Applied Old Testament Commentary Tom Hale, Steve Thorson, 2012-12-10 The wisdom found in God's Word is timeless, as relevant today as when it was first written. And the challenge for believers remains unchanged: how do we apply these truths to our everyday world? The Applied Commentary series is a fresh approach to Bible study, connecting great wisdom with your life today. Each Scripture passage is enhanced with insights on key themes and ideas. Featured articles provide a deeper look at essential concepts, while the contemporary language allows for easy reading. And because some subjects are open to interpretation for discussion, we've included perspectives from leading theologians from all backgrounds and denominations. The result? An interactive approach to Scripture that will challenge your ideas and build your faith—which is what reading the Bible is all about.

Luke John T. Carroll, 2012-10-26 This new, authoritative commentary on the Gospel of Luke epitomizes the New Testament Library series. Combining scholarly rigor and theological insight, Carroll not only focuses on the Gospel text but also makes frequent reference to Luke's second volume, the Acts of the Apostles, to show how the two writings work together to present a full picture of the life of Christ and the work of the apostles. In addition, Carroll includes several illuminating notions about special topics in Luke's Gospel: a comparison of the birth announcements to Mary and Zechariah, an examination of the role of women, a discussion of wealth and poverty, and insights on the reign of God and the Roman Empire.

Everyday Theology (Cultural Exegesis) Kevin J. Vanhoozer, Charles A. Anderson, Michael J. Sleasman, 2007-03-01 Everyday theology is the reflective and practical task of living each day as faithful disciples of Jesus Christ. In other words, theology is not just for Sundays, and it's not just for professional theologians. Everyday Theology teaches all Christians how to get the theological lay of the land. It enables them to become more conscious of the culture they inhabit every day so that they can understand how it affects them and how they can affect it. If theology is the ministry of the Word to the world, everyday theologians need to know something about that world, and Everyday Theology shows them how to understand their culture make an impact on it. Engaging and full of fresh young voices, this book is the first in the new Cultural Exegesis series.

Italian Sword and Sandal Films, 1908-1990 Roy Kinnard, Tony Crnkovich, 2017-02-28 Produced in Italy from the turn of the 20th century, sword and sandal or peplum films were well received in the silent era and attained great popularity in the 1960s following the release of *Hercules* (1959), starring Mr. Universe Steve Reeves. A global craze for Bronze Age fantasy-adventures ensued and the heroic exploits of Hercules, Maciste, Samson and Goliath were soon a mainstay of American drive-ins and second-run theaters (though mainly disparaged by critics). By 1965, the genre was eclipsed by the spaghetti western, yet the 1960s peplum canon continues to inspire Hollywood epics. This filmography provides credits, cast and comments for dozens of films from 1908 through 1990.

TV antiquity Sylvie Magerstädt, 2019-03-14 TV antiquity explores representations of ancient Greece and Rome throughout television history. The first comprehensive overview of the 'swords and sandals' genre on the small screen, it argues that these shows offer a distinct perspective on the ancient world. The book traces the historic development of fictional representations of antiquity from the staged black-and-white shows of the 1950s and 1960s to the most recent digital spectacles. One of its key insights is that the structure

of serial television is at times better suited to exploring the complex mythic and historic plots of antiquity. Featuring a range of case studies, from popular serials like *I, Claudius* (1976) and *Rome* (2005–8) to lesser known works like *The Caesars* (1968) and *The Eagle of the Ninth* (1976), the book illustrates how broader cultural, political and economic issues have over time influenced the representation of antiquity on television.

Mamluk 'Askari 1250-1517 David Nicolle, 2014-11-20 New archaeological material and research underpins this extensive, detailed and beautifully illustrated account of the famous Mamluk Askars who are credited with finally defeating and expelling the Crusaders, halting the Mongol invasion of the Islamic Middle East, and facing down Tamerlane. Probably the ultimate professional soldiers of the medieval period they were supposedly recruited as adolescent slaves, though recent research has begun to undermine this oversimplified interpretation of what has been called the Mamluk phenomenon.
