Jasmine Soylu

Sushi American Style Tracy Griffith,2004 Presents instructions on how to make sushi rolls without raw fish, using everyday ingredients and sauces selected from meats, vegetables, and condiments.

Sushi: The Beginner's Guide Aya Imatani,2009-08-01 This easy-to-follow, beginner's sushi cookbook is the perfect how-to for making sushi at home in the comfort of your own kitchen. Never before have the techniques of this most popular Asian cuisine been as attractively presented, as easy to follow, and as temptingly photographed as they are in this beginner's guide. With the help of an unbelievable number of close-up photos, expert Aya Imatani virtually takes would-be chefs by the hand, leading them through every delectable step of the process. She discusses all the tools, foods, and paraphernalia; lays out the methods for making vinegars and sauces; and demonstrates how to make sashimi creations so special they aren't even found in many sushi bars. The menu of sushi recipes is expansive, encompassing hosomaki, sailmaki, and all-vegetarian varieties. You will even learn all the right Japanese names for each dish. And everything seems wonderfully doable. The big finish: Aya's specials, the kind of dishes you'll never find in sushi bars--such as Sushi Cake (Chicken & Teriyaki) and Temarizushi (made of tuna, salmon, and avocado)--but that a Japanese mother or grandmother would make for her own family.

The Story of Sushi Trevor Corson,2009-07-01 Everything you never knew about sushi—its surprising origins, the colorful lives of its chefs, and the bizarre behavior of the creatures that compose it Trevor Corson takes us behind the scenes at America's first sushi-chef training academy, as eager novices strive to master the elusive art of cooking without cooking. He delves into the biology and natural history of the edible creatures of the sea, and tells the fascinating story of an Indo-Chinese meal reinvented in nineteenth-century Tokyo as a cheap fast food. He reveals the pioneers who brought sushi to the United States and explores how this unlikely meal is exploding into the American heartland just as the long-term future of sushi may be unraveling. The Story of Sushi is at once a compelling tale of human determination and a delectable smorgasbord of surprising food science, intrepid reporting, and provocative cultural history.

Sustainable Sushi Casson Trenor,2009-01-13 Sustainable Sushi answers the question on the minds of millions who enjoy eating fish: how can we indulge the desire to dine well while keeping our health and the health of the oceans in mind? With painstaking research found in no other book on the market to date, this pocket-size guide profiles dozens of the most common fish and shellfish one might encounter at a sushi bar, details where and how they are caught, whether or not they are safe, and how they figure in the current fishery crisis. Written by a fishery and sustainability expert who was himself netted long ago by the allure of Japanese cuisine, Sustainable Sushi offers simple, clear explanations of such topics as mercury and PCB levels, overfishing, and species extinction. Attractively designed and featuring quick facts, maps, photos, and illustrations, the book was written for both the novice and the seasoned sushi fan. In a storm of seafood shortages and frightening statistics, Sustainable Sushi shows readers how to enjoy the sushi bar without guilt. Sustainable Sushi official website: <http://www.sustainablesushi.net/>

USA Sushi Menus Thomas Chi,2011-08-05 USA Sushi MenusThe main facts in human life are five: birth, food, sleep, love and death. E. M. Forster Health food may be good for the conscience but sushi is a social food. You can eat and do business in a sushi business. Before you know it, you paid under \$50 for a client that will earn \$80,000.00 in under a year. I used to get criticized for putting food in books. Now I write books about food, dishes, and ask models to follow me to sushi restaurants for menu covers. Thomas Chi travels the planet on business for his publishing company and wherever he is publishing, there is a sushi bar for doing business. From Las Vegas to Israel, Thomas Chi started photographing dishes for sushi restaurants in the wine country. Now he creates portfolios for the great sushi restaurants in the United States of America.

Sushi Shokunin: Japan's Culinary Masters Andrea Fazzari,2020-10-01 In Japan, cooking often bears aesthetic value, and the making of sushi is exalted as one of the finest culinary crafts. In line with this ideal of food as art, the Japanese often employ the word shokunin, loosely defined as “artisan”, to refer to highly skilled sushi masters. Connoting excellence and devotion to one’s craft, this title is reserved for those who approach their work with an artistic eye and seemingly spiritual sense of purpose, or ikigai.

Hiroko's American Kitchen Hiroko Shimbo,2012-10-30 125 new recipes that highlight the best of Japanese cuisine, but in new, simpler ways.

Tabemasho! Let's Eat! Gil Asakawa,2022-08-30 Tabemasho! Let's Eat! is a tasty look at how Japanese food has evolved in America from an exotic and mysterious--even gross--cuisine to the peak of culinary popularity, with sushi sold in supermarkets across the country and ramen available in hipster restaurants everywhere. The author was born in Japan and raised in the U.S. and has eaten his way through this amazing food revolution.

The Zen of Fish Trevor Corson,2007-05-29 Everything you never knew about sushi—its surprising origins, the colorful lives of its chefs, the bizarre behavior of the creatures that compose it—is revealed in this entertaining documentary account by the author of the highly acclaimed The Secret Life of Lobsters. When a twenty-year-old woman arrives at America's first sushi-chef training academy in Los Angeles, she is unprepared for the challenges ahead: knives like swords, instructors like samurai, prejudice against female chefs, demanding Hollywood customers—and that's just the first two weeks. In this richly reported story, journalist Trevor Corson shadows several American sushi novices and a master Japanese chef, taking the reader behind the scenes as the students strive to master the elusive art of cooking without cooking. With the same eye for drama and humor that Corson brings to the exploits of the chefs, he delves into the biology and natural history of the creatures of the sea. He illuminates sushi's beginnings as an Indo-Chinese meal akin to cheese, describes its reinvention in bustling nineteenth-century Tokyo as a cheap fast food, and tells the story of the pioneers who brought it to America. He shows how this unlikely meal is now exploding into the American heartland just as the long-term future of sushi may be unraveling. The Zen of Fish is a compelling tale of human determination as well as a delectable smorgasbord of surprising food science, intrepid reporting, and provocative cultural history.

The Sushi Book Celeste Heiter,2007-06 In this beautifully illustrated book, you will find everything you need to know about sushi, from how to choose and order it, to how to eat it. You will even learn how to make it at home. And if your efforts in the kitchen inspire you, how to become a sushi chef. Along with the history, evolution, and art of sushi, sections include nutritional value, health benefits, and safety concerns. The pronunciation guide, together with a thirty-nine-page sushi glossary and a reverse dictionary, are especially helpful in identifying and ordering sushi. Taken in leading sushi restaurants, full color photographs enhance your journey into the world of sushi. You will also discover the answer to such fascinating questions as whether or not sushi originated in Japan, the ideal temperature for serving sake, and how sushi knives are made. Whether you're a sushi virgin or a sushi veteran, by the time you finish reading The Sushi Book, you will be a sushi connoisseur!

Oishii Eric C. Rath,2021-04-15 Sushi and sashimi are by now a global sensation and have become perhaps the best known of Japanese foods—but they are also the most widely misunderstood. Oishii: The History of Sushi reveals that sushi began as a fermented food with a sour taste, used as a means to preserve fish. This book, the first history of sushi in English, traces sushi’s development from China to Japan and then internationally, and from street food to high-class cuisine. Included are two dozen historical and original recipes that show the diversity of sushi and how to prepare it. Written by an expert on Japanese food history, Oishii is a must read for understanding sushi’s past, its variety and sustainability, and how it became one of the world’s greatest anonymous cuisines.

The Sushi Economy Sasha Issenberg,2007-05-03 The highly acclaimed exploration of sushi’s surprising history, global business, and international allure One generation ago, sushi’s narrow reach ensured that sports fishermen who caught tuna in most of parts of the world sold the meat for pennies as cat food. Today, the fatty cuts of tuna known as toro are among the planet’s most coveted luxury foods, worth hundreds of dollars a pound and capable of losing value more

quickly than any other product on earth. So how did one of the world's most popular foods go from being practically unknown in the United States to being served in towns all across America, and in such a short span of time? A riveting combination of culinary biography, behind-the-scenes restaurant detail, and a unique exploration of globalization's dynamics, the book traces sushi's journey from Japanese street snack to global delicacy. After traversing the pages of *The Sushi Economy*, you'll never see the food on your plate—or the world around you—quite the same way again.

Las Vegas Sushi Restaurant Thomas Chi,2011-07-04 Las Vegas Japanese Restaurants Serving Sushi. Sushi, udon, tonkatsu, curry, sake, soba, chirashizushi, and soup. Reference the fish and shellfish guide to learn how to select and cut the appropriate meat for your sushi, and get the best recommendations for your desired meal. Read about the history of sushi, make sure you have the appropriate utensils in your home and make sure they are being used correctly, and learn the proper etiquette for serving and eating sushi. Elevate your home menu with *Sushi: Taste and Technique*, a beautiful and in-depth reference guide to everything sushi.

D.K.'s Sushi Chronicles from Hawai'i Dave Kodama,2009-03-01 Fresh, innovative Japanese-inspired fare from one of Hawaii's most adventurous and renowned chefs. In this collection of favorite dishes from his celebrated restaurant, chef D.K. Kodama teaches readers how to recreate exquisite Asian fusion cuisine in their own kitchens. His unique global approach masterfully blends Asian, Hawaiian, American, and European ingredients and techniques in dishes that are as visually spectacular as they are delicious.

Chop Suey and Sushi from Sea to Shining Sea Bruce Makoto Arnold,Tanfer Emin Tunç,Raymond Douglas Chong,2018-06-15 The essays in *Chop Suey and Sushi from Sea to Shining Sea* fill gaps in the existing food studies by revealing and contextualizing the hidden, local histories of Chinese and Japanese restaurants in the United States. The writer of these essays show how the taste and presentation of Chinese and Japanese dishes have evolved in sweat and hardship over generations of immigrants who became restaurant owners, chefs, and laborers in the small towns and large cities of America. These vivid, detailed, and sometimes emotional portrayals reveal the survival strategies deployed in Asian restaurant kitchens over the past 150 years and the impact these restaurants have had on the culture, politics, and foodways of the United States. Some of these authors are family members of restaurant owners or chefs, writing with a passion and richness that can only come from personal investment, while others are academic writers who have painstakingly mined decades of archival data to reconstruct the past. Still others offer a fresh look at the amazing continuity and domination of the “evil Chinaman” stereotype in the “foreign” world of American Chinatown restaurants. The essays include insights from a variety of disciplines, including history, sociology, anthropology, ethnography, economics, phenomenology, journalism, food studies, and film and literary criticism. *Chop Suey and Sushi from Sea to Shining Sea* not only complements the existing scholarship and exposes the work that still needs to be done in this field, but also underscores the unique and innovative approaches that can be taken in the field of American food studies.

Sushi Ole G. Mouritsen,2009-10-13 It is clear that serious research, as well as much imagination, went into every page. It has become my new ‘go-to’ bible when I need a shot of inspiration. Ken Oringer, internationally renowned and award-winning chef Clio Restaurant, Uni Sashimi Bar, Boston Congratulations on writing such an aesthetically beautiful, informative and inspiring book. ... I shall not hesitate to recommend your book to those colleagues, who like me, are fascinated by Sushi and who will surely be captivated, like me, turning every page. Dr. Ian C. Forster, April, 2011 ••• In recent decades, sushi has gone from being a rather exotic dish, eaten by relatively few outside of Japan, to a regular meal for many across the world. It is quickly gathering the attention of chefs and nutritionists everywhere. It has even made its way into numerous home kitchens where people have patiently honed the specialized craft required to prepare it. Few have been more attuned to this remarkable transition than Ole G. Mouritsen, an esteemed Danish scientist and amateur chef who has had a lifelong fascination with sushi's central role in Japanese culinary culture. *Sushi for the eye, the body, and the soul* is a unique melange of a book. In it, Mouritsen discusses the cultural history of sushi then uses his scientific prowess to deconstruct and explain the complex chemistry of its many subtle and sharp taste sensations. He also offers insights from years of honing his own craft as a sushi chef, detailing how to choose and prepare raw ingredients, how to decide which tools and techniques to use, and how to arrange and present various dishes. Sushi is irresistible for both its simplicity and the hypnotic performance-art aspects that go into its preparation. With clear prose and straightforward instructions, Mouritsen looks at every facet of sushi in a book that is as accessible as it is informative, as useful as it is fun.

Nobu West Nobu Matsuhisa,Mark Edwards,2007-03 I always put something special in my food-my heart, or kokoro as we say in Japanese-and, you, of course, must put your own heart into your own cooking. --Nobu Matsuhisa * Nobu is one of the most loved and best-known celebrity chefs in North America, respected as a culinary innovator of easily prepared, culturally fused Japanese cuisine. Nobu draws upon his extensive training in Tokyo and his life abroad in Peru, Argentina, and Alaska, as well as his own Michelin-rated, award-winning restaurants worldwide, to create unusual and ingenious East-meets-West dishes like Chilled Pea Shoot Soup with Caviar, Oysters with Pancetta, Iberian Pork Shabu Shabu, and the Japanese Mojito, which herald his ability to explore a confluence of cultures and tastes. Nobu style is synonymous with flexibility, freshness, quality, and above all, simplicity. *Nobu West* is for cooks of all experience levels, providing advice; descriptions of unfamiliar flavorings, ingredients, and techniques; and helpful step-by-step illustrations along with tantalizing, full-color photographs.
