Medida de investigación que, en el contexto actual, ha de ser conocida por todo jurista que se precie, dado que la misma ha adquirido una importancia sin precedentes como resultado de la sociedad tecnológica en la que vivimos y donde la cibercriminalidad se ha disparado hasta límites insospechados (estafas en el comercio electrónico, robo de identidades, phishing, pharming y grooming, son tan sólo algunos ejemplos). Igualmente, se efectúa la delimitación legal y jurisprudencial del derecho al secreto de las comunicaciones y se analizan, pormenorizadamente, los presupuestos que han de aglutinarse para su intervención; cuestiones ambas cuyo conocimiento resulta tremendamente útil para plantear la validez o invalidez de la prueba. Asimismo, se concreta el ámbito subjetivo y objetivo de la intervención electrónica de las comunicaciones, así como su ejecución. Es decir, se determina sobre qué sujetos puede recaer la medida y qué datos son susceptibles de ser intervenidos y, todo ello, analizando la rica y variada casuística al respecto (correos electrónicos, claves IMSI e IMEI, listado de llamadas entrantes y salientes, SMS y MMS, videollamadas y videomensajes, obtención de la ip, etc.). Finalmente, se expone un tema crucial para los ejercientes del Derecho: las comunicaciones electrónicas como prueba en juicio, desarrollando una interesante guía práctica con varios supuestos que pueden suscitarse.

**Home Will Never Be the Same Again** Carol R. Hughes, Bruce R.

Fredenburg, 2020-06-22 Adult children are often overlooked and forgotten when their parents divorce later in life, but in these pages they will find comfort and understanding for the many feelings, frustrations, and challenges they face. For more than two decades, a silent revolution has been occurring and creating a seismic shift in the American family and families in other countries. It has been unfolding without much comment, and its effects are being felt across three to four generations: more couples are divorcing later in life. Called the "gray divorce revolution," the cultural phenomenon describes couples who divorce after the age of 50. Overlooked in the issues that affect couples divorcing later in life are the adult children of divorcing parents. Their voices open this book, and they are the voices of men and women, 18 to 50 years old. Some of them are single; some are married. Some have children of their own. All of them are in different stages of shock, fear, and sudden, dramatic change. In *Home Will Never Be the Same: A Guide for Adult Children of Gray Divorce*, Carol Hughes and Bruce Fredenburg share their deep understanding gained during the innumerable hours they have spent with these women and men in their clinical practices. The result is a valuable resource for these too often forgotten adult children, many of whom find that, whenever they express their feelings and experiences, the most important people in their lives frequently ignore and dismiss them. As the divorce rate for older adults soars, so too does the number of adult children who are experiencing parental divorce. Yet, these adult children frequently say that they are the only ones who are aware of what they are going through, no one understands what they are experiencing, and they

feel painfully alone.

*Merchants of Truth* Jill Abramson, 2020-02-11 Former executive editor of The New York Times and one of our most eminent journalists Jill Abramson provides a “valuable and insightful” (The Boston Globe) report on the disruption of the news media over the last decade, as shown via two legacy (The New York Times and The Washington Post) and two upstart (BuzzFeed and VICE) companies as they plow through a revolution that pits old vs. new media. “A marvelous book” (The New York Times Book Review), *Merchants of Truth* is

the groundbreaking and gripping story of the precarious state of the news business. The new digital reality nearly kills two venerable newspapers with an aging readership while creating two media behemoths with a ballooning and fickle audience of millennials. “Abramson provides this deeply reported insider account of an industry fighting for survival. With a keen eye for detail and a willingness to interrogate her own profession, Abramson takes readers into the newsrooms and boardrooms of the legacy newspapers and the digital upstarts that seek to challenge their dominance” (Vanity Fair). We get to know the defenders of the legacy presses as well as the outsized characters who are creating the new speed-driven media competitors. The players include Jeff Bezos and Marty Baron (The Washington Post), Arthur Sulzberger and Dean Baquet (The New York Times), Jonah Peretti (BuzzFeed), and Shane Smith (VICE) as well as their reporters and anxious readers. Merchants of Truth raises crucial questions that concern the well-being of our society. We are facing a crisis in trust that threatens the free press. “One of the best takes yet on journalism’s changing fortunes” (Publishers Weekly, starred review), Abramson’s book points us to the future.

Invisible Chains Lisa Aronson Fontes, 2015-03-10 When you are showered with attention, it can feel incredibly romantic and can blind you to hints of problems ahead. But what happens when attentiveness becomes domination? In some relationships, the desire to control leads to jealousy, threats, micromanaging--even physical violence. If you or someone you care about are trapped in a web of coercive control, this book provides answers, hope, and a way out. Lisa Aronson Fontes draws on both professional expertise and personal experience to help you: \*Recognize controlling behaviors of all kinds.

\*Understand why this destructive pattern occurs. \*Determine whether you are in danger and if your partner can change. \*Protect yourself and your kids. \*Find the support and resources you need. \*Take action to improve or end your relationship. \*Regain your freedom and independence.

*Biographical Objects* Janet Hoskins, 2013-09-13 In this innovative study, six women and men from Eastern Indonesia narrate their own lives by talking about their possessions-- domestic objects used to construct a coherent identity through a process of identification and self-historicizing. Janet Hoskins explores how things are given biographical significance and entangled in sexual politics, expressed in dualistic metaphors where the familiar distinctions between person and object and female and male are drawn in unfamiliar ways. *Biographical Objects* is an ethnography of persons which takes the form of a study of things, showing how the object is not only a metaphor for the self but a pivot for reflexivity and introspection, a tool for autobiographic elaboration, a way of knowing oneself through things.
