Aphasia Mauro Javier Cárdenas,2020-11-03 Mauro Javier Cárdenas, the critically-acclaimed author of The Revolutionaries Try Again—"an original, insubordinate novel" (New York Times)—pens a profound story of literature about a man coming to terms with his dysfunctional Colombian family, as well as his own behavior, as an immigrant in America. Antonio wants to avoid thinking about his sister—even though he knows he won't be able to avoid thinking about his sister—because his sister is on the run after allegedly threatening to shoot her neighbors, and has been

claiming that Antonio, Obama, the Pentagon, and their mother are all conspiring against her. Nevertheless, Antonio is going to try his best to be as avoidant as possible, because he worries that what's been happening to his sister might somehow infect his relatively contented, ordered American life, and destabilize the precarious arrangement with his ex-wife that's allowed him to stay close to his two daughters. In fact, he's busy doing everything except facing his problems head-on: transcribing recordings of his mother speaking about their troubled life in Colombia, transcribing recordings of his ex-wife speaking about her idyllic life in the Czech Republic; writing about former girlfriends whose words and deeds still recur in his mind; rereading stories by American writers that allow him to skirt the subject of his sister's state of mind without completely destroying his own. Written in long, unravelling sentences that accommodate all the detritus of thought—scenes real and imagined, headphones and heartache, Toblerones and Thomas Bernhard—Aphasia captures the immensity of the present moment as well as the pain of the past. It cements Mauro Javier Cárdenas's place as one of the most innovative and extraordinary novelists working today.

Blood Gun Money Ioan Grillo,2021-02-23 “An eye-opening and riveting account of how guns make it into the black market and into the hands of criminals and drug lords.”--Adam Winkler From the author of *El Narco* and winner of the Maria Moors Cabot Prize, a searing investigation into the enormous black market for firearms, essential to cartels and gangs in the drug trade and contributing to the epidemic of mass shootings. The gun control debate is revived with every mass shooting. But far more people die from gun deaths on the street corners of inner city America and across the border as Mexico's powerful cartels battle to control the drug trade. Guns and drugs aren't often connected in our heated discussions of gun control-but they should be. In Ioan Grillo's groundbreaking new work of investigative journalism, he shows us this connection by following the market for guns in the Americas and how it has made the continent the most murderous on earth. Grillo travels to gun manufacturers, strolls the aisles of gun shows and gun shops, talks to federal agents who have infiltrated biker gangs, hangs out on Baltimore street corners, and visits the ATF gun tracing center in West Virginia. Along the way, he details the many ways that legal guns can cross over into the black market and into the hands of criminals, fueling violence here and south of the border. Simple legislative measures would help close these loopholes, but America's powerful gun lobby is uncompromising in its defense of the hallowed Second Amendment. Perhaps, however, if guns were seen not as symbols of freedom, but as key accessories in our epidemics of addiction, the conversation would shift. *Blood Gun Money* is that conversation shifter.

Manhunters Steve Murphy,Javier F. Peña,2019-11-12 For the first time, legendary DEA operatives Steve Murphy and Javier F. Peña tell the true story of how they helped put an end to one of the world's most infamous narco-terrorists in *Manhunters: How We Took Down Pablo Escobar*—the subject of the hit Netflix series, *Narcos*. Colombian drug lord Pablo Escobar's brutal Medellín Cartel was responsible for trafficking tons of cocaine to North America and Europe in the 1980s and '90s. The nation became a warzone as his sicarios mercilessly murdered thousands of people—competitors, police, and civilians—to ensure he remained Colombia's reigning kingpin. With billions in personal income, Pablo Escobar bought off politicians and lawmen, and became a hero to poorer communities by building houses and sports centers. He was nearly untouchable despite the efforts of the Colombian National Police to bring him to justice. But Escobar was also one of America's most wanted, and the Drug Enforcement Administration was determined to see him pay for his crimes. Agents Steve Murphy and Javier F. Peña were assigned to the Bloque de Búsqueda, the joint Colombian-U.S. taskforce created to end Escobar's reign of terror. For eighteen months, between July 1992 and December 1993, Steve and Javier lived and worked beside Colombian authorities, finding themselves in the crosshairs of sicarios targeting them for the \$300,000 bounty Escobar placed on each of their heads. Undeterred, they risked the dangers, relentlessly and ruthlessly separating the drug lord from his resources and allies, and tearing apart his empire, leaving him underground and on the run from enemies on both sides of the law. *Manhunters* presents Steve and Javier's history in law enforcement from their rigorous physical training and their early DEA assignments in Miami and Austin to the Escobar mission in Medellín, Colombia—living far from home and serving as frontline soldiers in the never ending war on drugs that continues to devastate America.
