Stan Beck,Jack Wilkinson

The Iron Men of Sewanee Ken Mink,2013-09-18 This is the true story of how a small East Tennessee university with 326 students became America's all-time greatest football team and achieved records that likely will never be surpassed. Sewanee University, also known as The University of the South, in 1899 compiled an unbeaten season, with only one team scoring on them. And the team completed the most amazing journey in sports history, travelling more than 2,000 miles in one week and playing games against five of the nation's most respected major university teams, winning them all by shutouts. In 2012 Sewanee was named America's all-time greatest college football team by The College Football Hall of Fame.

East Tennessee State University Football L. Thomas Roberts,Jerry Robertson,Buc Football and Friends Foundation,2007 From the beginning, East Tennessee State University has placed great emphasis on creating a football program that would give their studentathletes training unlike any other for sportsmanship, leadership, and academic excellence. During its 80 years, the football program grew from barely fielding enough able-bodied students to going undefeated and winning its first bowl game. Although the program was discontinued after the 2003 season, there is a renewed commitment by the university to restore the program and its strong traditions with the help of the community and groups like the Buc Football and Friends Foundation.

Economics, Management and Optimization in Sports Sergiy Butenko,Jaime Gil-Lafuente,Panos M. Pardalos,2013-06-29 Ever since the first Olympic Games in Ancient Greece, sports have become an integral part of human civilization. The last decade has been commemorated by the centennial celebration of the modern Olympic movement. With great anticipation, the Olympics return to Athens, Greece, and we are once again reminded that we live in one of the most exciting periods in the history of sports. Reflecting back on my years of service as the International Olympic Committee president, I cannot overlook the remarkable changes that have taken place in the world of sports during these two decades. The technological development and consequent globalization of the world economy opened up a window of new opportunities for the sports industry. As a result, management, economics, and other sciences have become a significant part of modern sports. It is my pleasure to introduce this volume comprising an interesting collection of papers dealing with various aspects of management, economics and optimization applied to sports. May this book serve as a valuable source of information to researchers and practitioners as well as to casual readers looking for a deeper insight into the magnificent world of sports.
