Storm World Chris C. Mooney,2007 One of the leading environmental journalists and bloggers working today, Chris Mooney delves into a red-hot debate in global meteorology and weather forecasting: whether the increasing ferocity and frequency of hurricanes are connected to global warming. In the wake of Katrina, Mooney follows the lives and careers of the two leading scientists on either side of the debate through the 2006 hurricane season, tracing how government, the media, big business, and politics influence the ways in which weather patterns are predicted, charted, and even defined. Mooney written a fascinating and urgently compelling book that calls into question the great inconvenient truth of our day: Are we responsible for making hurricanes even bigger monsters than they already are?

The News About the News Leonard Downie, Jr.,Robert G. Kaiser,2007-12-18 Freedom of the press is a primary American value. Good journalism builds communities, arms citizens with important information, and serves as a public watchdog for civic, national, and global issues. But what happens when the news turns its back on its public role? Leonard Downie Jr., executive editor of The Washington Post, and Robert G. Kaiser, associate editor and senior correspondent, report on a growing crisis in American journalism. From the corporatization that leads media moguls to slash content for profit, to newsrooms that ignore global crises to report on personal entertainment, these veteran journalists chronicle an erosion of independent, relevant journalism. In the process, they make clear why incorruptible reporting is crucial to American society. Rooted in interviews and first-hand accounts, the authors take us inside the politically charged world of one of America's powerful institutions, the media.

Advancing the Story Debora Halpern Wenger,Deborah Potter,2014-08-06 "An eminently useful text for television and Web journalism. No other text does such thorough job of integrating new media into traditional TV reporting. The authors' blog is a great way to keep updated and introduce current material into the class, and the online interactive workbook has some truly inventive exercises." - Michael Cremedas, Syracuse University This fully updated Third Edition of Advancing the Story, by Debora Halpern Wenger and Deborah Potter, builds on the essential strengths of the original text by providing clear instruction on reporting and producing for multiple platforms, real-world examples, advice from professional journalists and exercises to stimulate additional conversations. By focusing on the skills journalists need to leverage social media and capitalize on the use of mobile devices, the authors explore the role data-driven journalism is playing in the profession. Throughout the book, new screen shots, images, research and examples of broadcast and multimedia reporting bring concepts to life. Additionally, a greater emphasis on journalism ethics permeates the book, with each chapter now including a series of discussion starters to ensure that students consider the ethical implications of their journalistic decisions.

Pinson,2015-10-05 The Art of Editing continues to be the standard by which editing texts are judged, offering the most comprehensive and up-to-date discussion of editing available. Long viewed as the "classic" in the field of editing, The Art of Editing continues to evolve to meet the needs of today's students. I Was Blind but Now I See Sylvia Darby,2019-12-05 At the age of seventeen, a female committed a crime against her attacker, a male rapist. She committed arson and murder as a method of revenge for his attack upon her. The incident was reported as an unsolved murder for many years. She joined the church and was noted as a Christian. She was sure she had gotten away with murder. Years later, when the Holy Spirit had her revisit the year of this traumatic incident, he revealed the hand of God in the matter. She thought that the things that were happening at that time were coincidences. She later learned that they were not coincidences at all, but they were earthly occurrences under the direction of a heavenly being. Therefore, her eyes were open to the fact that the true avenger for all evil is God, and God alone. Her sin had been exposed and her secrets were revealed, and she was now found guilty. So she was now at a place where repentance was needed. The spirit revealed to her what she had to do to be forgiven. What the devil did against her for evil, God made it for good. He alone can take life's lemons and make lemonade.
