Communities of the Soul José E. Igartua, 2022-01-31 Religion is fundamental to contemporary Puerto Rican society. From the cosmology of the Indigenous Taíno, to the wide range of Judeo-Christian churches and sects, to the practitioners of spiritism, Afro-Caribbean religions, and witchcraft, religious practice in its many forms permeates the lives of most Puerto Ricans. *Communities of the Soul* illuminates the landscape and history of religion in Puerto Rico from the beliefs and practices of the Taíno to the religious diversity of the present day. Throughout its history, religion in Puerto Rico has braided institutional forms and popular practices, yet has always been a community-based process – made by the people. When the island was under Spanish colonial rule, the formal but weak presence of Catholicism meant that Puerto Ricans cultivated their religious experiences within families and local communities as much as within the structures of the church. These communal practices continued as Puerto Ricans joined Protestant denominations – particularly evangelical Pentecostalism – after the American conquest of the island in 1898. In the second half of the twentieth century, religious diversity increased with the formation of Jewish and Muslim communities, as well as numerous local evangelical congregations. Even as Puerto Rican society becomes more cosmopolitan and diverse, popular devotions and ritualistic practices remain an important part of everyday life. The first synthesis of the religious history of the island, *Communities of the Soul* is an innovative exploration of religion in Puerto Rico and the beliefs, practices, and diversity of its past and present.

The Lighthouse Effect Steve Pemberton, 2021-09-28 In this stirring follow-up to his memoir, Steve Pemberton gives practical encouragement for how you can be a human lighthouse for others and through these inspiring stories will renew your hope for humanity. Our polarized, divisive culture seems to be without heroes and role models. We are adrift in a dark sea of disillusionment and distrust and we need human lighthouses to give us hope and direct us back to the goodness in each other and in our own hearts. Steve Pemberton found a lighthouse in an ordinary man named John Sykes, his former high school counselor. John gave Steve a safe harbor after Steve escaped an abusive foster home and together they navigated a new path that led to personal and professional success. Through stories of people like John and several others, you will identify how the hardships you have overcome equip you to be a human lighthouse, inspiring those around you. The humble gestures of kindness that change the course of our lives can shift the course for America too. With a unique vision for building up individuals and communities and restoring trust, *The Lighthouse Effect* opens your eyes to those who are quietly heroic. You will reflect on the lighthouses in your own life and be reminded that the greatest heroes are alongside us--and within us.
