Daily Love Mastin Kipp,2015-09-09 When Mastin Kipp found himself at rock bottom—addicted to drugs and parties, living in the tiny pool house of his ex-girlfriend's parents, jobless, and with nowhere to go—he looked to the divine for help. What he found moved him from a life filled with the excesses of Hollywood—as a manager in the music industry—to one powered by self-acceptance and service. To spread the love beyond his personal circle, Mastin started his Twitter account, @TheDailyLove (now with more than half a million followers), and his popular website, TheDailyLove.com, which features writers from many walks of life—from Russell Simmons to Wayne W. Dyer. Now Mastin has written a book based on his spiritual experiences in order to help other young seekers discover their own paths. In *Daily Love*, Mastin shares some of his personal stories of darkness and light, embracing them all as part of his journey to becoming who he really is. He also speaks of various spiritual leaders who have influenced his life, such as Joseph Campbell, Caroline Myss, Tony Robbins, George Lucas, Oprah, his parents, and Jenna (his girlfriend). Giving details about the concepts and spiritual principles they put forth, he shows how these people have helped to guide him to success.

Poems 1962-2012 Louise Glück,2014-07-08 It is the astonishment of Louise Glück's poetry that it resists collection. With each successive book her drive to leave behind what came before has grown more fierce, the force of her gaze fixed on what has yet to be imagined. She invented a form to accommodate this need, the book-length sequence of poems, like a landscape seen from above, a novel with lacunae opening onto the unspeakable. The reiterated yet endlessly transfigured elements in this landscape—Persephone, a copper beech, a mother and father and sister, a garden, a husband and son, a horse, a dog, a field on fire, a mountain—persistently emerge and reappear with the dark energy of the inevitable, shot through with the bright aspect of things new-made. From the outset (*Come here / Come here, little one*), Glück's voice has addressed us with deceptive simplicity, the poems in lines so clear we do not see the intervening fathoms. From within the earth's bitter disgrace, coldness and barrenness my friend the moon rises: she is beautiful tonight, but when is she not beautiful? To read these books together is to understand the governing paradox of a life lived in the body and of the work wrested from it, the one fated to die and the other to endure.

Now We Have Your Attention Jack Shenker,2019-09-19 'One of the most important and compelling books I've ever read...If you want to understand why we are in this crisis, listen to the voices all too often airbrushed from the political conversation' Owen Jones *Now We Have Your Attention* makes sense of what is happening in British politics by taking a radically different perspective: the people's. From a warehouse in Manchester to a pub in Essex, from the outskirts of Glasgow to a racecourse in Durham, Jack Shenker uncovers the root causes of our current crisis and the future direction of British politics through the lives of ordinary individuals. Taking us deep into communities hollowed out by austerity and decades of economic disadvantage, among a generation crippled by precarious work and unaffordable housing, he shows where the chaos at Westminster ultimately springs from - and how disillusionment with it is fuelling a passionate engagement with politics of a completely different kind: local, personal, effective and utterly fearless. Joining a 'McStrike' protest on a roundabout in Cambridge and a gathering of the London Renters' Union in the

aftermath of Grenfell, meeting hard-right bloggers in Newcastle and climate change protesters in Brighton, Shenker draws on exceptional access to campaign groups, activist movements and grassroots gatherings throughout the country - including unique access to Momentum, who have re-radicalised the Labour party from the outside in - to introduce us to the citizens and leaders of tomorrow: people who are changing things for themselves. Inspiring and terrifying in equal measure, *Now We Have Your Attention* uncovers a revolutionary transformation in attitudes and behaviour, and a future that will shape us all.

The Hour of Land Terry Tempest Williams,2016-05-31 America's national parks are breathing spaces in a world in which such spaces are steadily disappearing, which is why more than 300 million people visit the parks each year. Now Terry Tempest Williams, the author of the environmental classic *Refuge* and the beloved memoir *When Women Were Birds*, returns with *The Hour of Land*, a literary celebration of our national parks, an exploration of what they mean to us and what we mean to them. From the Grand Tetons in Wyoming to Acadia in Maine to Big Bend in Texas and more, Williams creates a series of lyrical portraits that illuminate the unique grandeur of each place while delving into what it means to shape a landscape with its own evolutionary history into something of our own making. Part memoir, part natural history, and part social critique, *The Hour of Land* is a meditation and a manifesto on why wild lands matter to the soul of America.

Fiction Writer's Workshop Josip Novakovich,1995-02-15 In a clear and lively style, with rich literary references from classic and contemporary fiction, Novakovich teaches you how to: uncover ideas worth writing about; evoke a vivid sense of place and time; invent believable characters for your fiction; support your story with strong organization and structure; tell your story from the best viewpoint; direct your dramatic action; open and close with power and grace; choose expressive details; write with a commanding narrative voice; and transform your first draft into finished, polished fiction. At the end of each chapter, a dozen or more unique writing exercises (each with a clear objective statement to focus your efforts) will help you put what you learn into action, while exploring new ideas, approaches and genres. After you complete each exercise, check questions will help you review what you've done - so that you may revise or rewrite. Encouraging real improvement over negative self-criticism, Novakovich helps you gain a more productive sense of where you can write one more line that will add life to what you already have down - or where you can delete a line that may obscure your readers' view. He helps you develop day-to-day self-discipline. And perhaps most important, he respects and encourages your development of personal style. I will give you a lot of advice, he says, but you need not take it. As a writer, Novakovich knows that the strongest fiction emerges from your own choices and directions. *Fiction Writer's Workshop* gives you clear, firsthand understanding of the elements of fiction . . . so you can make more informed choices and your fiction more successful.
