The Sales Leader's Problem Solver Suzanne Paling, 2016-11-21 This is the book every sales manager wishes they had-before they accepted the job. The advice within acts as a 24/7 coach for beleaguered sales leaders dealing with perplexing dilemmas. Sales leaders (managers, directors, and vice presidents) advocate for and often succeed in getting sales training for their reps, but when they request sales management training for themselves, the answer is often no. This lack of formal instruction lowers their chances of success. Drawn from the author's experiences as a sales manager, sales management consultant, and coach, *The Sales Leader's Problem Solver* offers guidance on solving common but difficult issues with the salesperson who: Sells inconsistently. Cheats on sales contests. Doesn't enter data in the CRM. Calls only on the largest or easiest clients. Won't prospect for new business. By providing a consistent format to follow, Suzanne Paling will help any sales leader level-headedly deal with any challenge by: Clarifying the issue. Creating a plan. Presenting a solution to executives. Discussing the issue with the rep(s) in question. *The Sales Leader's Problem Solver* is a powerful tool that will help new and experienced sales managers lead their teams and develop their reputations as fair, effective, no-nonsense problem solvers.

So You Want to Sing Jazz Jan Shapiro, 2015-12-17 Since the 1930s and '40s, jazz has stood tall in American popular music, drawing into its embrace not only great horn players, percussionists, guitarists, bassists, and pianists, but also some of the greatest singers in America's musical history. Jazz has

laid the groundwork for important innovations in modern singing, opening up entirely new ways of delivering songs through what would eventually become jazz standards—songs that formed the basis of the American Songbook. In *So You Want to Sing Jazz*, singer and professor of voice Jan Shapiro gives a guided tour through the art and science of the jazz vocal style. Throughout, Shapiro hones in on what makes jazz singing distinctive, suggesting along the way how other types of singers can make use of jazz. She looks at such key matters in jazz singing as the role of improvisation, the place of specific singers who influenced and even defined vocal jazz as we know it today, and the unique way in which jazz incorporates vibrato, conversational delivery, rhythmic phrasing, and melodic embellishment and improvisation. The book includes guest-authored chapters by singing voice researchers Dr. Scott McCoy and Dr. Wendy LeBorgne. In *So You Want to Sing Jazz*, singers and voice teachers finally have the go-to resource they need for singing vocal jazz. The *So You Want to Sing* series is produced in partnership with the National Association of Teachers of Singing. Like all books in the series, *So You Want to Sing Jazz* features online supplemental material on the NATS website.
