*Islamically Integrated Psychotherapy* Carrie York Al-Karam,2018-07-01 Integrating the Islamic faith with modern psychotherapy is at the forefront of the spiritually integrated psychotherapy movement. To bring this work to wider attention and to promote its continuation, Dr. Carrie York Al-Karam has brought together the present volume of nine essays, each of which is written by a Muslim clinician who practices Islamically integrated psychotherapy (IIP)—a modern approach that unites the teachings, principles, and interventions of the faith with Western therapeutic approaches. As delineated in the

Introduction, IIP has emerged from a variety of domains including the psychology of religion and spirituality, multicultural psychology and counseling, transpersonal psychology, Muslim Mental Health, and Islamic Psychology. The individual chapters then describe a variety of ways IIP is practiced by Muslim clinicians in their service provision with Muslim clients. The contributors discuss a wide range of topics, such as how Islam can be viewed as a system for psychological wellbeing, or a “science of the soul”; what marital counseling can look like from an Islamically-integrated perspective; Prophet Mohammed as a psycho-spiritual exemplar in a new approach called The HEART Method; the use of Quranic stories in family therapy; as well as using Islamic teachings when working with Muslim children and adolescents. A description of the various approaches is supplemented with discussions of their theoretical underpinnings as well as research-based recommendations for advancing clinical application. What emerges is a vital resource for Muslim and non-Muslim clinicians alike as well as the lay Muslim reader wanting to know more about how the Islamic faith and psychotherapy are engaging with each other in a modern clinical context.

### **Arabic and Tajweed Beginners Exercise Book (Children)**

Dina Essam,2021-04-21 Learn to Recite the Quran Beautifully One of the best acts of worship in Islam is reciting the Quran beautifully and smoothly. The Prophet (Salla Allahu Alaihi wa Sallam) said: Verily the one who recites the Qur'an beautifully, smoothly, and precisely, he will be in the company of the noble and obedient angels. And as for the one who recites with difficulty, stammering or stumbling through its verses, then he will have TWICE that reward. [Al-Bukhari and Muslim] Jannat Al Quran books aim to make learning the Quran easy for all students whether adults or children, beginners or advanced level. This exercise book complements the Arabic and Tajweed Beginners

Textbook. The exercise book consists of interactive questions that include writing Arabic letters, drawing, colouring and others. The interactive nature of the books will keep the children engaged with learning and allow them to consolidate the knowledge from the Arabic and Tajweed Beginners Textbook.

Tajweed For Young Children Moulana Qari Dawood

Limbada,2018 The reciting and reading of the Quran is both important and rewarding for the Muslims, but for it to be a real reflection of the words of Allah, it must be recited with tajweed, which is a field of study that has a lofty status of its own. The young Muslims of today need Quranic and religious knowledge. Consequently, this difficult field of tajweed was in need of a simple book that would allow this knowledge to sink into the minds of children, without it being a burden on them. Over half a century ago, Moulana Qari Dawood Limbada took the responsibility of filling this void for the young Muslims in his community. He wrote a hugely popular book called Baar Tajweed, and the translation of that book is now in your hands. The book is logically organised, has clear examples, and has been augmented with multiple exercises that allow the student to immediately implement the rules that have just been learnt.
