Daniel F McAuley

Vital Statistics of the United States 2008 Mary Meghan Ryan,2009-02-16 This Bernan Press title fills the gap created when the National Center for Health Statistics ceased publication of its Vital Statistics compendia in 1992. This volume includes both current and historical statistics and, when appropriate, details by state and metropolitan area and comparisons to foreign countries. Equal emphasis is given to data on natality and mortality. Mortality data is supplemented by selected background statistics on high-risk persons, such as smokers, patients with HIV, diabetics, and persons with heart disease. New to the third edition are expanded subsections on health expenditures and health insurance.

National Vital Statistics Reports National Center for Health Statistics (U.S.),2007 This periodical publishes birth, death, marriage, and divorce provisional statistics for the United States.

**Fundamentals of Machine Design** Waldemar Karaszewski,2011-09-21 Volume is indexed by Thomson Reuters BCI (WoS). A forum of researchers, educators and engineers involved in various aspects of Machine Design provided the inspiration for this collection of peer-reviewed papers. The resultant dissemination of the latest research results, and the exchange of views concerning the future research directions to be taken in this field will make the work of immense value to all those having an interest in the topics covered. The book reflects the cooperative efforts made in seeking out the best strategies for effecting improvements in the quality and the reliability of machines and machine parts and for extending their fields of application.
