Portrait Painting in Oil: 10 Step by Step Guides from Old Masters Rachel Shirley, 2012-07-01 Learn oil painting techniques for portraiture including skin colours, hair and eyes from this step by step art book. Portraiture would seem an art form reserved for the most intrepid and experienced of artists. Now with large images for tablets, this oil painting step-by-step guidebook for beginners to intermediate aims to break down this seemingly exacting subject matter into manageable pieces. Within you will find step-by-step instructions on completing 10 portraits from old masters in oil. Leaving no stone unturned, portrait painting would seem more possible. Each demonstration comprises an overview of a particular oil painting technique to be explored, in-depth step-by-step instructions and (on average) 16 images in progress. The artists featured include Botticelli, Delacroix, Gauguin, Velazquez, Wright of Derby, Jacques-Louis David, Rossetti and Vermeer. An additional demonstration features a modern-day portrait. Subjects of various ages, sexes and ethnicity help the developing portraitist get to grips with portraying most skin types in painting. As well as these demonstrations, preliminary sections offer guidance on the art materials required, preparing for oil painting and a personal view of portrait painting. At the back of this book can be found remedial techniques for portraiture, a troubleshooting guide and a glossary. These features make this book an invaluable guide for the beginner wishing to build confidence as well as the developing portraitist. My other book, 'Skin Tones in Oil: 10 Step by Step Guides from Old Masters' similarly explores portraiture but also the figure. Additional oil painting techniques are explained via the source material of artists including Da Vinci, Michelangelo and Rubens. A troubleshooting guide for the portraitist is also available. 'Why do my Skin Tones Look Lifeless Plus 25 Solutions to Other Portrait Painting Peeves' helps with common problems such as mixing skin tones, hair, eyes and shadows plus much more. Dimensions of large edition: 10x8in and 96 pages. The author has a Bachelor's degree from Kingston University and a PCET teaching qualification from Warwick.

Through entertaining anecdotes, readers learn how to order with ease; what terms like oak and earth mean; what to expect from a sommelier; how to tame the red wine headache; how to cook with wine; storage and glassware tips; making wine at home; and much more. Delphi Complete Works of Jack Kerouac (Illustrated) Jack Kerouac,2023-03-08 Jack Kerouac was an American novelist, poet and leader of the Beat movement. His iconic masterpiece ‘On the Road’ exacted a broad cultural influence, capturing the spirit of its time as no other work of the 20th century had done since ‘The Great Gatsby’. Kerouac’s insistence upon ‘First thought, best thought’ and his refusal to revise was controversial. He deemed revision as a form of literary lying, imposing a form farther away from the truth of the moment. His novels reveal a quest for pure, unadulterated language—the truth of the heart unobstructed by the lying of revision. His technique demonstrates an unusual writing style, neither haphazard nor sloppy, but systematic in the most-individualised sense. For the first time in publishing history, this eBook presents Kerouac’s complete fictional works, with numerous illustrations, rare texts appearing in digital print for the first time, informative introductions and bonus material. Entangled Otherness Charlotte Hammond,2018-11-16 Entangled Otherness explores the dynamics of cross-dressing and gender performance in contemporary Francophone Caribbean cultures. Through examination of archival texts, artistic works and oral histories the author reveals how strategies of crossing, mimicry and masquerade have enabled resistance to the racialised, gendered and patriarchal classifications of bodies that characterized Enlightenment thought during the French transatlantic slave trade.
