Here Be Icebergs Katya Adaui,2022-06-14 The weird, fetid, familiar discomfort of family is front and centre in these short stories of all the ways we remain a mystery to each other. The mysteries of kinship (families born into and families made) take disconcerting and familiar shapes in these refreshingly frank short stories. A family is haunted by a beast that splatters fruit against its walls every night, another undergoes a near-collision with a bus on the way home from the beach. Mothers are cold, fathers are absent—we know these moments in the abstract, but Adaui makes each as uncanny as our own lives: close but not yet understood.

**The Translator** Nina Schuyler, 2021-11-15 When renowned translator Hanne Schubert falls down a flight of stairs, she suffers a brain injury and ends up with an unusual but real condition: the ability to only speak the language she learned later in life: Japanese. Isolated from the English-speaking world, Hanne flees to Japan, where a Japanese novelist whose work she has recently translated accuses her of mangling his work. Distraught, she meets a new inspiration for her work: a Japanese Noh actor named Moto. Through their contentious interactions, Moto slowly finds his way back onto the stage while Hanne begins to understand how she mistranslated not only the novel but also her daughter, who has not spoken to Hanne in six years. Armed with new knowledge and languages both spoken and unspoken, she sets out to make amends.

**The Ever After of Ashwin Rao** Padma Viswanathan, 2015-06-09 From internationally acclaimed New Face of Fiction author Padma Viswanathan, a stunning new work set among families of those who lost loved ones in the 1985 Air India bombing, registering the unexpected reverberations of this tragedy in the lives of its survivors. A book of post-9/11 life, *The Ever After* demonstrates that violent politics are all-too-often homegrown in North America but ignored at our peril. In 2004, almost 20 years after the fatal bombing of Air India Flight 182 from Vancouver, two suspects are—finally—on trial for the crime. Ashwin Rao, an Indian psychologist trained in North America, comes back to do a “study of comparative grief,” interviewing people who lost loved one in the attack. What he neglects to mention is that he, too, had family members who died on the plane. Then, to his delight and fear, he becomes embroiled in the lives of one family that remains unable to escape the undertow of the tragedy. As Ashwin finds himself less and less capable of providing the objective advice this particular family seeks, his surprising emotional connection to them pushes him to face his own losses. *The Ever After* imagines the lasting emotional and political consequences of a real-life act of terror, confronting what we might learn to live with and what we can live without.

**Kitchen Table Translation** Madhu H. Kaza, 2017-07 The *Kitchen Table Translation* issue of *Aster* (ix) explores the connections between translation (the movement of texts) and migration (the movement of bodies). It features immigrant and diasporic translators, and brings together personal, cultural, and political dimensions of translation with the literary and aesthetic aspects of the work.

**When the Whales Leave** Yuri Rytkeu, 2019-12-05 This fable of an indigenous Arctic people “offers profound considerations about stewardship of and people’s relationships to the natural world” (Publishers Weekly). Nau cannot remember a time when she was not one with the world around her: with the fast breeze, the green grass, the high clouds, and the endless blue sky above the Shingled Spit. But her greatest joy is to visit the sea, where whales gather every morning to gaily spout rainbows. Then one day, she finds a man in the mist where a whale should be: Reu, who has taken human form out of his Great Love for her. Together these first humans become parents to two whales, and then to mankind. Even after Reu dies, Nau continues on, sharing her story of brotherhood between the two species. But as these origins grow distant, the old woman’s tales are subsumed into myth—and her descendants are increasingly bent on parading their dominance over the natural world. Buoyantly translated into English for the first time by Ilona Yazhbin Chavasse, this new entry in the Seedbank series is at once a vibrant retelling of the origin story of the Chukchi, a timely parable about the destructive power of human ego—and another unforgettable work of fiction from Yuri Rytkeu, “arguably the foremost writer to emerge from the minority peoples of Russia’s far north” (New York Review of Books). “We have so little intimate information about these Arctic people, and the writer’s deep emotional attachment to this landscape of ice (today melting away under global warming forces) makes every sentence seem a poetic revelation.” —Annie Proulx

*On Self-Translation* Ilan Stavans, 2018-09-10 A fascinating collection of essays and conversations on the changing nature of language. From award-winning, internationally known scholar and translator Ilan Stavans comes *On Self-Translation*, a collection of essays and conversations on language in its multifaceted forms. Stavans discusses the way syntax is being restructured by texting and other technologies. He examines how the alphabet itself is being forgotten by the young, how finger snapping has taken on a new meaning, how the use of ellipses has lapsed, and how autocorrect is shaping the way we communicate. In an incisive meditation, he shows how translating one’s own work reinvents oneself in another tongue. The volume includes tête-à-têtes with Pulitzer Prize-winner Richard Wilbur and short-fiction master Lydia Davis, as well as dialogues on silence, multilingualism, poetry, and the durability of the classics. Stavans’s explorations cover Spanish, English, Hebrew, Yiddish, and the hybrid lexicon of Spanglish. He muses on the meaning of foreignness and on living and dying in different languages. Among his primary concerns are the role and history of dictionaries and the extent to which the authority of language academies is less a reality than a delusion. He concludes with renditions into Spanglish of portions of *Hamlet*, *Don Quixote*, and *The Little Prince*. The wide range of themes and engaging yet informed style confirm Stavans’s status, in the words of the *Washington Post*, as “Latin America’s liveliest and boldest critic and most innovative cultural enthusiast.” *On Self-Translation* is a beautiful and often profound work. Stavans, a superb stylist, offers erudite meditations on translation, and gives us new ways to think about language itself. *On Self-Translation* by Jack Lynch, author of *The Lexicographer’s Dilemma: The Evolution of ‘Proper’ English, from Shakespeare to South Park* *Stavans carries his learning light, and has the gift of communicating the profoundest of insights in the simplest of ways. The book is delightfully free of unnecessary jargon and ponderous discourse, allowing the reader time and space for her own reflections without having to slow down in the reading of it. This is work born out of the deep confidence that complete and dedicated immersion in a chosen field of knowledge (and practice) can bring; it is further infused with original wisdom accrued from self-reflexive, lived experiences of multilinguality.* *On Self-Translation* by Kavita Panjabi, Jadavpur University

Fruit of the Drunken Tree Ingrid Rojas Contreras, 2019-06-04 “One of the most dazzling and devastating novels I’ve read in a long time...Readers of Fruit of the Drunken Tree will surely be transformed.” --San Francisco Chronicle “Simultaneously propulsive and poetic, reminiscent of Isabel Allende...Listen to this new author’s voice – she has something powerful to say.” --Entertainment Weekly Seven-year-old Chula lives a carefree life in her gated community in Bogotá, but the threat of kidnappings, car bombs, and assassinations hover just outside her walls, where the godlike drug lord Pablo Escobar reigns, capturing the attention of the nation. When her mother hires Petrona, a live-in-maid from the city’s guerrilla-occupied slum, Chula makes it her mission to understand Petrona’s mysterious ways. Petrona is a young woman crumbling under the burden of providing for her family as the rip tide of first love pulls her in the opposite direction. As both girls’ families scramble to maintain stability amidst the rapidly escalating conflict, Petrona and Chula find themselves entangled in a web of secrecy. Inspired by the author's own life, Fruit of the Drunken Tree is a powerful testament to the impossible choices women are often forced to make in the face of violence and the unexpected connections that can blossom out of desperation.

**The Translator as Writer** Susan Bassnett, Peter Bush, 2007-11-15 Over the last two decades, interest in translation around the world has increased beyond any predictions. International bestseller lists now contain large numbers of translated works, and writers from Latin America, Africa, India and China have joined the lists of eminent, bestselling European writers and those from the global English-speaking world. Despite this, translators tend to be invisible, as are the processes they follow and the strategies they employ when translating. The Translator as Writer bridges the divide between those who study translation and those who produce translations, through essays written by well-known translators talking about their own work as distinctive creative literary practice. The book emphasises this creativity, arguing that translators are effectively writers, or rewriters who produce works that can be read and enjoyed by an entirely new audience. The aim of the book is to give a proper prominence to the role of translators and in so doing to move attention back to the act of translating, away from more abstract speculation about what translation might involve.

**Speaking in Subtitles** Tessa Dwyer, 2017-05-18 Over 6000 different languages are used in the world today, but the conventions of 'media speak' are far from universal and the complexities of translation are rarely acknowledged by the industry, audiences or scholars. Redressing this neglect, Speaking in Subtitles argues that the specific contingencies of translation are vital to screen media's global storytelling. Looking at a range of examples, from silent era intertitling to contemporary crowdsourced subtitling, and from avant-garde dubbing to the increasing practice of 'fansubbing', Tessa Dwyer proposes that screen media itself is a fundamentally 'translational' field.

**A Translator-warrior Speaks** Bernard Bierman, 1987

The Translator Ward S. Just, 1999 When Sydney left Germany and moved to Paris in 1956, he was happy to escape from his horror-filled boyhood memories of World War II. But Sydney suddenly finds h.

**Grieving** Cristina Rivera Garza, 2020-10-06 Finalist for the 2020 National Book Critics’ Circle Award for Criticism By one of Mexico's greatest contemporary writers, this investigation into state violence and mourning gives voice to the political experience of collective pain. Grieving is a hybrid collection of short crónicas, journalism, and personal essays on systemic violence in contemporary Mexico and along the US-Mexico border. Drawing together literary theory and historical analysis, she outlines how neoliberalism, corruption, and drug trafficking–culminating in the misnamed “war on drugs”–has shaped her country. Working from and against this political context, Cristina Rivera Garza posits that collective grief is an act of resistance against state violence, and that writing is a powerful mode of seeking social justice and embodying resilience. She states: “As we write, as we work with language–the humblest and most powerful force available to us–we activate the potential of words, phrases, sentences. Writing as we grieve, grieving as we write: a practice able to create refuge from the open. Writing with others. Grieving like someone who takes refuge from the open. Grieving, which is always a radically different mode of writing.” “A lucid, poignant collection of essays and poetry. . . . deeply hopeful, ultimately love letters to writing itself, and to the power of language to overcome the silence that impunity imposes.” –New York Times Book Review For all the losses tallied, the pieces are imbued with optimism and an activist’s passion for reshaping the world. –The New Yorker

Found in Translation Nataly Kelly, Jost Zetzsche, 2012-10-02 Translation. It’s everywhere we look, but seldom seen–until now. Found in Translation reveals the surprising and complex ways that translation shapes the world. Covering everything from holy books to hurricane warnings and poetry to peace treaties, Nataly Kelly and Jost Zetzsche offer language lovers and pop culture fans alike an insider’s view of the ways in which translation spreads culture, fuels the global economy, prevents wars, and stops the outbreak of disease. *Translating Myself and Others* Jhumpa Lahiri, 2022-05-17 Luminous essays on translation and self-translation by an award-winning writer and literary translator Translating Myself and Others is a collection of candid and disarmingly personal essays by Pulitzer Prize-winning author Jhumpa Lahiri, who reflects on her emerging identity as a translator as well as a writer in two languages. With subtlety and emotional immediacy, Lahiri draws on Ovid’s myth of Echo and Narcissus to explore the distinction between writing and translating, and provides a close reading of passages from Aristotle’s Poetics to talk more broadly about writing, desire, and freedom. She traces the theme of translation in Antonio Gramsci’s Prison Notebooks and takes up the question of Italo Calvino’s popularity as a translated author. Lahiri considers the unique challenge of translating her own work from Italian to English, the question “Why Italian?,” and the singular pleasures of translating contemporary and ancient writers. Featuring essays originally written in Italian and published in English for the first time, as well as essays written in English, Translating Myself and Others brings together Lahiri’s most lyrical and eloquently observed meditations on the translator’s art as a sublime act of both linguistic and personal metamorphosis.

**After the Winter** Guadalupe Nettel, 2018-09-04 Claudio’s apartment faces a wall. Rising from bed, he sets his feet on the floor at the same time, to ground himself. Cecilia sits at her window, contemplating a cemetery, the radio her best companion. In parallel and entwining stories that move from Havana to Paris to New York City, no routine, no argument for the pleasures of solitude, can withstand our most human drive to find ourselves in another, and fall in love. And no depth of emotion can protect us from love’s inevitable loss.

This Little Art Kate Briggs, 2017 Part-essay and part-memoir, 'This Little Art' is a manifesto for the practice of literary translation.

**In Case of Emergency** Mahsa Mohebbi, 2021-11-30 In this prize-winning Iranian novel, a spoiled and foul-mouthed young woman looks to get high while her family and city fall to pieces. What do you do when the world is falling apart and you’re in withdrawal? Disillusioned, wealthy, and addicted to opium, Shadi wakes up one day to apocalyptic earthquakes and a dangerously low stash. Outside, Tehran is crumbling: yuppies flee in bumper-to-bumper traffic as skaters and pretty boys rise up to claim the city as theirs. Cross-dressed to evade hijab laws, Shadi flits between her dysfunctional family and depressed friends–all in search of her next fix. Mahsa Mohebbi's groundbreaking novel about Iranian counterculture is a satirical portrait of the disaster that is contemporary life. Weaving together gritty vernacular and cinematic prose, In Case of Emergency takes a darkly humorous, scathing look at the authoritarian state, global capitalism, and the gender binary.

Homesick Jennifer Croft,2022-08-23 The coming of age story of an award-winning translator, Homesick is about learning to love language in its many forms, healing through words and the promises and perils of empathy and sisterhood. Sisters Amy and Zoe grow up in Oklahoma where they are homeschooled for an unexpected reason: Zoe suffers from debilitating and mysterious seizures, spending her childhood in hospitals as she undergoes surgeries. Meanwhile, Amy flourishes intellectually, showing an innate ability to glean a world beyond the troubles in her home life, exploring that world through languages first. Amy's first love appears in the form of her Russian tutor Sasha, but when she enters university at the age of 15 her life changes drastically and with tragic results. Croft moves quickly between powerful scenes that made me think about my own sisters. I love how the language displays a child's consciousness. A haunting accomplishment. Kali Fajardo-Anstine
