**One Thousand Novelty and Fad Dances** Thomas L. Nelson, 2009 Intercepted e-mails alert Homeland Security to the possibility of a terrorist attack on South Florida staged from a Bahamian island. Rhonda and Morgan Early are again recruited by the Drug Enforcement Administration to monitor suspicious activity on Bimini, located just fifty miles from Miami. Ahmed Atta needs money to implement his plan to kill sixty-five thousand Americans. He busts convicted cartel leader Victor Torres from jail for one million dollars. When Rhonda and Morgan learn of suspicious activity on Bimini, they rush to the island to thwart any potential danger. Torres inadvertently assists the terrorists by attempting to avenge his earlier capture by Morgan and Rhonda. He snatches their son and lures them to his trafficking headquarters on Plana Cay with the intent to brutally murder them. Meanwhile, Ahmed Atta's brilliant plan to kill an unfathomable number of Americans proceeds unabated.

*Rooted Jazz Dance* Lindsay Guarino, Carlos R.A. Jones, Wendy Oliver, 2022-02-01 National Dance Education Organization Ruth Lovell Murray Book Award UNCG | Susan W. Stinson Book Award for Dance Education An African American art form, jazz dance has an inaccurate historical narrative that often sets Euro-American aesthetics and values at the inception of the jazz dance genealogy. The roots were systemically erased and remain widely marginalized and untaught, and the devaluation of its Africanist origins and lineage has largely gone unchallenged. Decolonizing contemporary jazz

dance practice, this book examines the state of jazz dance theory, pedagogy, and choreography in the twenty-first century, recovering and affirming the lifeblood of jazz in Africanist aesthetics and Black American culture. Rooted Jazz Dance brings together jazz dance scholars, practitioners, choreographers, and educators from across the United States and Canada with the goal of changing the course of practice in future generations. Contributors delve into the Africanist elements within jazz dance and discuss the role of Whiteness, including Eurocentric technique and ideology, in marginalizing African American vernacular dance, which has resulted in the prominence of Eurocentric jazz styles and the systemic erosion of the roots. These chapters offer strategies for teaching rooted jazz dance, examples for changing dance curricula, and artist perspectives on choreographing and performing jazz. Above all, they emphasize the importance of centering Africanist and African American principles, aesthetics, and values. Arguing that the history of jazz dance is closely tied to the history of racism in the United States, these essays challenge a century of misappropriation and lean into difficult conversations of reparations for jazz dance. This volume overcomes a major roadblock to racial justice in the dance field by amplifying the people and culture responsible for the jazz language.
