

Surviving In Korea 11

Joseph Kim,Stephan Talty

Long Road Home Yong Kim, 2009-06-19 Kim Yong shares his harrowing account of life in a labor camp a singularly despairing form of torture carried out by the secret state. Although it is known that gulags exist in North Korea, little information is available about their organization and conduct, for prisoners rarely escape both incarceration and the country alive. *Long Road Home* shares the remarkable story of one such survivor, a former military official who spent six years in a gulag and experienced firsthand the brutality of an unconscionable regime. As a lieutenant colonel in the North Korean army, Kim Yong enjoyed unprecedented privilege in a society that closely monitored its citizens. He owned an imported car and drove it freely throughout the country. He also encountered corruption at all levels, whether among party officials or Japanese trade partners, and took note of the illicit benefits that were awarded to some and cruelly denied to others. When accusations of treason stripped Kim Yong of his position, the loose distinction between those who prosper and those who suffer under Kim Jong-il became painfully clear. Kim Yong was thrown into a world of violence and terror, condemned to camp No. 14 in Hamkyeong province, North Korea's most notorious labor camp. As he worked a constant shift 2,400 feet underground, daylight became Kim's new luxury; as the months wore on, he became intimately acquainted with political prisoners, subhuman camp guards, and an apocalyptic famine that killed millions. After years of meticulous planning, and with the help of old friends, Kim escaped and came to the United States via China, Mongolia, and South Korea. Presented here for the first time in its entirety, his story not only testifies to the atrocities being committed behind North Korea's wall of silence but also illuminates the daily struggle to maintain dignity and integrity in the face of unbelievable hardship. Like the work of Solzhenitsyn, this rare portrait tells a story of resilience as it reveals the dark forms of oppression, torture, and ideological terror at work in our world today.

Every Falling Star Sungju Lee, Susan Elizabeth McClelland, 2016-09-13 Written for a young audience, this intense memoir explores the harsh realities of life on the streets in contemporary North Korea. *Every Falling Star* is the memoir of Sungju Lee, who at the age of twelve was forced to live on the streets of North Korea and fend for himself. To survive, Sungju creates a gang and lives by thieving, fighting, begging, and stealing rides on cargo trains. Sungju richly recreates his scabrous story, depicting what it was like for a boy alone to create a new family with his gang, "his brothers," to daily be hungry and to fear arrest, imprisonment, and even execution. This riveting memoir allows young readers to learn about other cultures where freedoms they take for granted do not exist.

Prayer for Peace Aesop Rhim, 2016-11-30 When the Korean War begins in June, 1950, AESOP RHIM was a teenage boy living in Chosan, a town near the Yalu River, in North Korea. His entire high school class was drafted to serve in the war. After his military training ends, Aesop began his long march to the southern front with his army unit, which passes the 38th parallel and he witnessed the ravages of a war-torn South Korea. At a nearby war zone, Aesop's unit served on patrol in what became a battlefield, near the Pusan Perimeter. At the time, Aesop agonized over his conscription in an unwanted war. Soon after, his unit was attacked by American tanks; chaos and death was everywhere. Aesop jumped into a river and abandoned all belongings that would identify him as a North Korean soldier. He emerged on the other side of the river thankful to be alive. He tried to reach Heungki's house, who was a childhood friend. He, with his family had escaped to South Korea before the war, and exchanged letters with Aesop. On his way, Aesop struggled for an arduous few days of walking on mountain roads. He felt the pain of exhaustion, and starvation. After several deadly skirmishes, he was captured by the South Korean local guards and severely beaten. Death seemed imminent. Aesop prayed for God's mercy while imprisoned. When the South Korean army arrived, the unit officer asked Aesop his identity, and he told him the name of town he is from. The officer was amazed. It turned out that the officer was from that town, and knew Aesop's family. A miracle occurred. The officer separated Aesop from the other prisoners and arranged to give him a temporary South Korean soldier status, allowing Aesop to join the South Korean army, which was advancing toward North Korea. While Aesop served as a South Korean soldier, he became sick with tuberculosis. He was sent to a sanitarium where he feared death again. However, after he recovered from the illness, the army discharged him from service. When the war ended, Aesop was a young man with no place to stay, but he discovered his destiny as a Christian of deep faith and embarked on a new life journey. He was able to graduate from a fine arts college in Seoul University to become an artist, eventually immigrating to the United States to attend a graduate art school. There he met his wife, Sunhee, and the young couple moved to Chicago, where Aesop graduated from the Illinois Institute of Technology Graduate School and settled as an artist in Chicago. Aesop devoted his art to initiating Peace. In 1997, he had the opportunity to travel back to North Korea on a peace initiative mission and was finally reunited with his siblings. There he witnessed the deprivations of North Korea. At the time, Aesop was shocked to learn from his sister that in the winter of 1975, his older brother was sent to a concentration camp along with his family and his mother. It was a devastating moment for Aesop, but he prayed for God's guidance and mercy for his remaining family. When Aesop returned from

Pyongyang, he attended a seminary. In 2001, he encountered 9/11 terrorism in New York, and resolved to use his art as a tool for peace. He created the Prayer for Peace exhibitions, shown in many places in the United States to this day. Aesop's artistic efforts reflected his prayer for peace. In the meantime, Aesop dedicated himself to missions for peace to the world, such as Mexico and Uganda and began sending medical supplies to North Korea. And finally, Aesop's Prayer for Peace became Aesop's life and art.

In Order to Live Yeonmi Park, Maryanne Vollers, 2015-09-29 “I am most grateful for two things: that I was born in North Korea, and that I escaped from North Korea.” - Yeonmi Park One of the most harrowing stories I have ever heard - and one of the most inspiring. - The Bookseller “Park's remarkable and inspiring story shines a light on a country whose inhabitants live in misery beyond comprehension. Park's important memoir showcases the strength of the human spirit and one young woman's incredible determination to never be hungry again.” —Publishers Weekly In *In Order to Live*, Yeonmi Park shines a light not just into the darkest corners of life in North Korea, describing the deprivation and deception she endured and which millions of North Korean people continue to endure to this day, but also onto her own most painful and difficult memories. She tells with bravery and dignity for the first time the story of how she and her mother were betrayed and sold into sexual slavery in China and forced to suffer terrible psychological and physical hardship before they finally made their way to Seoul, South Korea—and to freedom. Park confronts her past with a startling resilience. In spite of everything, she has never stopped being proud of where she is from, and never stopped striving for a better life. Indeed, today she is a human rights activist working determinedly to bring attention to the oppression taking place in her home country. Park's testimony is heartbreaking and unimaginable, but never without hope. This is the human spirit at its most indomitable.

North Korea: Like Nowhere Else Lindsey Miller, 2021-05-06 The first photographic exploration of North Korea, from a Westerner who lived in Pyongyang and explored the country beyond for nearly two years. What happens when you travel to a place where even basic truths are ambiguous? Where sometimes you can't trust your own eyes or feelings? Where the divide between real and imagined is never clear? For two years, Lindsey Miller lived in North Korea, long regarded as one of the most

closed societies on earth. As one of Pyongyang's small community of resident foreigners, Lindsey was granted remarkable freedoms to experience the country without government minders. She had a front row seat as North Korea shot into the headlines during an unprecedented period of military tension with the US and the subsequent historic Singapore Summit. However, it was the connection with individuals and their families, and the day-to-day reality of control and repression, that delivered the real revelations of North Korean life, and which left Lindsey utterly changed from the woman who had nervously disembarked from her plane onto an empty runway just two years before. This is her extraordinary photographic account, a testament to the hidden humanity of North Korea. 'There was much of the North Koreans and their way of life that I liked and admired, and Lindsey Miller's book brought back those positive feelings. And if we don't acknowledge those we will never begin to understand the country.' Under the Same Sky Joseph Kim,Stephan Talty,2015 A man who escaped the devastating famine in North Korea, despite being abandoned as a boy, tells the story of his survival inside the oppressive country, his escape and subsequent rescue by activists and Christian missionaries and his success in the United States thanks to a newfound faith and courage. 50,000 first printing.

The Reluctant Communist Charles Robert Jenkins,Jim Frederick,2008 This fast-paced, harrowing tale, told plainly and simply by Jenkins (with journalist Jim Frederick), takes the reader behind the North Korean curtain and, episode by episode, reveals the inner workings of its isolated society. Jenkins mounted numerous failed escape attempts, was indoctrinated against his will into North Korea's communist cadre system, and endured hunger, cold, and isolation. His loneliness was relieved in 1980 by his marriage to Hitomi Soga. a young Japanese woman whom the North Koreans had abducted as part of a wider campaign to teach Japanese to future spies. Jenkins's account of their life together and as parents of two daughters, as well as their improbable journey to freedom, which began in 2002, brings this story to a close. Four decades in the world's least known, least visited, and least understood land profoundly changed him; his memoir now offers the reader a powerful testament to the human spirit.--BOOK JACKET.

A Thousand Miles to Freedom Eunsun Kim,Sébastien Falletti,2015-07-21 Eunsun Kim was born in North Korea, one of the most secretive and oppressive countries in the modern world. As a child Eunsun loved her country...despite her school field trips to public executions, daily self-criticism sessions, and the increasing gnaw of hunger as the country-wide famine escalated. By the time she

was eleven years old, Eunsun's father and grandparents had died of starvation, and Eunsun was in danger of the same. Finally, her mother decided to escape North Korea with Eunsun and her sister, not knowing that they were embarking on a journey that would take them nine long years to complete. Before finally reaching South Korea and freedom, Eunsun and her family would live homeless, fall into the hands of Chinese human traffickers, survive a North Korean labor camp, and cross the deserts of Mongolia on foot. Now, Eunsun is sharing her remarkable story to give voice to the tens of millions of North Koreans still suffering in silence. Told with grace and courage, her memoir is a riveting exposé of North Korea's totalitarian regime and, ultimately, a testament to the strength and resilience of the human spirit.

North Korea Confidential Daniel Tudor, James Pearson, 2015-04-14 **Named one of the best books of 2015 by The Economist** Private Markets, Fashion Trends, Prison Camps, Dissenters and Defectors. North Korea is one of the most troubled societies on earth. The country's 24 million people live under a violent dictatorship led by a single family, which relentlessly pursues the development of nuclear arms, which periodically incites risky military clashes with the larger, richer, liberal South, and which forces each and every person to play a role in the theater state even as it pays little more than lip service to the wellbeing of the overwhelming majority. With this deeply anachronistic system eventually failed in the 1990s, it triggered a famine that decimated the countryside and obliterated the lives of many hundreds of thousands of people. However, it also changed life forever for those who survived. A lawless form of marketization came to replace the iron rice bowl of work in state companies, and the Orwellian mind control of the Korean Workers' Party was replaced for many by dreams of trade and profit. A new North Korea Society was born from the horrors of the era--one that is more susceptible to outside information than ever before with the advent of k-pop and video-carrying USB sticks. This is the North Korean society that is described in this book. In seven fascinating chapters, the authors explore what life is actually like in modern North Korea today for the ordinary man and woman on the street. They interview experts and tap a broad variety of sources to bring a startling new insider's view of North Korean society--from members of Pyongyang's ruling families to defectors from different periods and regions, to diplomats and NGOs with years of experience in the country, to cross-border traders from neighboring China, and textual accounts appearing in English, Korean and Chinese sources. The resulting stories reveal the horror as well as the innovation and humor which abound in this fascinating country.

The Prospects for North Korea Survival David Reese, 2020-11-25 North Korea's economic and

security policies imperil both itself and its neighbours. The economy has been contracting for almost a decade, and the regime appears unwilling or unable to arrest the decline. Instead, Pyongyang has resorted to begging for international aid. This approach alone cannot work: fundamental reform is needed; without it, the regime cannot survive. In the meantime, the North's problems will be destabilising for the region. Pyongyang has secured short-term international humanitarian assistance, but in the long term the South is its best hope for investment and economic help. Despite Pyongyang's defensive approach to the South, limited commercial arrangements are in place, and may moderate the North's policies and help to ease the unpredictable consequences of Pyongyang's collapse. Pyongyang has tried to improve relations with the US in a bid to ease economic sanctions and attract investment. However, the nuclear deal reached with the US in October 1994 – under which the North agreed to give up its ambiguous nuclear programme – is in difficulties. In this paper, David Reese argues that, despite these problems, the North's neighbours must persevere with engagement policies. At the same time, South Korea and the US must maintain their security posture on the Peninsula. South Korean President Kim Dae Jung's attempts to establish commercial links with the North need time and patience, and should not be derailed by relatively minor incidents. Both Seoul and Washington must ensure that they coordinate their policies to prevent the North from playing one off against the other. Selectively easing sanctions on a case-by-case basis could allow the North to earn desperately needed hard currency. Although it is difficult for Washington and Seoul to maintain political support for engagement, both should make further efforts to draw the North into making significant policy changes. The US and South Korea should ensure that they involve the interested regional parties in efforts to draw the North into the international community. China has a key role to play in developments on the Peninsula. Both Seoul and Washington should therefore ensure that they work closely with Beijing. While historical sensitivities make it difficult for Japan to play a leading role, Tokyo would be central to the North's economic recovery, and must not be marginalised. Russia also has a contribution to make to the broader security guarantees which could develop from accommodation between North and South. Ultimately, the course of events on the Peninsula will depend primarily on the North. Pyongyang shows little sign of being prepared to engage constructively with the US and South Korea. As its economy deteriorates, its options will narrow further. Until domestic forces in North Korea shift, the US and its allies should expect a protracted phase of desultory and sometimes destabilising diplomatic manoeuvres by Pyongyang.

Escape from Camp 14 Blaine Harden, 2012-03-29 With a New Foreword The heartwrenching New York Times bestseller about the only known person born inside a North Korean prison camp to have escaped. North Korea's political prison camps have existed twice as long as Stalin's Soviet gulags and twelve times as long as the Nazi concentration camps. No one born and raised in these camps is known to have escaped. No one, that is, except Shin Dong-hyuk. In *Escape From Camp 14*, Blaine Harden unlocks the secrets of the world's most repressive totalitarian state through the story of Shin's shocking imprisonment and his astounding getaway. Shin knew nothing of civilized existence—he saw his mother as a competitor for food, guards raised him to be a snitch, and he witnessed the execution of his mother and brother. The late “Dear Leader” Kim Jong Il was recognized throughout the world, but his country remains sealed as his third son and chosen heir, Kim Jong Eun, consolidates power. Few foreigners are allowed in, and few North Koreans are able to leave. North Korea is hungry, bankrupt, and armed with nuclear weapons. It is also a human rights catastrophe. Between 150,000 and 200,000 people work as slaves in its political prison camps. These camps are clearly visible in satellite photographs, yet North Korea's government denies they exist. Harden's harrowing narrative exposes this hidden dystopia, focusing on an extraordinary young man who came of age inside the highest security prison in the highest security state. *Escape from Camp 14* offers an unequalled inside account of one of the world's darkest nations. It is a tale of endurance and courage, survival and hope.

Dear Leader Jang Jin-sung, 2015-01-27 In this rare insider's view into contemporary North Korea, a high-ranking counterintelligence agent describes his life as a former poet laureate to Kim Jong-il and his breathtaking escape to freedom. The General will now enter the room. Everyone turns to stone. Not moving my head, I direct my eyes to a point halfway up the archway where Kim Jong-il's face will soon appear... As North Korea's State Poet Laureate, Jang Jin-sung led a charmed life. With food provisions (even as the country suffered through its great famine), a travel pass, access to strictly censored information, and audiences with Kim Jong-il himself, his life in Pyongyang seemed safe and

secure. But this privileged existence was about to be shattered. When a strictly forbidden magazine he lent to a friend goes missing, Jang Jin-sung must flee for his life. Never before has a member of the elite described the inner workings of this totalitarian state and its propaganda machine. An astonishing expose; told through the heart-stopping story of Jang Jin-sung's escape to South Korea, *Dear Leader* is a rare and unprecedented insight into the world's most secretive and repressive regime--

Korea's Place in the Sun: A Modern History (Updated Edition) Bruce Cumings,2005-09-17

Passionate, cantankerous, and fascinating. Rather like Korea itself.--Nicholas D. Kristof, New York Times Book Review Korea has endured a fractured, shattered twentieth century, and this updated edition brings Bruce Cumings's leading history of the modern era into the present. The small country, overshadowed in the imperial era, crammed against great powers during the Cold War, and divided and decimated by the Korean War, has recently seen the first real hints of reunification. But positive movements forward are tempered by frustrating steps backward. In the late 1990s South Korea survived its most severe economic crisis since the Korean War, forcing a successful restructuring of its political economy. Suffering through floods, droughts, and a famine that cost the lives of millions of people, North Korea has been labeled part of an axis of evil by the George W. Bush administration and has renewed its nuclear threats. On both sides Korea seems poised to continue its fractured existence on into the new century, with potential ramifications for the rest of the world.

Stars Between the Sun and Moon: One Woman's Life in North Korea and Escape to Freedom Lucia Jang,Susan McClelland,2015-10-05

An extraordinary memoir by a North Korean woman who defied the government to keep her family alive. Born in the 1970s, Lucia Jang grew up in a common, rural North Korean household—her parents worked hard, she bowed to a photo of Kim Il-Sung every night, and the family scraped by on rationed rice and a small garden. However, there is nothing common about Jang. She is a woman of great emotional depth, courage, and resilience. Happy to serve her country, Jang worked in a factory as a young woman. There, a man she thought was courting her raped her. Forced to marry him when she found herself pregnant, she continued to be abused by him. She managed to convince her family to let her return home, only to have her in-laws and parents sell her son without her knowledge for 300 won and two bars of soap. They had not wanted another mouth to feed. By now it was the beginning of the famine of the 1990s that resulted in more than one million deaths. Driven by starvation—her family's as well as her own—Jang illegally crossed the river to better-off China to trade goods. She was caught and imprisoned twice, pregnant the second time. She knew that, to keep the child, she had to leave North Korea. In a dramatic escape, she was smuggled with

her newborn to China, fled to Mongolia under gunfire, and finally found refuge in South Korea before eventually settling in Canada. With so few accounts by North Korean women and those from its rural areas, Jang's fascinating memoir helps us understand the lives of those many others who have no way to make their voices known.

She Is Mine Stephanie Fast, 2016-11-08 A war orphan's incredible journey of survival.

The Survival of North Korea Suk Hi Kim,, Terence Roehrig, Bernhard Seliger, 2011-08-24 Since the end of the Cold War, scholars and analysts have been predicting the collapse of the communist regime in North Korea. Yet, despite a deteriorating economy characterized by declining industrial output, outdated technology, and difficulty feeding its people, the country has been able to persist and continues to plod along. How has North Korea been able to survive, and how long can it last without significant change to its economic and political structures? How can we peacefully resolve the North Korean nuclear standoff through constructive dialogue? This book examines North Korea's survival strategy and offers practical solutions to a 50-year nuclear standoff through a series of essays written by 15 of the world's foremost scholars and leading experts on strategy, economics and international relations. It is essential reading for anyone interested in peace in Northeast Asia and will be invaluable in helping policy-makers, diplomats, politicians, researchers and other North Korea watchers to understand three closely related issues about North Korea: (1) why North Korea will continue to survive; (2) how the United States and North Korea can build a mutual confidence; and (3) why a dialogue is the only viable way to resolve the North Korea problem peacefully.

The Man Who Saw Everything Deborah Levy, 2019-10-15 Longlisted for the Booker Prize Named a Best Book of the Year By: The New York Times Book Review (Notable Books of the Year) * The New York Public Library * The Washington Post * Time.com * The New York Times Critics' (Parul Seghal's Top Books of the Year) * St. Louis Post Dispatch * Apple * Publisher's Weekly An electrifying novel about beauty, envy, and carelessness from Deborah Levy, author of the Booker Prize finalists *Hot Milk* and *Swimming Home*. It is 1988 and Saul Adler, a narcissistic young historian, has been invited to Communist East Berlin to do research; in exchange, he must publish a favorable essay about the German Democratic Republic. As a gift for his translator's sister, a Beatles fanatic who will

be his host, Saul's girlfriend will shoot a photograph of him standing in the crosswalk on Abbey Road, an homage to the famous album cover. As he waits for her to arrive, he is grazed by an oncoming car, which changes the trajectory of his life. *The Man Who Saw Everything* is about the difficulty of seeing ourselves and others clearly. It greets the specters that come back to haunt old and new love, previous and current incarnations of Europe, conscious and unconscious transgressions, and real and imagined betrayals, while investigating the cyclic nature of history and its reinvention by people in power. Here, Levy traverses the vast reaches of the human imagination while artfully blurring sexual and political binaries-feminine and masculine, East and West, past and present--to reveal the full spectrum of our world.
