Black Cultural Traffic Harry Justin Elam, Kennell A. Jackson, 2005-12-02 Fresh takes on key questions in black performance and black popular culture, by leading artists, academics, and critics

Beyond Memory Max Mojapelo, 2008 South Africa possesses one of the richest popular music traditions in the world - from marabi to mbaqanga, from boeremusiek to bubblegum, from kwela to kwaito. Yet the risk that future generations of South Africans will not know their musical roots is very real. Of all the recordings made here since the 1930s, thousands have been lost for ever, for the powers-that-be never deemed them worthy of preservation. And if one peruses the books that exist on South African popular music, one still finds that their authors have on occasion jumped to conclusions that were not as foregone as they had assumed. Yet the fault lies not with them, rather in the fact that there has been precious little documentation in South Africa of who played what, or who recorded what, with whom, and when. This is true of all music-making in this country, though it is most striking in the musics of the black communities. *Beyond Memory: Recording the History, Moments and Memories of South African Music* is an invaluable publication because it offers a first-hand account of the South African music scene of the past decades from the pen of a man, Max Thamagana Mojapelo, who was situated in the very thick of things, thanks to his job as a deejay at the South African Broadcasting Corporation. This book - astonishing for the breadth of its coverage - is based on his diaries, on interviews he conducted and on numerous other sources, and we find in it not only the well-known names of recent South African music but a countless host of others whose contribution must be recorded if we and future generations are to gain an accurate picture of South African music history of the late 20th and early 21st centuries.

Imagining Transgender David Valentine, 2007-08-30 *DIVA* An ethnography in which the author's fieldwork with transgendered and transsexual individuals in New York City demonstrates the creation and confusion of gender identity labels.

American Pictures Jacob Holdt, 1985 From 1971 to 1978 the author, a Dane, hitchhiked across more than 100,000 miles of America. This volume, written at the journey's end, contains some 700 of the photographs he took, and describes his odyssey.

The Beat Kip Lornell, Charles C. Stephenson Jr., 2010-01-06 *The Beat!* was the first book to explore the musical, social, and cultural phenomenon of go-go music. In this edition, updated by a substantial chapter on the current scene, authors Kip Lornell and Charles C. Stephenson, Jr., place go-go within black popular music made since the middle 1970s—a period during which hip-hop has predominated. This styling reflects the District's African American heritage. Its super-charged drumming and vocal combinations of hip-hop, funk, and soul evolved and still thrive on the streets of Washington, DC, and in neighboring Prince George's County, making it the most geographically compact form of popular music. Go-go—the only musical form indigenous to Washington, DC—features a highly syncopated, nonstop beat and vocals that are spoken as well as sung. The book chronicles its development and ongoing popularity, focusing on many of its key figures and institutions, including established acts such as Chuck

Brown (the Godfather of Go-Go), Experience Unlimited, Rare Essence, and Trouble Funk; well-known DJs, managers, and promoters; and filmmakers who have incorporated it into their work. *The Beat!* provides longtime fans and those who study American musical forms a definitive look at the music and its makers.

Screens Fade to Black David J. Leonard, 2006-06-30 The triple crown of Oscars awarded to Denzel Washington, Halle Berry, and Sidney Poitier on a single evening in 2002 seemed to mark a turning point for African Americans in cinema. Certainly it was hyped as such by the media, eager to overlook the nuances of this sudden embrace. In this new study, author David Leonard uses this event as a jumping-off point from which to discuss the current state of African-American cinema and the various genres that currently compose it. Looking at such recent films as *Love and Basketball*, *Antwone Fisher*, *Training Day*, and the two *Barbershop* films—all of which were directed by black artists, and most of which starred and were written by blacks as well—Leonard examines the issues of representation and opportunity in contemporary cinema. In many cases, these films—which walk a line between confronting racial stereotypes and trafficking in them—made a great deal of money while hardly playing to white audiences at all. By examining the ways in which they address the American Dream, racial progress, racial difference, blackness, whiteness, class, capitalism and a host of other issues, Leonard shows that while certainly there are differences between the grotesque images of years past and those that define today's era, the consistency of images across genre and time reflects the lasting power of racism, as well as the black community's response to it.

Louder and Faster Deborah Wong, 2019-09-10 A free open access ebook is available upon publication. Learn more at www.luminosoa.org. *Louder and Faster* is a cultural study of the phenomenon of Asian American taiko, the thundering, athletic drumming tradition that originated in Japan. Immersed in the taiko scene for twenty years, Deborah Wong has witnessed cultural and demographic changes and the exponential growth and expansion of taiko particularly in Southern California. Through her participatory ethnographic work, she reveals a complicated story embedded in memories of Japanese American internment and legacies of imperialism, Asian American identity and politics, a desire to be seen and heard, and the intersection of culture and global capitalism. Exploring the materialities of the drums, costumes, and bodies that make sound, analyzing the relationship of these to capitalist multiculturalism, and investigating the gender politics of taiko, *Louder and Faster* considers both the promises and pitfalls of music and performance as an antiracist practice. The result is a vivid glimpse of an Asian American presence that is both loud and fragile.

Smith County Justice David Ellsworth, 2014-02-16 Saul Sotow of the New York Daily Mirror called it A masterpiece of investigative writing. Margaret Chase of the Newark Evening News said of *Smith County Justice*, Not since *In Cold Blood* . . . Master literary investigator David Ellsworth unravels the tale of corruption in a Texas county and in his usual style, names names and pulls out everything under the administrative rugs. The book was touted by

television's 20/20, by 20th Century Fox, Stephen J. Cannell Productions and a host of others wanting to capitalize on this magnificent work of investigative literature.

I Had a Hammer Hank Aaron, Lonnie Wheeler, 2009-03-17 The Classic New York Times Bestseller The man who shattered Babe Ruth's lifetime home run record, Henry Hammering Hank Aaron left his indelible mark on professional baseball and the world. But the world also left its mark on him. I Had a Hammer is much more than the intimate autobiography of one of the greatest names in pro sports—it is a fascinating social history of twentieth-century America. With courage and candor, Aaron recalls his struggles and triumphs in an atmosphere of virulent racism. He relives the breathtaking moment when, in the heat of hatred and controversy, he hit his 715th home run to break Ruth's cherished record—an accomplishment for which Aaron received more than 900,000 letters, many of them vicious and racially charged. And his story continues through the remainder of his milestone-setting, barrier-smashing career as a player and, later, Atlanta Braves executive—offering an eye-opening and unforgettable portrait of an incomparable athlete, his sport, his epoch, and his world.

The Essential Mae Brussell Mae Brussell, 2014-09-15 Mae's work may be more relevant now than in her heyday. Like those of many other freedom fighters throughout history, the ghost of Mae Brussell will never rest till justice is served.—Tim Cahill The main Brussell thesis, if I dare risk commit the sin of summary on her complex work, was that an ex-Nazi scientist-Old Boy OSS clique in the CIA using Mafia hit men changed the course of American history by bumping off one and all, high and low, who became an irritant to them.—Warren Hinkle, San Francisco Examiner columnist The Essential Mae Brussell is a compilation of chilling essays and radio transcripts by the seminal American anti-fascist researcher, famously supported by John Lennon and Yoko Ono. Mae Brussell was a married housewife with five children living in southern California before she took up the study of fascism in America. After the Kennedy assassination, she purchased the twenty-six-volume Warren Commission Report, and compiled, for herself, evidence that Lee Harvey Oswald was, as he maintained after his arrest, a patsy. She had a regular radio broadcast on KLRB, an independent FM radio station in Carmel, California. She also published articles in Paul Krassner's the Realist, Hustler, People's Almanac, and the Berkeley Barb. In 1983, Mae's hour-long program shifted to KAZU-FM in Pacific Grove, California, and she remained on the air weekly until her final broadcast in June 1988. On October 3, 1988, at sixty-six, Brussell died of cancer.

Twelve Years a Slave Solomon Northup, 2024-01-04 Filmatized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Nortup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician,

Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US, on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

The Cambridge Companion to Blues and Gospel Music Allan Moore, 2002 From Robert Johnson to Aretha Franklin, Mahalia Jackson to John Lee Hooker, blues and gospel artists figure heavily in the mythology of twentieth-century culture. The styles in which they sang have proved hugely influential to generations of popular singers, from the wholesale adoptions of singers like Robert Cray or James Brown, to the subtler vocal appropriations of Mariah Carey. Their own music, and how it operates, is not, however, always seen as valid in its own right. This book provides an overview of both these genres, which worked together to provide an expression of twentieth-century black US experience. Their histories are unfolded and questioned; representative songs and lyrical imagery are analysed; perspectives are offered from the standpoint of the voice, the guitar, the piano, and also that of the working musician. The book concludes with a discussion of the impact the genres have had on mainstream musical culture.

Love for Sale David Hajdu, 2016-10-18 A personal, idiosyncratic history of popular music that also may well be definitive, from the revered music critic From the age of song sheets in the late nineteenth-century to the contemporary era of digital streaming, pop music has been our most influential laboratory for social and aesthetic experimentation, changing the world three minutes at a time. In *Love for Sale*, David Hajdu—one of the most respected critics and music historians of our time—draws on a lifetime of listening, playing, and writing about music to show how pop has done much more than peddle fantasies of love and sex to teenagers. From vaudeville singer Eva Tanguay, the “I Don’t Care Girl” who upended Victorian conceptions of feminine propriety to become one of the biggest stars of her day to the scandal of Blondie playing disco at CBGB, Hajdu presents an incisive and idiosyncratic history of a form that has repeatedly upset social and cultural expectations. Exhaustively researched and rich with fresh insights, *Love for Sale* is unbound by the usual tropes of pop music history. Hajdu, for instance, gives a star turn to Bessie Smith and the “blues queens” of the 1920s, who brought wildly transgressive sexuality to American audience decades before rock and roll. And there is Jimmie Rodgers, a former

blackface minstrel performer, who created country music from the songs of rural white and blacks . . . entwined with the sound of the Swiss yodel. And then there are today's practitioners of Electronic Dance Music, who Hajdu celebrates for carrying the pop revolution to heretofore unimaginable frontiers. At every turn, Hajdu surprises and challenges readers to think about our most familiar art in unexpected ways. Masterly and impassioned, authoritative and at times deeply personal, *Love for Sale* is a book of critical history informed by its writer's own unique history as a besotted fan and lifelong student of pop.
