Featuring a mix of travel articles, contest reporting, surf spot profiles, big wave pictorials, and surfer interviews, Surfer worked with the world's best photographers, writers, and graphic designers. This voluminous anthology features the most time-less, inspirational, and historically significant covers and interior pages from the magazine's extensive archive and depicts the chronological progression of the sport, the gear, the style, and the world's top surfers throughout the decades, from Mickey Dora to Kelly Slater and Laird Hamilton. *The History of Surfing* Matt Warshaw, 2011-04-29 This in-depth, photo-packed look at the history and culture of surfers is "meticulously researched, smartly written . . . required reading" (Outside Magazine). Matt Warshaw knows more about surfing than any other person on the planet. After five years of research and writing, Warshaw, a former professional surfer and editor of Surfing magazine, has crafted an unprecedented, definitive history of the sport and the culture it has spawned. With more than 250 rare photographs, *The History of Surfing* reveals and defines this sport with a voice that is authoritative, funny, and wholly original. The obsessive nature of Warshaw's endeavor is matched only by the obsessive nature of surfers, who are brought to life in this book in many tales of daring, innovation, athletic achievement, and the offbeat personalities who have made surfing history happen. "The world's most comprehensive chronicler of the surfing scene." —Andy Martin, *The Independent*

*Maverick's* Matt Warshaw, 2003-10-09 With its massive faces, punishing rocks, and treacherous currents, *Maverick's* presents a surfing challenge like no other. Author Matt Warshaw has updated his critically acclaimed illustrated history of *Maverick's* to cover important recent developments, and we've added a fresh new cover to kick this edition off in style. A fascinating account, to quote *Surfer* magazine, it takes a cue from Sebastian Junger's *The Perfect Storm*...Warshaw focused on a single event...and expands on it to illuminate an entire culture and its world beyond waves. The event was the death of celebrated surfer Mark Foo, one of those who congregate every winter to test themselves in the dark, foreboding waters. And what unfolds in *Maverick's* is no less than the story of big-wave surfing, from its ancient Hawaiian origins to modern tow-in riders. It's a book to be enjoyed not only by those who surf deep in the waves, but also by those whose taste for adventure is satisfied deep in the pages of a very good book.

*Surfing Long Beach Island* Caroline Unger, 2003 This book is a must read for all East Coast surfers who may have felt at sometime that they should apologize for where they are from. The stories and pictures in this book are sure to make the East Coast surfer proud, while sharing a universal story

line with surfers all around the world. These stories could very well have taken place in Hawaii or California but, they didn't. The major theme is an eighteen-mile barrier island off the New Jersey coastline known as Long Beach Island (LBI). Every individual in this book is somehow connected to the island. Through a series of short stories from the 1930s to the 21st Century, you will be moved by what these individuals have accomplished in the surfing community as well as the real world. Turn the pages to find out who is an innovator of snowboard technology; a photo editor for Surfer magazine; writer/producer of a Nickelodeon cartoon; and an award recipient from the president of the United States. Meet local surfing legends: Wimpy, Tinker, and Huckleberry. Find out what surfing pioneers did in the days before surfing wetsuits and wax. Travel around the world and through time for: Surfing in Vietnam during the Vietnam War; Running a surf hostile in Puerto Rico in the 1990s; Capturing storm surf on film for the last twenty years from all over the globe. Learn what unique surfing product came to a local surfer in a dream and how the internationally known franchise - Ron Jon Surf Shop, got its start on LBI. You're sure to enjoy the Why We Surf section with unedited material from our local surfers, ages fifteen to sixty-three. Hear about some of their most memorable surfing experiences and gain their deepest insights about this incredible sport and lifestyle. The book has over one hundred pictures from family collections, 60s surf magazines, and professional portfolios of some of the top surfing photographers. Surfing collectors will especially enjoy some of the vintage material. Surfing the Web will give you the links you need for everything from weather information to lodging on LBI. For those of you who are still learning about LBI, Local Breaks gives you the low-down about surfing conditions and even parking. There is something in Surfing LBI for surfers of every age and level of expertise. It's a feel good book that will leave you stoked every time you open it.

**Legends of Surfing** Duke Boyd, 2009-11-07 Surfing, Jack London remarked, is "a royal sport for the natural kings of earth." The greatest of those natural kings grant readers an audience in this glorious celebration of the world's best surfers. Part exquisite picture book and travelogue to the top of the world, part biography and reference guidebook, Legends of Surfing profiles one hundred great surfers, men and women, from throughout the world. In life stories, and in exclusive interviews--which only the surfing icon Duke Boyd could have pulled off--stellar surfers such as Wayne Bartholomew, Tom Curren, Andy and Bruce Irons, Duke Kahanamoku, Dave Kalama, Gerry Lopez, Rob Machado, Mark Occhilupo, and Kelly Slater give us a rare firsthand look at what it's like, in this crowded world, to "seek and find the perfect day, the perfect wave, and be alone with the surf and his thoughts." (John Severson, Surfer magazine, 1960)

**The Lost Coast Pb** Drew Kampion, 2009-09 Surfers read the patterns of the sea like others read a book. For them, the organization of swells and currents and the curling folds of the waves are elements of a natural language, as coherent in structure and meaning as any taught in school. Each of the eighteen stories in this collection is a raw glimpse of surf life--from sliding into cold, stiff neoprene to experiencing the ecstasy of the Pure Art of Surfing. Most previously published in magazines over the past thirty-five years, the stories in this collection capture the movement, mythology, fantasy, and philosophy of surf life and culture on the sweet and ragged wild edge of beauty.

**Women on Waves** Jim Kempton, 2021-07-06 A captivating look at two centuries of surfing--the Sport of Queens--from Native Hawaiian royalty to the breakout style and jaw-dropping feats on the waves today. Few subjects in the world of sports and or the outdoors is more timely or compelling than women's surfing. From smart, strong, fearless women shattering records on 80-foot waves to professional athletes fighting for equal pay and a more fair and just playing field, these amazing, wave-riding warriors provide an inspirational and aspirational cast of powerful role models for women (and men) across all backgrounds and generations. Over the past two-hundred years, and especially the past five decades, the surfing lifestyle have become the envy of people around the world. The perception of sun, sand, surf, strong young women and their inimitable style, has created a booming lifestyle and sports industry--and the sport that is set to make it's Olympic exhibition debut in Tokyo 2021. A massive shift from when colonizers tried to extinguish all traces of Native Hawaiian surfing and its sacred culture. What is it about the surfing that intrigues people of all ages, from all corners of the world? The beaches and idyllic locations? The unique style and mystique that surfers project? These women, on the beach and riding giant waves, or in the media, have made their mark on not just their sport, but our wider culture. Women on Waves is filled with phenomenal athletic performance, breakthrough female achievements, and plenty of inspiration and fun to see us through until the time when we can all hit the surf once more! Spanning a millennia, From Hawaii to Malibu, New York to Australia, South Africa to the South Pacific and beyond, Jim Kempton presents a fascinating new narrative that will captivate anyone who loves sports and the outdoors.

**Greg Noll** Drew Kampion, 2007 One of the greatest surfers of all time, Greg Noll has built a considerable reputation as master of surfboard making, or shaping. Today, collectors and surfers alike prize his unique brand of board. Recently featured in the award-winning documentary feature, Riding Giants, Da Bull, in his iconic black-and-white striped trunks, was emblematic of big surf and fearless commitment. In addition to being a pioneer of big-wave surfing, surf movies, and surf magazines, by the mid-1960s, Noll was one of the largest surfboard manufacturers in the world. Now living in Crescent City, California, Noll still shapes twelve boards a year out of old-growth

salvage woods-replicas of Duke Kahanamoku's olo and other exotica for collectors. The Art of the Surfboard combines the art of building extraordinary surfboards with fascinating surfing history and photography. It's a must-have for surfers and surfing history buffs of any age.
