Fun Free Fabulous Tel Aviv (Israel),2011

Independence Park Amir Sumaka?i Fink,Jacob Press,1999

Independence Park, Tel Aviv, is the best-known meeting place for gay men in Israel, and the hope for independence is the dominant theme of this wide-ranging collection of personal narratives told in the voices of 12 gay men who represent a cross-section of contemporary Israeli society.

Lesbian Geographies Kath Browne,Eduarda Ferreira,2016-03-03 It has long been recognised that the spatialisation of sexual lives is always gendered. Sexism and male dominance are a pervasive reality and lesbian issues are rarely afforded the same prominence as gay issues. Thus, lesbian geographies continue to be a salient axis of difference, challenging the conflation of lesbians and gay men, as well as the trope that homonormativity affects lesbians and gay men in the same ways. This volume explores lesbian geographies in diverse geographical, social and cultural contexts and presents new approaches, using English as a working language but not as a cultural framework. Going beyond the dominant trace of Anglo-American perspectives of research in sexualities, this book presents research in a wide range of countries including Australia, Argentina, Israel, Canada, USA, Russia, Poland, Spain, Hungary and Mexico.

A Gay Synagogue in New York Moshe Shokeid,2002-11-29

Explores the dramatic true story of a group of gay and lesbian Jews confronting questions of sexual identity within a traditional religious framework in the creation of the largest gay congregation.

Israel/Palestine and the Queer International Sarah

Schulman,2012-10-12 At once a memoir, a call to support the Boycott, Divestment and Sanctions movement, and an argument for queer solidarity across borders, this book tells the story of how novelist and activist Sarah Schulman's became aware of how issues of the Israeli occupation of Palestine were tied to her own gay and lesbian politics.

Handbook of LGBT Tourism and Hospitality Jeff Guaracino,Ed

Salvato,2017-05-16 To research this book, the authors traveled to six continents, interviewed nearly a hundred industry experts, and analyzed multiple emerging trends among LGBT travelers. The Handbook of LGBT Tourism and Hospitality is an easy-to-read, practical, and relevant guidebook with a simple goal: to help marketing professionals, business owners, and allied professionals compete in the increasingly competitive global LGBT travel and hospitality industry.

Queer Jews David Shneer,Caryn Aviv,2013-12-02 Queer Jews

describes how queer Jews are changing Jewish American culture, creating communities and making room for themselves, as openly, unapologetically queer and Jewish. Combining political analysis and personal memoir, these essays explore the various ways queer Jews are creating new forms of Jewish communities and institutions, and demanding that Jewish communities become more inclusive.

Between Sodom and Eden Lee Walzer, 2000 Walzer explores how, within a decade, Israel has evolved from a society that marginalized homosexuals to one that offers some of the most extensive legal protections in the world.

Queer in Israel Frederik Schindler, Arye Sharuz Shalichar, 2018-09
Kosher Meat Lawrence Schimel, 2000 Explicit short fiction exploring the intersection of Jewish identity and gay sexuality. From a tale of an ex-porn actor who lives across from a yeshiva, the creation of a golan, a visit to the Holocaust Museum, to cruising in Tel Aviv, these stories run the gamut of both Jewish and gay subcultures. These tales of love and lust--often poignant, but with a dash of chutzpah and camp--will enlighten, delight, arouse, and inspire the reader, while pushing the limits.

A Quantum City Ludger Hovestadt, Vera Bühlmann, 2015-06-16 We know the specific strengths of various cities, are aware of their ranking, are able to discuss their density and growth. But what do all cities have in common, what do we know about the “lowest common denominator”? The “city as a species”, the “primal genetic material of the city”: this is the subject of *A Quantum City*. This colossal work is a love letter to the city and intellectual culture. We follow the fictional narrative figure, Orlando, beginning in 320 BC, on his odyssey through the Western world up to the present time. The book is divided into four interrelated chapters and can be read page by page

in a discursive manner, however randomly browsing through the book also offers new and multi-faceted interpretations. Great intellectual achievements are compared with obscure and mundane events. A Quantum City offers an inspiring view of the city that is in us and around us.

International Congress Calendar ,1994

The Routledge Research Companion to Geographies of Sex and Sexualities Gavin Brown,Kath Browne,2016-05-20 Comprehensive and authoritative, this state-of-the-art review both charts and develops the rich sub-discipline geographies of sexualities, exploring sex-gender, sexuality and sexual practices. Emerging from the desire to examine differences and exclusions as a key aspect of human geographies, these geographies have engaged with heterosexual and queer, lesbian, gay, bi and trans lives. Developing thinking in this area, geographers and other social scientists have illustrated the centrality of place, space and other spatial relationships in reconstituting sexual practices, representations, desires, as well as sexed bodies and lives. This book reviews the current state of the field

and offers new insights from authors located on five continents. In doing so, the book seeks to draw on and influence core debates in this field, as well as disrupt the Anglo-American hegemony in studies of sexualities, sexes and geographies. This volume is the definitive collection in the area, bringing together many international leaders in the field, alongside scholars that are well-established outside the Anglophone academy, and many emerging talents who will lead the field in the decades to come.
