How to be a T. Rex Ryan North,2018-08-21 An upROARiously funny take on following your wildest dreams, from the bestselling creator of Dinosaur Comics Being a regular old human is kind of a drag. That's why Sal is not going to be a teacher or doctor or lawyer when she grows up. She is going to grow up to be an awesome Tyrannosaurus Rex. Her brother thinks it's impossible, but Sal sure shows him! And in the beginning, being a T. Rex is AWESOME. But did you know that it's kind of hard to make friends when you are a super-giant, super-loud, super-stompy dinosaur? If only there were a way for Sal to be 100% awesome, 100% of the time... Eisner Award-winning writer Ryan North makes his picture book debut with this bright, bold, and quirky story about finding--and taming--the beast within.

Hot and Sweaty Rex Eric Garcia,2004-03-02 Vincent Rubio,

the most hard-boiled reptile detective ever, is back on the case in the third installment of Eric Garcia's cult mystery series about dinosaurs who are still alive and committing crimes in L.A. Rubio's latest assignment: the dinosaur mafia. As fans of Anonymous Rex and Casual Rex already know, the dinosaurs faked their extinction and live among us, disguising themselves as humans in elaborately designed latex costumes. Anyone could be a dinosaur. Your podiatrist. The crotchety old man who lives next door. Julia Roberts, it is well known, is actually a Stegosaur. When the head of the Raptor mafia asks Vincent Rubio to perform a service, he has no choice but to head for Miami to investigate a team of Hadrosaurs who are muscling in on Raptor territory. It's dangerous business. Make the wrong move and your tail gets chopped off. Eric Garcia's third Rex novel is a wildly entertaining mystery and an instant classic of dinosaur mafia fiction—further proof that this gifted author really knows where the bones are buried.

Chick-o-Saurus Rex Lenore Jennewein, 2013-07-23 A bullied little chicken discovers his inner strength along with some surprising dinosaur ancestry in this farmyard tale with huge heart. Little Chick just wants to belong, but the bullies of the barnyard—Little Donkey, Little Pig, and Little Sheep—won't let him play in their tree house because he is a chicken, and chickens are not strong and brave. Little Chick sees their point: What have chickens done besides invent the chicken dance and cross the road? But when his father shows Little Chick the family photo album, he learns something HUGE: He is related to the gigantic and ferocious Tyrannosaurus rex! Armed with this new knowledge, Little Chick returns to the tree house just in time to rescue the bullies from a scary wolf—and prove that strength and bravery have nothing to do with size.

Anonymous Rex Eric Garcia,2012-03-28 What would the world be like if the dinosaurs hadn't gone extinct? As this very funny book shows, for one thing, L.A. would be even weirder than it is now. --Dave Barry Vincent Rubio, a Los Angeles private investigator, is down on his luck: He's out of work. His car's been repossessed. His partner has died under mysterious circumstances. And his tail just won't stay put. Vincent is a dinosaur--a Velociraptor, to be precise. It seems the dinosaurs faked their extinction 65 million years ago and still roam the earth, disguised in convincing latex costumes that help them blend perfectly into human society. A heightened sense of smell allows the dinos to detect one another--Vincent's got an odor like a tasty Cuban cigar. When Vincent is called to investigate a two-bit case of arson at a hip dino nightclub, he discovers something much more sinister, which lures him back to New York City--the scene of his partner's death and a dangerous nexus of dinosaur and human intermingling. Will Vincent solve the mystery of his partner's death? Will a gorgeous blond chanteuse discover his true identity, jeopardizing both their lives? Will Vincent be able to conquer his dangerous addiction to basil, or will he wind up in Herba-holics Anonymous? Will he find true love, or resort to crumpled issues of

Stegolicious? Somewhere between Jurassic Park and L.A. Confidential lies Eric Garcia's Anonymous Rex, one of the smartest, wittiest, and most entertaining debuts this side of the Ice Age.
