Culture Is Our Business Marshall McLuhan,2015-02-12 Culture Is Our Business is Marshall McLuhan's sequel to *The Mechanical Bride: Folklore of Industrial Man*. Returning to the subject of advertising newly armed with the electric sensibility that informed *The Gutenberg Galaxy*, *Understanding Media*, and *The Medium Is the Massage*, McLuhan takes on the mad men (a play on the ad men of Madison Avenue) of the sixties. Approaching commercial messages as

unacknowledged art forms and cultural artifacts, McLuhan delivers a series of probes that pick apart their meanings and underlying values, their paradoxes and paralogisms, and their overt function as persuasion and propaganda. Through humor, satire, and a poetic sensibility, he provides us with a serious exploration of the consumer culture that emerged out of the electronic media environment. In keeping with the participatory ethos of the Internet that McLuhan so clearly anticipated, this is a book that is meant to open the door to further study, reflection, and discussion, and to encourage the development of critical reception on the part of the reader.
