Guide to Implementing the Next Generation Science Standards National Research Council, Division of Behavioral and Social Sciences and Education, Board on Science Education, Committee on Guidance on Implementing the Next Generation Science Standards, 2015-03-27 A Framework for K-12 Science Education and Next Generation Science Standards (NGSS) describe a new vision for science learning and teaching that is catalyzing improvements in science classrooms across the United States. Achieving this new vision will require time, resources, and ongoing commitment from state, district, and school leaders, as well as classroom teachers. Successful implementation of the NGSS will ensure that all K-12 students have high-quality opportunities to learn science. Guide to Implementing the Next Generation Science Standards provides guidance to district and school leaders and teachers charged with developing a plan and implementing the NGSS as they change their curriculum, instruction, professional learning, policies, and assessment to align with the new standards. For each of these elements, this report lays out recommendations for action around key issues and cautions about potential pitfalls. Coordinating changes in these aspects of the education system is challenging. As a foundation for that process, Guide to Implementing the Next Generation Science Standards identifies some overarching principles that should guide the planning and implementation process. The new standards present a vision of science and engineering learning designed to bring these subjects alive for all students, emphasizing the satisfaction of pursuing compelling questions and the joy of discovery and invention. Achieving this vision in all science classrooms will be a major undertaking and will require changes to many aspects of science education. Guide to Implementing the Next Generation Science Standards will be a valuable resource for states, districts, and schools charged with planning and implementing changes, to help them achieve the goal of teaching science for the 21st century.

Twelve Years a Slave Solomon Northup, 2024-01-04 Filmatized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Northup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US, on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

Dying for Chocolate Diane Mott Davidson, 1993-10-01 "A classic whodunit . . . the perfect book for food lovers."—New York Daily News Goldy Bear is the bright, opinionated, wildly inventive caterer whose personal life is a recipe for disaster, with bills taking a bite out of her budget and her abusive ex-husband making tasteless threats. Determined to take control, Goldy moves her business to the ritzy Aspen Meadow Country Club. Soon she's preparing decadent dinners and posh society picnics—and enjoying the favors of Philip Miller, a handsome local shrink, and Tom Schulz, her more-than-friendly neighborhood cop. Until, that is, the dishy doctor drives his BMW into an oncoming bus. Convinced that Philip's bizarre death was no accident, Goldy begins to sift through the dead doc's unpalatable secrets. But this case is seasoned with unexpected danger and even more unexpected revelations—the kind that could get a caterer killed. Praise for Diane Mott Davidson and *Dying for Chocolate* "You don't have to be a cook or a mystery fan to love Diane Mott Davidson's books."—The San Diego Union-Tribune "A cross between Mary Higgins Clark and Betty Crocker."—The Baltimore Sun Includes recipes!

Twenty-Eight and a Half Wishes Denise Grover Swank, 2014-12-06 First book in the New York Times, Wall Street Journal, and USA Today bestselling Rose Gardner Mystery series. For Rose Gardner, working at the DMV on a Friday afternoon is bad even before she sees a vision of herself dead. She's had plenty of visions, usually boring ones like someone's toilet's overflowed, but she's never seen one of herself before. When her overbearing momma winds up murdered on her sofa instead, two things are certain: There isn't enough hydrogen peroxide in the state of Arkansas to get that stain out, and Rose is the prime suspect. Rose realizes she's wasted twenty-four years of living and makes a list on the back of a Wal-Mart receipt: twenty-eight things she wants to accomplish before her vision comes true. She's well on her way with the help of her next door neighbor Joe, who has no trouble teaching Rose the rules of drinking, but won't help with number fifteen-- do more with a man. Joe's new to town, but it doesn't take a vision for Rose to realize he's got plenty secrets of his own. Somebody thinks Rose has something they want and they'll do anything to get it. Her house is broken into, someone else she knows is murdered, and suddenly, dying a virgin in the Fenton County jail isn't her biggest worry after all.

The Main Corpse Diane Mott Davidson, 1997-07-01 She has been called the Julia Child of mystery writers. Now, Diane Mott Davidson, who masterfully served up *The Last Suppers*, *Killer Pancake*, and *Dying for Chocolate*, returns with an irresistible five-star helping of suspense. When caterer Goldy Schulz takes a job with a multimillion-dollar financial firm, she finds herself in a high-stakes world where someone is out to make a killing.... Goldy, owner of Goldilocks' Catering, barely weathered a disastrous spring in which relentless rains and driving snow put a real damper on her business. But now, thanks to her best friend, Marla, the Colorado caterer is suddenly cooking up a storm...lovingly preparing Crab Quesadillas, Tomato-Brie Pie, and Gold Foil-Wrapped Fudge Bars for her wealthy new client, Prospect Financial Partners. The Prospect Partners' financial whiz, Tony Royce, with whom Marla is having a tempestuous affair, and Albert Lipscomb, who is personally managing Marla's money, have hired Goldy to prepare a sumptuous party to kick off their latest venture: the reopening of the Eurydice Gold Mine. Anxious to take advantage of a golden opportunity, Goldy arrives at the mine site early,

loaded down with goodies. Yet just when she thinks she can relax, all hell breaks loose--and the main culprit is Marla. Her best friend is sure the mine venture is a scam. And when, several days later, Albert ends up missing, it looks as if Marla was right. Why, then, is the police captain treating Goldy's best friend as if she had committed a crime? And how can Goldy keep her fourteen-year-old son Arch and his unreliable bloodhound from making matters worse? As Goldy works furiously to restore her business by whipping up hot, fragrant Sour Cream Cherry Coffeecake and featherlight Cinnamon Scones, she finds herself drawn into a most unusual situation of missing partners, stolen millions, and multiple homicides. And only when Goldy can discover which of the victims is the main corpse will she be able to unravel the mystery that threatens to cancel out her friend's dearest asset--her life.
