Buyology Martin Lindstrom,2010-02-02 NEW YORK TIMES BESTSELLER • “A fascinating look at how consumers perceive logos, ads, commercials, brands, and products.”–Time How much do we know about why we buy? What truly influences our decisions in today’s message-cluttered world? In Buyology, Martin Lindstrom presents the astonishing findings from his groundbreaking three-year, seven-million-dollar neuromarketing study—a cutting-edge experiment that peered inside the brains of 2,000 volunteers from all around the world as they encountered various ads, logos, commercials, brands, and products. His startling results shatter much of what we have long believed about what captures our interest—and drives us to buy. Among the questions he explores: • Does sex actually sell? • Does subliminal advertising still surround us? • Can “cool” brands trigger our mating instincts? • Can our other senses—smell, touch, and sound—be aroused when we see a product? Buyology is a fascinating and shocking journey into the mind of today's consumer that will captivate anyone who's been seduced—or turned off—by marketers' relentless attempts to win our loyalty, our money, and our minds.

Canadian Railroad Trilogy Gordon Lightfoot,2010-09-18 Nominee for the 2012 Silver Birch Express Award in the Ontario Library Association's Forest of Reading Program This lavishly illustrated book brings Gordon Lightfoot's heart-stirring song, Canadian Railroad Trilogy, to readers young and old. The song was commissioned by the CBC in 1967 to mark Canada's centennial year and it has been a classic ever since. It eloquently describes the construction of the Canadian Pacific Railway -- an iron road runnin' from the sea to the sea -- a great feat of nation building that changed Canada forever for good and for ill, as in the process many people died and were dispossessed of their land. Highly acclaimed, award-winning illustrator Ian Wallace brings the song to visual life with his sweeping landscapes and evocative portrayals of the people who lived the building of the railroad -- from the financiers in the east to First Nations people across the country to the thousands of navvies themselves, many of whom came from as far away as China.
