**Bikini Beach Terror** Kristoffer Wolff,2021-08-19 Paranormal, LLC are a trio of attractive young women trying to make it as ghost hunters. However, most of their threats are earthly rather than spiritual. Gloria, Angie, and Lián's second case involves some strange goings-on at a beachside home under renovation. Despite Gloria's best efforts, Angie and Lián are more interested in beach time than ghost-hunting. Gloria finally gives in and lets the other two have some R&R before starting work. When they return, however, their luggage is missing along with the keys to their van. Things go from bad to worse as the team begin disappearing. Oh, and the phantom of a recently-deceased woman is walking around, too. Is she the source of Paranormal, LLC's problems, or is it something else entirely?

**Counter Terrorism and Social Cohesion** Alperhan Babacan,Hussein Tahiri,2011-08-08 This book critically examines Australia's counter terrorism measures by looking at the country's legislative framework within the context of an international law framework and norms relating to human rights. It discusses the Australian governments justifications for the war on terrorism and sociological theories relating to 'risk society' as a way to explain Australia's counter terrorism policies and the impact of the war on terror on social cohesion in Australia. It looks at the adverse impacts of the war on terror on Muslims in Australia and their sense of belonging in a multicultural society and analyses these developments from a sociological perspective. The book also explores the recent shift in the Australian governments' approach to countering terrorism, a shift from a coercive approach to tackling terrorism to a community engagement approach focused on building relationships and trust with Australia's diverse communities, particularly the Muslim community.

**Australia's 'war on terror' Discourse** Kathleen Gleeson,2016-04-08 Too often, existing literature has conflated the discourses that enabled the 'War on Terror', ignoring the contextual specificities of the states that make up the 'Coalition of the Willing'. Australia's 'war on terror' Discourse fills this gap by providing a full and sustained critical analysis of Australian foreign policy discourse along with the theoretical synthesis for a specific model of critical discourse analysis of the subject. The language of then Prime Minister Howard is the primary focus of the book but attention is also paid to the language of key ministers, political opponents and other prominent actors. The voices of those who challenged the dominant discourse are also considered to shed light on the ways in which discourses can be destabilised. Kathleen Gleeson shows how Howard successfully invoked narratives of identity and sovereignty that resonated with his audience and promoted his reworked narrative of Australia whilst facing dissent from many actors who voiced their opposition most successfully when they capitalised on inconsistencies within the discourse.

**The Terror Dream** Susan Faludi,2007-10-02 In this original examination of America's post-9/11 culture, journalist Faludi shines a light on the country's psychological response to the attacks of that terrible day. Turning her observational powers on the media, popular culture, and political life, Faludi unearths a barely acknowledged societal drama shot through with baffling contradictions. Why, she asks, did our culture respond to an assault against American global dominance with a frenzied summons to restore traditional manhood, marriage, and maternity? Why did we react as if the hijackers had targeted not a commercial and military edifice but the family home and nursery? The answer, she finds, lies in a historical anomaly unique to the American experience: the nation was forged in traumatizing assaults by nonwhite barbarians on town and village. That humiliation lies concealed under a myth of cowboy bluster and feminine frailty, which is reanimated whenever threat and shame looms.--From publisher description.

**Coming Back to a Theater Near You** Brian Hannan,2016-06-05 In the Silent Era, film reissues were a battle between rival studios--every Mary Pickford new release in 1914 was met with a Pickford re-release. For 50 years after the Silent Era, reissues were a battle between the studios, who considered old movies "found money," and cinema owners, who often saw audiences reject former box office hits. In the mid-1960s, the return of The Bridge on the River Kwai (1957)--the second biggest reissue of all time--altered industry perceptions, and James Bond double features pushed the revival market to new heights. In the digital age, reissues have continued to confound the critics. This is the untold hundred-year story of how old movies saved new Hollywood. Covering the booms and busts of a recycling business that became its own industry, the author describes how the likes of Charlie Chaplin, Humphrey Bogart and Alfred Hitchcock won over new generations of audiences, and explores the lasting appeal of films like Napoléon (1927), Gone with the Wind (1939), The Rocky Horror Show (1975) and Blade Runner (1982).

The author has revised much of the information from the two previous editions and has added several more performers to the lineup of horror film stars. The performers are given well rounded career bios and detailed horror film write-ups, with complete filmographies provided for those most associated with horror, science fiction, and fantasy movies, and genre-oriented filmographies for the lesser stars.

**Women on Waves** Jim Kempton, 2021-07-06 A captivating look at two centuries of surfing—the Sport of Queens—from Native Hawaiian royalty to the breakout style and jaw-dropping feats on the waves today. Few subjects in the world of sports and or the outdoors is more timely or compelling than women’s surfing. From smart, strong, fearless women shattering records on 80-foot waves to professional athletes fighting for equal pay and a more fair and just playing field, these amazing, wave-riding warriors provide an inspirational and aspirational cast of powerful role models for women (and men) across all backgrounds and generations. Over the past two-hundred years, and especially the past five decades, the surfing lifestyle have become the envy of people around the world. The perception of sun, sand, surf, strong young women and their inimitable style, has created a booming lifestyle and sports industry—and the sport that is set to make it’s Olympic exhibition debut in Tokyo 2021. A massive shift from when colonizers tried to extinguish all traces of Native Hawaiian surfing and its sacred culture. What is it about the surfing that intrigues people of all ages, from all corners of the world? The beaches and idyllic locations? The unique style and mystique that surfers project? These women, on the beach and riding giant waves, or in the media, have made their mark on not just their sport, but our wider culture. *Women on Waves* is filled with phenomenal athletic performance, breakthrough female achievements, and plenty of inspiration and fun to see us through until the time when we can all hit the surf once more! Spanning a millennia, From Hawaii to Malibu, New York to Australia, South Africa to the South Pacific and beyond, Jim Kempton presents a fascinating new narrative that will captivate anyone who loves sports and the outdoors.

**The Persistence of Whiteness** Daniel Bernardi, 2007-09-12 The Persistence of Whiteness investigates the representation and narration of race in contemporary Hollywood cinema. Ideologies of class, ethnicity, gender, nation and sexuality are central concerns as are the growth of the business of filmmaking. Focusing on representations of Black, Asian, Jewish, Latina/o and Native Americans identities, this collection also shows how whiteness is a fact everywhere in contemporary Hollywood cinema, crossing audiences, authors, genres, studios and styles. Bringing together essays from respected film scholars, the collection covers a wide range of important films, including *Guess Who’s Coming to Dinner*, *The Color Purple*, *Star Wars* and *The Lord of the Rings*. Essays also consider genres from the western to blaxploitation and new black cinema; provocative filmmakers such as Melvin Van Peebles and Steven Spielberg and stars including Whoopi Goldberg and Jennifer Lopez. Daniel Bernardi provides an in-depth introduction, comprehensive bibliography and a helpful glossary of terms, thus providing students with an accessible and topical collection on race and ethnicity in contemporary cinema.

**Nightmare Movies** Kim Newman, 2011-04-18 Now over twenty years old, the original edition of *Nightmare Movies* has retained its place as a true classic of cult film criticism. In this new edition, Kim Newman brings his seminal work completely up-to-date, both reassessing his earlier evaluations and adding a second part that assess the last two decades of horror films with all the wit, intelligence and insight for which he is known. Since the publication of the first edition, horror has been on a gradual upswing, and taken a new and stronger hold over the film industry. Newman negotiates his way through a vast back-catalogue of horror, charting the on-screen progress of our collective fears and bogeymen from the low budget slasher movies of the 60s, through to the slick releases of the 2000s, in a critical appraisal that doubles up as a genealogical study of contemporary horror and its forebears. Newman invokes the figures that fuel the ongoing demand for horror - the serial killer; the vampire; the werewolf; the zombie - and draws on his remarkable knowledge of the genre to give us a comprehensive overview of the modern myths that have shaped the imagination of multiple generations of cinema-goers. *Nightmare Movies* is an invaluable companion that not only provides a newly updated history of the darker side of film but a truly entertaining guide with which to discover the less well-trodden paths of horror, and re-discover the classics with a newly instructed eye.
