Inked Verena von Holtum, 2008 Les tatouages restent un des rares domaines où règne encore l'individualité. Cet ouvrage présente des tatouages à travers tous les genres possibles, des blagues cochonnes aux épopées complexes en plusieurs parties.

Inked: Tattoos and Body Art around the World [2 volumes] Margo DeMello, 2014-05-30 In recent decades, tattoos have gone from being a subculture curiosity in Western culture to mainstream and commonplace. This two-volume set provides broad coverage of tattooing and body art in the United States today as well as around the world and throughout human history. In the 1960s, tattooing was illegal in many parts of the United States. Today, tattooing is fully ingrained in mainstream culture and is estimated to be a multi-billion-dollar industry. This exhaustive work contains approximately 400 entries on tattooing, providing historical information that enables readers to fully understand the methods employed, the meanings of, and the motivations behind tattooing—one of the most ancient ways humans mark themselves. The encyclopedia covers all important aspects of the topic of tattooing: the major types of tattooing, the cultural groups associated with tattooing, the regions of the world where tattooing has been performed, the origins of modern tattooing in prehistory, and the meaning of each society's use of tattoos. Major historical and contemporary figures associated with

tattooing—including tattooists, tattooed people, and tattoo promoters—receive due attention for their contributions. The entries and sidebars also address the sociological movements involved with tattooing; the organizations; the media dedicated to tattooing, such as television shows, movies, magazines, websites, and books; and the popular conventions, carnivals, and fairs that have showcased tattooing.

Living Canvas Karen Hudson, 2009-09 As a tattoo specialist and writer for About.com, Hudson has talked to far too many people who regret their tattoos. Now she pens a resource for body art enthusiasts who are thinking about getting their first or fifth tattoo, planning for their next bod-mod, or regretting a negative experience.

Geek Ink Inkstinct, 2018-03-20 Get inspiration for your next tattoo from Geek Ink's collection of smart, offbeat designs from the world's most acclaimed tattoo artists!

Art on Skin Nancy Hajeski, Marcel Brousseau, Lisa Purcell, 2014-08-05 A celebration of all things tattoo, this visually appealing wealth of tattoo knowledge will have you running for the nearest tattoo artist. The twenty-first century has seen a boom in tattooing, with millions of American's—23 percent of them—boasting ink on their body. This popular pastime is not

something to be taken lightly, as there are dozens of aspects to consider when planning your ink. Art on Skin helps with that planning by detailing the different types of art, ink, and artists that pervade the industry. Using striking visuals, Art on Skin showcases the beauty of the art of tattooing and aids in the choosing of a style, with detailed descriptions of the many different styles of tattoos, including fine art, cartoon characters, wildlife, and many more. The full-color photographs within these pages will leave you with dreams of your own pieces, and stories from others who have lived the tattoo experience will keep you from stumbling upon unwelcome surprises. This is the perfect book for tattoo lovers and prospective tattoo junkies of all kinds.

Our Tattoos Adam Lockman, Ian Christensen, 2013 Following on from the top selling Our Tattoos: The Best Tattoos From the World's Best Artists - Volume 1 and Volume 2, this third volume is another full colour, stylish and jam-packed 56 pages of the world's best and most interesting tattoo artwork.
