Surviving High School Lele Pons,Melissa de la Cruz,2017-02-14 Lele is a bulls-eye target at her new school in Miami until, overnight, her digital fame catapults the girl with cheerleader looks, a seriously silly personality, and a self-deprecating funny bone into the popular crowd. Now she's facing a whole new set of challenges--the relentless drama, the ruthless cliques, the unexpected internet celebrity--all while trying to keep her grades up and make her parents proud--

Surviving High School M. Doty,2012-09-04 What's the secret to surviving your freshman year of high school? Emily Kessler thinks she has it all figured out. She eats, sleeps and trains for competitive swimming. All she has to do is keep her grades high and swim times short -- short enough to live up to her sister Sara's. But walking the crowded maze of unfamiliar high school hallways is like diving headfirst into shark-infested waters. Shark #1: Dominique, her biggest competition on the swim team and all-around mean girl. Shark #2: The adorable and popular Ben Kale... Emily can't resist his smile no matter how hard she tries. When the pressure builds to the point where Emily isn't sure she can stay afloat, she begins to question the strict path her life has always followed. Maybe there is more to life than studying and swimming. Maybe the secret to surviving high school is just to have a little fun. The hit mobile game *Surviving High School* comes to life in an original novel about perfection, failure, and following your dreams.

When I Was a Loser John McNally,2007-03-06 For Anyone Who's Ever Been a Teenager Who's teenage years weren't terrible? Remember the scary older kids? The sadistic gym teacher? The smelly kid who sat next to you in science class? Your first fumbling kiss? That time you threw up in the cafeteria? Your first attempt at putting on a condom? The period that arrived unexpectedly? That awful fight with your parents? The first time you got drunk? That note you wrote that you shouldn't have written? The day you forgot to zip your fly? That monster zit? When, you wondered, would it all end? In *When I Was a Loser*, John McNally, author of the novel *America's Report Card*, assembles twenty-five original essays--often hilarious, sometimes tenderhearted, always evocative--about defining moments of high school loserdom. Brad Land, Julianna Baggott, Owen King, Johanna Edwards, and many more fresh, talented writers explore their own angst, humiliation, heartache, and other staples of teen life. These essays perfectly capture what it was like to be in high school: to experience so many things for the first time, to assert independence while desperately trying to fit in, to feel misunderstood and unable to articulate the wild swings between heartbreak, anger, and euphoria. One writer recalls how his grandmother helped him with his home perm in preparation for the Senior Class picture; another recounts her discovery, sometime after hitting puberty, of the power she held over boys and men, while at the same time she felt herself at their mercy; a third remembers the casual cruelties visited on him by the cooler kids, and the cruelties he, in turn, inflicted on kids below him on the social ladder. Utterly candid and compulsively readable, these essays conjure up and untangle those raw and formative years. The writers cringe and laugh at the teenagers they were, but at the same time, they honor their adolescence and the way it shaped their lives. Because, in truth, beneath the layers of adult respectability, we all still carry a little bit of our teenage selves around with us.

Surviving Game School...and the Game Industry After That Michael Lynch,Adrian Earle,2018-02-06 *Surviving Game School* speaks about what to expect in a top game design or game development college program, and what to expect once students get out. Making games is not at all the same as playing games. Uncommonly blunt, the book reveals the rigors – and the joys – of working in this industry. Along the way the book touches on

themes of time management, creativity, teamwork, and burnout. The authors explore the impact working in the game industry can have on personal relationships and family life. The book closes with advice about life's goals and building and keeping a sensible balance between work and everything else.

Admissions Kendra James, 2022-01-18 NAMED A BEST NONFICTION BOOK OF 2022 BY ESQUIRE “[C]harming and surprising. . . The work of *Admissions* is laying down, with wit and care, the burden James assumed at 15, that she — or any Black student, or all Black students — would manage the failures of a racially illiterate community. . . The best depiction of elite whiteness I’ve read.”—New York Times A Most Anticipated Book by Vogue.com · Parade · Town & Country · Nylon · New York Post · Lit Hub · BookRiot · Electric Literature · Glamour · Marie Claire · Publishers Weekly · Bustle · Fodor's Travel · Business Insider · Pop Sugar · InsideHook · SheReads Early on in Kendra James’ professional life, she began to feel like she was selling a lie. As an admissions officer specializing in diversity recruitment for independent prep schools, she persuaded students and families to embark on the same perilous journey she herself had made—to attend cutthroat and largely white schools similar to The Taft School, where she had been the first African-American legacy student only a few years earlier. Her new job forced her to reflect on her own elite education experience, and to realize how disillusioned she had become with America’s inequitable system. In *ADMISSIONS*, Kendra looks back at the three years she spent at Taft, chronicling clashes with her lily-white roommate, how she had to unlearn the respectability politics she'd been raised with, and the fall-out from a horrifying article in the student newspaper that accused Black and Latinx students of being responsible for segregation of campus. Through these stories, some troubling, others hilarious, she deconstructs the lies and half-truths she herself would later tell as an admissions professional, in addition to the myths about boarding schools perpetuated by popular culture. With its combination of incisive social critique and uproarious depictions of elite nonsense, *ADMISSIONS* will resonate with anyone who has ever been The Only One in a room, dealt with racial microaggressions, or even just suffered from an extreme case of homesickness.

Surviving the Applewhites Stephanie S. Tolan, 2012-04-24 The side-splittingly funny Newbery Honor Book about a rebellious boy who is sent to a home-schooling program run by one family—the creative, kooky, loud, and loving Applewhites! Jake Semple is notorious. Rumor has it he managed to get kicked out of every school in Rhode Island, and actually burned the last one down to the ground. Only one place will take him now, and that's a home school run by the Applewhites, a chaotic and hilarious family of artists: poet Lucille, theater director Randolph, dancer Cordelia, and dreamy Destiny. The only one who doesn't fit the Applewhite mold is E.D.—a smart, sensible girl who immediately clashes with the defiant Jake. Jake thinks surviving this new school will be a breeze . . . but is he really as tough or as bad as he seems?

Surviving Your Stupid, Stupid Decision to Go to Grad School Adam Ruben, 2010-04-13 This is a book for dedicated academics who consider spending years masochistically overworked and underappreciated as a laudable goal. They lead the lives of the impoverished, grade the exams of whiny undergrads, and spend lonely nights in the library or laboratory pursuing a transcendent truth that only six or seven people will ever care about. These suffering, unshaven sad sacks are grad students, and their salvation has arrived in this witty look at the low points of grad school. Inside, you'll find: • advice on maintaining a veneer of productivity in front of your advisor • tips for sleeping upright during boring seminars • a description of how to find which departmental events have the best unguarded free food • how you can convincingly fudge data and feign progress This hilarious guide to surviving and thriving as the lowliest of life-forms—the grad student—will elaborate on all of these issues and more.

4 Stair Heat Martina Lewis,2012-12-05 Calling all baby boomers! Teachers! Parents! Anyone who has ever been a teenager or taught teenagers. Roll back the years to the late 1950s into the middle 1970s when the baby boomers were in junior high school. To a time before there were computers, cell phones, texting, iPads, and all the latest high tech gadgets that now distract students' attention. To a time when testing did not dominate the curriculum, when teachers had time to plan creative activities. The author entered this world, confident and determined that she could connect academically and personally with all the students. Then reality hit. This book is filled with humorous anecdotes proving that no matter how much you prepare or how long you teach, you can never anticipate what kids are going to do or say. What could 4 stair heat be? Why would youth in Asia be a controversial topic? How did teachers cope with rebellious students during the Vietnam War years? How did teachers handle the increasing ethnic diversity during the 1970s? In a fresh and knowing voice, the author paints a delightful picture of experiences shared by baby boomers, teachers, and administrators from 1958 to 1977.
