The Fairy's Assistant Sasha L. Miller, Hayden generally enjoys his life—he gets to travel, he has a fairy in his pocket, and he helps her bring happiness to people who would otherwise go overlooked and continue suffering. The only problem is that magic is illegal, and there's a certain stubborn, handsome knight determined to prove that Hayden deserves to be locked up. Between dodging the stubborn knight and the odious nobles he's currently working for, helping his fairy get a woman to a ball is going to be more difficult than their missions usually are.

Dramatic Revisions of Myths, Fairy Tales and Legends Verna A. Foster, 2012-10-06 These new essays explore the ways in which contemporary dramatists have retold or otherwise made use of myths, fairy tales and legends from a variety of cultures, including Greek, West African, North American, Japanese, and various parts of Europe. The dramatists discussed range from well-established playwrights such as Tony Kushner, Caryl Churchill, and Timberlake Wertenbaker to new theatrical stars such as Sarah Ruhl and Tarell Alvin McCraney. The book contributes to the current

discussion of adaptation theory by examining the different ways, and for what purposes, plays revise mythic stories and characters. The essays contribute to studies of literary uses of myth by focusing on how recent dramatists have used myths, fairy tales and legends to address contemporary concerns, especially changing representations of women and the politics of gender relations but also topics such as damage to the environment and political violence.

Haunted Ground Darryl V. Catherine, 2011-08-10 This fascinating and insightful tour through present-day meetings of Spiritualists, UFOlogists, and dowsers illuminates our obsession with the paranormal and challenges the misunderstanding of the paranormal as a marginal or inconsequential feature of America's religious landscape. According to a 2005 Gallup poll, 75 percent of Americans believe in some form of paranormal activity. The United States has had a collective fascination with the paranormal since the mid-1800s, and it remains an integral part of our culture. *Haunted Ground: Journeys through a Paranormal America* examines three of the most vibrant paranormal gatherings in the United States—Lily Dale, a Spiritualist summer camp; the Roswell UFO Festival; and the American Society of Dowsters' annual convention of water witches—to explore and explain the reasons for our obsession with the paranormal. Both academically informed and thoroughly entertaining, this book takes readers on a road trip through our nation, guided by professor of American religion Darryl V. Catherine, PhD. The author interprets seemingly unrelated case studies of phantasmagoria collectively as an integral part of the modern discourse about nature as ultimate reality. Along the way, Dr. Catherine reveals how Americans' interest in the paranormal is rooted in their anxieties about cultural, political, and economic instability—and in a historic sense of alienation and homelessness.

Vampire Films Around the World James Aubrey, 2020-10-09 Vampires are arguably the most popular and most paradoxical of gothic monsters: life draining yet passionate, feared yet fascinating, dead yet immortal. Vampire content produces exquisitely suspenseful stories that, combined with motion picture filmmaking, reveal much about the cultures that enable vampire film production and the audiences they attract. This collection of essays is generously illustrated and ranges across sixteen cultures on five continents, including the films *Let the Right One In*, *What We Do in the Shadows*, *Cronos*, and *We Are the Night*, among many others. Distinctly different kinds of European vampires have originated in Ireland, Germany, Sweden, and Serbia. North American vampires are represented by films from Mexico, Canada, and the USA. Middle Eastern locations include Tangier,

Morocco, and a fictional city in Iran. South Asia has produced Bollywood vampire films, and east Asian vampires are represented by films from Korea, China, and Japan. Some of the most recent vampire movies have come from Australia and New Zealand. These essays also look at vampire films through lenses of gender, post-colonialism, camp, and otherness as well as the evolution of the vampiric character in cinema worldwide, together constituting a mosaic of the cinematic undead.

Louisa May Alcott's Fairy Tales and Fantasy Stories Louisa May Alcott, 1992 While these stories can make no claim to being great art, they are an important segment of Alcott's canon. They demonstrate that, while she was exploring new territory with some of her work, she was also working within the existing tradition of the didactic fairy tale.
