The Behavior of Love Virginia Reeves,2019-05-14 An incredibly compulsive, poignant exploration of marriage, lust, and ambition from one of America's great young literary talents, the Man-Booker Prize longlisted author of Work Like Any Other. Doctor Ed Malinowski believes he has realized most of his dreams. A passionate, ambitious behavioral psychiatrist, he is now the superintendent of a mental institution and finally turning the previously crumbling hospital around. He also has a home he can be proud of, and a fiercely independent, artistic wife Laura, whom he hopes will soon be pregnant. But into this perfect vision of his life comes Penelope, a beautiful, young epileptic who should never have been placed in his institution and whose only chance at getting out is Ed. She is intelligent, charming, and slowly falling in love with her charismatic, compassionate doctor. As their relationship grows more complicated, and Laura stubbornly starts working at his hospital, Ed must weigh his professional responsibilities against his personal ones, and find a way to save both his job and his family. A love triangle set in one of the most chaotic, combustible settings imaginable, The Behavior of Love is wise, riveting, and deeply resonant.

**Tell Me Where It Hurts** Nick Trout,2009-03-03 From the front lines of modern medicine, Tell Me Where It Hurts is a fascinating insider portrait of a veterinarian, his furry patients, and the blend of old-fashioned instincts and cutting-edge technology that defines pet care in the twenty-first century. For anyone who’s ever wondered what goes on behind the scenes at your veterinarian’s office, Tell Me Where It Hurts offers a vicarious journey through twenty-four intimate, eye-opening, heartrending hours at the premier Angell Animal Medical Center in Boston. You’ll learn about the amazing progress of modern animal medicine, where organ transplants, joint replacements, and state-of-the-art cancer treatments have become more and more common. With these technological advances come controversies and complexities that Dr. Trout thoughtfully explores, such as how long (and at what cost) treatments should be given, how the Internet has changed pet care, and the rise in cosmetic surgery. You’ll also be inspired by the heartwarming stories of struggle and survival filling these pages. With a wry and winning tone, Dr. Trout offers up hilarious and delightful anecdotes about cuddly (or not-so-cuddly) pets and their variously zany, desperate, and demanding owners. In total, Tell Me Where It Hurts offers a fascinating portrait of the comedy and drama, complexities and rewards involved with loving and healing animals. Part ER, part Dog Whisperer, and part House, this heartfelt and candid book shows that while the technology has changed since James Herriot’s day, the humanity and compassion remains unchanged. If you’ve ever had a pet or special place in your heart for furry friends, Dr. Trout’s irresistible book is for you.

A Good Man Who Came Out of Nazareth Ellis A. Hudgins,2009-09 In 15 years as a sixth-grade Sunday school director, Ellis Hudgins searched bookstores and libraries for an engaging, age-appropriate book to help teach his students about the life of Jesus. He never found one, and this book is his contribution to fill that void. A Good Man Who Came out of Nazareth is based on a one-year adult study Hudgins developed and taught at his church. Several of his sixth-grade students provided valuable criticisms of the draft that are reflected in the final text. Hudgins has worked with junior high through college-age students for more than 40 years as both a Sunday school teacher and director, creating lesson programs and support materials for the teachers in his departments. His first book translates the Bible truths he assembled for adult study in language that a junior high student can read and readily understand. Hudgins taught American history for 14 years at Texas A&M and at the University of Houston, primarily in evening classes. Throughout his career he worked in various design positions in construction technology for the petrochemical industry. After leaving the teacher's desk for four years he was invited back to the University of Houston to teach engineering graphics for an additional six years. Now

retired, Hudgins continues to teach Sunday school in the College and Career class of his church in Bellville, Texas. A native of Houston, Ellis is married to Betty, whom he met one summer when he formed a youth choir at his home church. They have four adult sons and six grandchildren. Hudgins earned his Bachelor of Arts degree in history and religion and a Master of Arts in history from Baylor University. He completed his Bachelor of Divinity at Southwestern Baptist Seminary and remained there for an additional year of post-graduate study
