insight into developing a Christian worldview in a secular culture.
